Dickie begs her to tell them a story And so Laurie begins her tale of Colosso a rampaging giant and Jimmy a tiny boy whose destiny is to become a slayer of giants As Laurie embellishes her tale with gnomes unicorns gryphons and other fanciful creatures Dickie comes to believe that he is a character in her story Little by little Carolyn Chip and other kids who come to listen recognize counterparts as well Laurie s tale is so powerful that when she s prevented from continuing it Dickie Carolyn and Chip take turns as narrators Each helps bring the story of Colosso and Jimmy to an end changing the lives of those in the polio ward in startling ways

Killing Giants Stephen Denny, 2011-03-31 Everyone thought Eric Ryan and Adam Lowry were crazy to start Method a new cleaning products company The category had long been dominated by P G Unilever and Colgate Palmolive Those giants had so much clout with the retail chains that their soaps had barely needed updating for decades But by taking advantage of its underdog position Method carved out a very profitable niche environmentally sound products in stylish innovative packaging Despite having a far smaller marketing budget than their competitors Method connected with a substantial minority of people who wanted to buy green but who also wanted high quality products Marketing expert Stephen Denny argues that like Method any brand can directly challenge the giant of its category and not only survive but thrive While it s inconvenient to be the little guy it can also be a blessing in disguise Giant killers can afford to shake things up and take bold steps They can be faster and nimbler than giants who are too slow and hidebound to make the painful but necessary changes to stay competitive By the time they notice that slingshot they re already keeling over During his two decades in the trenches Denny has taken on quite a few giants And he has interviewed more than seventy other giant killers across industries from software to cosmetics to aviation for their most powerful techniques Our need to work smarter with fewer resources isn t dependent on the state of the economy or on any sense of stability you think you have in your industry Denny s ten powerful strategies will help you overcome stale business thinking and bureaucracy They include Win in the last three feet Leverage someone else s investment just be there the moment the customer grabs their wallet Create thin ice arguments Shift the conversation to places where the competition can t or won t go Fight unfairly Learn how the underdog can turn the tables From the hypercompetitive world of social media to high stakes business to business sales to the trenches of retail *Killing Giants* is *The Art of War* for a new era It proves that size does matter the size of the fight in the dog
