The Genesis Of Marxism Four Lectures:

The Genesis of Marxism R. N. Berki, 1988 Four Lectures on Marxism Paul M. Sweezy, 2019-02-15 One of the twentieth century's foremost Marxian economists discusses the dialectical method the contradictions of capitalism and the future of Marxism

Hegel and Marx David MacGregor, 2014-06-15 The second edition of *Hegel and Marx* After the Fall of Communism surveys Hegel's close connection with world famed economist Friedrich List the declared enemy of Karl Marx Illuminating the mysterious nature of Hegel's relationship with Marx and Friedrich List may help us to comprehend the extraordinary geopolitical transformations that have occurred in the last fifteen years since the original publication of *Hegel and Marx* in 1998

Hegel, Marx, And The English State David MacGregor, 2019-04-08 In this radically revised intellectual portrait of Hegel and Marx that challenges standard interpretations of their political theory David MacGregor considers the nature of the state in capitalist society This is the first book to place Marx's and Hegel's political thought directly into social and historical context Revealing the revolutionary c

Environmental Archaeology and the Social Order John G. Evans, 2004-02-24 This original and controversial volume sets a new agenda for the study and understanding of environmental archaeology and shows the environment as a means through which people explore their social world

Global Geographies of Post-Socialist Transition Tassilo Herrschel, 2006-09-27 Since the formal raising of the Iron Curtain there has been much interest in post socialism and the process of post socialist transition This timely book provides a systematic review and analysis of the process of transition Herrschel explores recent theories concepts and debates on post socialism and the notion of transition provides a systematic topical account of post socialist transitions around the world as evidence by social economic and political processes examines case studies of post socialist transition in east and Central Europe the former Soviet Union Asia and South East Asia and Africa and Latin America brings together theoretical and practical aspects by examining what lessons can be learned from recent experiences *Global Geographies of Post Socialist Transition* provides a truly global comparative account of the meaning and processes of post socialist transition and will be an invaluable resource for all those interested in this area

Marxism, History & Socialist Consciousness David North, 2007

A History of Marxian Economics, Volume II Michael Charles Howard, John Edward King, 2014-07-14 This second volume completes a critical history of the social political and theoretical forces behind Marxian economics the only work in English to offer such comprehensive treatment Beginning with Marxian analyses of the Great Depression and Stalinism it explores the theories developed to explain the long boom in Western capitalism after the Second World War Later chapters deal with post Leninist theories of imperialism and continuing controversies in value theory and the theory of exploitation After outlining recent work on the second slump the integration of rational choice theory into Marxism and the political economy of socialism the book concludes with a review and evaluation of Marxian theory over the whole period since Marx's death Praise for the first volume Howard and King have done an excellent job One comes away with the impression of

Marxian economics being a vibrant subject relevant to the problems of these times and useful in practical matters Meghnad Desai The Times Higher Education Supplement Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

African Americans in the U.S. Economy Cecilia A. Conrad, John Whitehead, Patrick L. Mason, James Stewart, 2005-02-09 Over the last several decades academic discourse on racial inequality has focused primarily on political and social issues with significantly less attention on the complex interplay between race and economics African Americans in the U S Economy represents a contribution to recent scholarship that seeks to lessen this imbalance This book builds upon and significantly extends the principles terminology and methods of standard economics and black political economy Influenced by path breaking studies presented in several scholarly economic journals this volume is designed to provide a political economic analysis of the past and present economic status of African Americans The chapters in this volume represent the work of some of the nation s most distinguished scholars on the various topics presented The individual chapters cover several well defined areas including black employment and unemployment labor market discrimination black entrepreneurship racial economic inequality urban revitalization and black economic development The book is written in a style free of the technical jargon that characterizes most economics textbooks While the book is methodologically sophisticated it is accessible to a wide range of students and the general public and will appeal to academicians and practitioners alike The New Russians Hedrick Smith, 2012-12-05 NEW YORK TIMES BESTSELLER From the Pulitzer Prize winning author of The Russians a lively and provocative analysis of the Soviet Union in its twilight years The New York Times Book Review Even from afar the transformation in the Soviet Union held a special fascination for all of us and not only because it affected our destiny our survival even the changing nature of our own society What happened there riveted our interest for a deeper reason It was a modern enactment of one of the archetypal stories of human existence that of the struggle from darkness to light from poverty toward prosperity from dictatorship toward democracy It represented an affirmation of the relentless human struggle to break free from the bonds of hierarchy and dogma to strive for a better life for stronger richer values It was an affirmation of the human capacity for change growth renewal The New Russians is about how that story of change began and what this change meant for the Russian people and for the rest of the world
