The Gendering Of Melancholia:

The Gendering of Melancholia Juliana Schiesari, 2018-08-06 The pantheon of renowned melancholics from Shakespeare's Hamlet to Walter Benjamin includes no women an absence that in Juliana Schiesari's view points less to a dearth of unhappy women in patriarchal culture than to the lack of significance accorded to women's grief Through penetrating readings of texts from Aristotle to Kristeva she illuminates the complex history of the symbolics of loss in Renaissance literature The pantheon of renowned melancholics from Shakespeare's Hamlet to Walter Benjamin includes no women an absence that in Juliana Schiesari's view points less to a dearth of unhappy women in patriarchal culture than to the lack of significance accorded to women's grief Through penetrating readings of texts from Aristotle to Kristeva she illuminates the complex history of the symbolics of loss in Renaissance literature Schiesari first considers the development of the concept of melancholia in the writings of Freud and then surveys recent responses by such theorists as Luce Irigaray Kaja Silverman and Julia Kristeva Schiesari provides fresh interpretations of works by Aristotle Hildegard of Bingen and Ficino and she considers women's poetry of the Italian Renaissance key works by Tasso and Shakespeare and the writings of Walter Benjamin and Jacques Lacan According to Schiesari male melancholia was celebrated during the Renaissance as a sign of inspired genius at the same time as public rituals of mourning led by women were suppressed *The Gendering of Melancholia* will be stimulating reading for scholars and students in the fields of feminist criticism psychoanalytic and literary theory and Renaissance studies and for anyone interested in Western cultural history

Allegory and the Work of Melancholy Jeremy Tambling, 2004 Written using critical theory especially by Walter Benjamin Blanchot and Derrida *Allegory and the Work of Melancholy* The Late Medieval and Shakespeare reads medieval and early modern texts exploring allegory within texts allegorical readings of texts and melancholy in texts Authors studied are Langland and Chaucer Hoccleve on his madness Lydgate and Henryson Shakespeare's first tetralogy the three parts of Henry VI and Richard III conclude this investigation of death mourning madness and of complaint Benjamin's writings on allegory inspire this linking which also considers Dürer Baldung and Holbein and the dance of the dead motifs The study sees subjectivity created as obsessional paranoid and links melancholia madness and allegorical creation where parts of the subject are split off from each other and speak as wholes *Allegory and melancholy* are two modes a state of writing and a state of being where the subject fragments or disappears These texts are aware of the power of death within writing which makes them fascinating The book will appeal to readers of literature from the medieval to the Baroque and to those interested in critical theory and histories of visual culture

Narrative Mourning Kathleen M. Oliver, 2020-07-17 *Narrative Mourning* argues that the cultural disappearance of the dead dying body in eighteenth century Britain found expression in fictional representations of the relic object or relict person within certain British novels These relics exist as material signs of loss and as compensation for loss they exist as surrogates for the absent living dead or dying and as reliquaries for their psychic essences

Catalog of Research on Women and Gender at the University of California, Davis ,1992 **The Queer Turn in Feminism** Anne Emmanuelle Berger, 2013-12-02 More than any other area of late twentieth century thinking gender theory and its avatars have been to a large extent a Franco American invention In this book a leading Franco American scholar traces differences and intersections in the development of gender and queer theories on both sides of the Atlantic Looking at these theories through lenses that are both American and French thus simultaneously retrospective and anticipatory she tries to account for their alleged exhaustion and currency on the two sides of the Atlantic The book is divided into four parts In the first the author examines two specifically American features of gender theories since their earliest formulations on the one hand an emphasis on the theatricality of gender from John Money s early characterization of gender as role playing to Judith Butler s appropriation of Esther Newton s work on drag queens on the other the early adoption of a queer perspective on gender issues In the second part the author reflects on a shift in the rhetoric concerning sexual minorities and politics that is prevalent today Noting a shift from efforts by oppressed or marginalized segments of the population to make themselves heard to an emphasis on rendering themselves visible she demonstrates the formative role of the American civil rights movement in this new drive to visibility The third part deals with the travels back and forth across the Atlantic of sexual difference ever since its elevation to the status of quasi concept by psychoanalysis Tracing the queering of sexual

difference the author reflects on both the modalities and the effects of this development The last section addresses the vexing relationship between Western feminism and capitalism Without trying either to commend or to decry this relationship the author shows its long lasting political and cultural effects on current feminist and postfeminist struggles and discourses To that end she focuses on one of the intense debates within feminist and postfeminist circles the controversy over prostitution

How Hysterical E. Runions, 2003-08-01 *How Hysterical* reads scenes from the films *Light It Up* *Three Kings* *Remember the Titans* *Paris is Burning* *Boys Don't Cry* and *Magnolia* alongside biblical texts from Numbers Exodus Isaiah Micah Ezekiel and Revelation An innovation in studies on Bible and film *How Hysterical* is less centred on direct citation of the Bible in film than on analyses of hypostasized biblical influence in culture Here through accessible engagement with feminist queer post colonial and ideological critical theories Runions discusses the processes by which biblical and filmic texts can both bolster and disrupt identifications with the norms that drive politics and culture
