Voyages of Discovery Barry Keith Grant,2023-05-16

Frederick Wiseman is America's foremost chronicler of public institutions. His films have focused on city, state and local governments, hospitals, asylums, creative organizations and museums, schools, libraries and more. In recent years, Wiseman's work has reached a new level of popularity with films such as *In Jackson Heights* (2015), *Monrovia, Indiana* (2018) and *City Hall* (2020), all earning widespread acclaim. *Voyages of Discovery* is the definitive account of Wiseman's career, offering a comprehensive analysis of the work of the leading documentary filmmaker in the United States. In this updated edition, Barry Keith Grant adds new material exploring the documentarian's works since the 1990s, discussing every film in Wiseman's remarkable sixty-year career. He examines the core concerns running across Wiseman's work, from the early films which focus on documenting institutional failure through an expanding interest in cultural institutions and ideology to a blossoming embrace of democracy in later films. He pays particular attention to Wiseman's strategies for involving and implicating the spectator in the institutional processes the films document. Grant also places Wiseman within the history of the documentary and other traditions of American art, and considers the relationship between documentary film and authorship. *Voyages of Discovery* is an important book for anyone interested in Wiseman's work or how documentary film can reveal the fabric of our shared civic life.

Canadian Film and Video Loren R. Lerner,1997-01-01 This extensive bibliography and reference guide is an invaluable resource for researchers, practitioners, students and anyone with an interest in Canadian film and video. With over 24,500 entries, of which 10,500 are annotated, it opens up the literature devoted to Canadian film and video at last, making it readily accessible to scholars and researchers. Drawing on both English and French sources, it identifies books, catalogues, government reports, theses and periodical and newspaper articles from Canadian and non-Canadian publications from the first decade of the twentieth century to 1989. The work is bilingual; descriptive annotations are presented in the language(s) of the original publication. *Canadian Film and Video: Film et Vidéo Canadien* provides an in-depth guide to the work of over 4,000 individuals working in film and video and 5,000 films and videos. The entries in Volume I cover topics such as film types, the role of government, laws and legislation, censorship, festivals and awards, production and distribution, companies, education, cinema buildings, women and film and video art. A major section covers filmmakers, video artists, cinematographers, actors, producers and various other film people. Volume II presents an author index, a film and video title index and a name and subject index. In the tradition of the highly acclaimed publication *Art and Architecture in Canada*, these volumes fill a long-standing need for a comprehensive reference tool for Canadian film and video. This bibliography guides and supports the work of film historians and practitioners, media librarians and visual curators, students and researchers and members of the general public with an interest in film and video.
