The Net Warriors:

The Net Warriors: Computecnic Book 1 Lindsey R Hall, 2023-04-28 Nic Granger didn't plan to save the world. He just wanted to play The Three Kings of Orr online and defeat the Deceiver. The Deceiver was the land of Orr's nastiest villain and had other ideas. He escaped into the real world when the man who invented inter-reality chips actually made one work. When Nic realises he has the chip that created the Deceiver, an amazing journey begins through Orr, the internet, and the world of his own street. With the help of best friend Frog, younger sister Emily, the knight Riddith, and Princess Rhea, The Net Warriors are born. Follow their adventures to the End of Time as they try to find the Deceiver and put the worlds of reality and inter-reality back together before the Deceiver finds them and changes the world forever. **Web Warriors** Bruce

Johnstone, 2000-03-16 We seek the truth. We speak the truth. We wish the truth. We, the Web Warriors, control our own lives. This is the creed of the Web Warriors. And this is the story of five young teenagers' adventures who decide to challenge The Authority at the brink of the 24th century. Let your mind skip ahead three hundred years and follow Zeppa as she starts to have strange remembrances when she awakes. What will she make of the riddle that appears on her network computer screen as she tries to pass her initiation and become a Web Warrior herself? It doesn't look like the regular scare of a Monitor. It's more like the ancient tale of a message in a bottle. A message that leads to a chase. A chase inside their own heads and a chase that leads down a slippery path to confrontation and discovery about their totally controlled world. Is there room left to dream? Follow the Web Warriors on their adventures and discover for yourself.
