The New Enthusiasts:

The Enthusiast William Cook Miller, 2023-07-15 The Enthusiast tells the story of a character type that was developed in early modern Britain to discredit radical prophets during an era that witnessed the dismantling of the Church of England's traditional means for punishing heresy As William Cook Miller shows the caricature of fanaticism here called the Enthusiast began as propaganda against religious dissenters especially working class upstarts but was adopted by a range of writers as a literary vehicle for exploring profound problems of spirit soul and body and as a persona for the ironic expression of their own prophetic illuminations Taking shape through the public and private writings of some of the most insightful authors of seventeenth century Britain Henry More John Locke the Third Earl of Shaftesbury Mary Astell and Jonathan Swift among others the Enthusiast appeared in various guises and literary modes By attending to this literary being and its animators The Enthusiast establishes the figure of the fanatic as a bridge between the Reformation and the Enlightenment showing how an incipient secular modernity was informed by not the rejection of religion but the transformation of the prophet into something sparkling witty ironic and new The new book of the dog; a comprehensive natural history of British Robert Leighton, 1907 *Rugby Unleashed: The Ultimate Guide for Fans and Enthusiasts* Alex Jones, 2024-07-03 Struggling to fully understand the game of rugby Do you find yourself lost in the rules strategies and culture of this thrilling sport Look no further Rugby Unleashed The Ultimate Guide for Fans and Enthusiasts is here to transform you into a knowledgeable and passionate rugby fan This comprehensive guide is packed with everything you need to know about rugby from the basics to advanced tactics Discover the benefits of reading this book Master the Rules Simplified explanations of rugby rules and regulations Know the Legends Profiles of iconic players and historic teams Understand the Culture Dive into the unique traditions and fan experiences Analyze the Game Learn how to watch and understand rugby matches like a pro Get Involved Tips on joining clubs playing the game and supporting your team Why is this book the perfect answer for those eager to learn more about rugby Rugby Unleashed is designed to be beginner friendly making it accessible to new fans while still offering valuable insights for seasoned enthusiasts With engaging content fun facts and exclusive interviews this book makes learning about rugby enjoyable and exciting Call to Action Don't miss out on the chance to become a true rugby aficionado Get your copy of Rugby Unleashed today and unlock the secrets of the game Embrace the knowledge join the community and enjoy the sport like never before Your journey to becoming a happier more informed rugby fan starts here Simplified rules and regulations Profiles of legendary players and teams Insights into rugby culture and traditions Strategies and tactics for understanding the game Tips for getting involved in rugby communities Exclusive interviews with rugby legends Fun facts and trivia A comprehensive glossary of rugby terms Resources for further learning Inspirational fan stories *The Enthusiast's Guide to Portraiture* Jerod Foster, 2016-10-24 If you're a passionate photographer and you're ready to take your work to the next level The Enthusiast's Guide book series was created just for you Whether you're diving head first into a

new topic or exploring a classic theme Enthusiast s Guides are designed to help you quickly learn more about a topic or subject so that you can improve your photography These handy books don t waste your time covering all the photography basics you already know Instead they build on that knowledge so you can quickly advance your photography skills The Enthusiast s Guide to Portraiture 59 Photographic Principles You Need to Know addresses what you need to know in order to create great portraits in natural light Chapters are broken down into a series of numbered lessons with each lesson providing all you need to improve your photography Divided into eight chapters that include 59 photographic lessons to help you shoot great portraits photographer and author Jerod Foster covers equipment setup light composition posing color storytelling and post processing Example lessons include 8 Choosing a Lens and Focal Length 10 Minimum Sustaining Shutter Speed 13 The Three Degrees of Diffusion 17 Modifying Natural Light 21 Framing Your Subject 29 Composing for Design 33 The Nose and Cheek Line 36 Working with Groups 38 Letting Color Direct the Eye 45 Creating Shot Lists Written in a friendly and approachable manner and illustrated with examples that drive home each lesson The Enthusiast s Guide to Portraiture is designed to be effective and efficient friendly and fun Read an entire chapter at once or read just one topic at a time With either approach you ll quickly learn a lot so you can head out with your camera to capture great shots **Shakespeare's**

Fans Johnathan H. Pope, 2019-12-05 This book examines Shakespearean adaptations through the critical lens of fan studies and asks what it means to be a fan of Shakespeare in the context of contemporary media fandom Although Shakespeare studies and fan studies have remained largely separate from one another for the past thirty years this book establishes a sustained dialogue between the two fields In the process it reveals and seeks to overcome the problematic assumptions about the history of fan cultures Shakespeare s place in that history and how fan works are defined While fandom is normally perceived as a recent phenomenon focused primarily on science fiction and fantasy this book traces fans practices back to the eighteenth century particularly David Garrick s Shakespeare Jubilee in 1769 Shakespeare s Fans connects historical and scholarly debates over who owns Shakespeare and what constitutes an appropriate adaptation of his work to online fan fiction and commercially available fan works Curing the Mischiefs of Faction Austin Ranney, 2023-04-28 Curing the Mischiefs of Faction Party Reform in America offers a profound exploration of the history and challenges of political party reform in the United States Originating from the Jefferson Memorial Lectures at UC Berkeley the book examines pivotal moments of transformation from the end of congressional caucuses for presidential nominations in the 1820s to the groundbreaking McGovern Fraser reforms of the 1970s By intertwining historical narrative with insights from the author s direct involvement in party reform efforts the book illuminates how these changes have shaped and been shaped by the broader dynamics of American democracy Rather than following a strict chronological approach the book organizes its discussion around recurring themes and enduring debates in party reform This structure highlights the persistent tensions between inclusivity governance and representation that have influenced reform efforts throughout history By examining

these recurring issues with both scholarly depth and practical perspective the book provides a rich resource for understanding the complexities of reforming political institutions in a way that balances democratic ideals with functional governance This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1975 **Riallaro: The Archipelago of Exiles** Godfrey Sweven,2025-10-19

The United States Coast Guard Auxiliary John A. Tilley,2003 *A Game of Inches* Peter Morris,2006-03-23 As befits a game traditionally passed from one generation to the next baseball has always had a special reverence for origins Claims of being first with any element of the game are disputed with fervor and passion When the octogenarian Fred Goldsmith died in 1939 a headline proclaimed Goldsmith Dies Insisting He Invented Curve Ball Fred Goldsmith understood the secret of immortality Yet while countless thousands of words have been spilled on the subject of baseball firsts there has been no definitive source for the settlement of disputes Peter Morris s endlessly fascinating *A Game of Inches* has now arrived to fill the void Impeccably researched and engagingly written this treasure trove will surprise delight and educate even the most knowledgeable fan by dispelling cherished myths and revealing the source of many of baseball s features that we now take for granted The scope of *A Game of Inches* is encyclopedic with nearly a thousand entries that illuminate the origins of items ranging from catchers masks to hook slides to intentional walks to cork center baseballs But this is much more than just a reference guide Award winning author Peter Morris explains the context that led each new item to emerge when it did and chronicles the often surprising responses to these innovations Of few books can it genuinely be said that once you start reading it s hard to put it down but *A Game of Inches* is one of them It belongs in the pantheon of great baseball books and will give any reader a deeper appreciation of why baseball matters so much to Americans A companion volume *A Game of Inches The Game Behind the Scenes* was published in the fall of 2006 *A Crown and a Cross* Andrew

Goodhead,2010-04-09 This book critically reviews the origins development and decline of the Class Meeting Beginning with an overview of the religious and societal milieu from the sixteenth century and examining the heritage of John and Charles Wesley the inheritance John Wesley took from the past is studied The rise of the Anglican Unitary Societies is considered and Wesley s active work within those societies drawn out The arrival of the Moravians in London in 1738 to form a group for Germans resident in London influenced many of the Anglican society members not least the Wesley brothers These influences are also considered before the Methodist movement and particularly the Class Meeting are considered in detail This book is unique in its drawing together the manner of religious association experienced in the Evangelical Revival and

aims to show how Methodism was a fusion of pre existing ideas formed into a new working model of religious association Paramount to the success of the early Methodist was the Class Meeting This book draws on testimony diary and journal records to provide first hand accounts of people s lives being changed through attendance at the Class Meeting and its making possible growth in grace and holiness In the early period of Methodism the Class Meeting was the crown to Methodist identity An analysis of the primary aims of this meeting which gave the Methodist people their distinct characteristics is followed by a study of the social identity and group processes that occurred when prospective members considered joining the Methodists The decline of the Class Meeting to 1791 forms the concluding chapters and using three classic sociological models Weber routinisation Durkheim totemism and Troeltsch primary secondary religion as themes the reasons why the class became a cross are examined Journal diary and testimonial material support the Methodists declining interest in the class that led to its irrelevance for a people seeking respectability rather than an immediate encounter with God
