The Godmakers:

The Godmakers Frank Herbert, 2013-04-21 An interstellar agent discovers his latent powers while investigating a warlike planet in this classic sci fi fantasy by the author of Dune It s been centuries since the devastating Rim Wars separated numerous planets from the protection and control of the galactic empire The Rediscovery and Reeducation Service is dedicated to finding these lost planets and returning them to the fold But not all civilizations are eager to cooperate Young and charismatic Lewis Orne is one of the best R R agents in the organization s history But when he identifies troubling signs on the planet of Hamal he is transferred to Investigative Adjustment the agency that specializes in dealing with violent worlds Suddenly Orne is shuttling to the edge of the galaxy to detect any signs of latent aggression among Hamal s population Shortly after making landfall Orne makes a far more astonishing discovery he suddenly finds himself in possession of profound extrasensory powers When these powers become known he is invited to join Hamal s company of gods It is an offer too enticing to refuse Yet being a god comes with certain expectations

The Christian Countercult Movement Douglas E. Cowan, 2023-08-24 Many seemingly strange questions on yoga salvation religious pluralism and so forth have been actively debated among members of a small but influential group of evangelical apologists known as the Christian countercult movement This Element explores the history of this movement from its origins in the anti heresy writings of the early church to its modern development as a reaction to religious pluralism in North America It contrasts the apologetic Christian countercult movement with its secular anticult counterpart and explains how faith based opposition both to new religious movements and to non Christian religions will only deepen as religious pluralism increases It provides a concise understanding of the two principal goals of Christian countercult apologetics support for the evangelization of non Christian believers and maintenance for the perceived superiority of the evangelical Christian worldview

The Godmaker Trilogy: Book I: Alpha & Omega; Book II: Everywhere & Nowhere; Book III: I Am Robin Buckallew, 2018-08-15 Now in one volume the Godmaker Trilogy Rudy Sullivan must follow the Godmakers if he wishes to protect his own life and the lives of those he loves He has one ace in the hole the last play ever written by the old playwright who might be a suicide or might have been murdered He trails the two old men who claim they created all the gods as they take him from Italy to California to the North Pole finally ending in the panhandle of Nebraska where an odd monument and a sleepy town somehow figure in the secret of the universe The old man who claims to be Paul of Tarsus and travels in a creaky old plane with his friend John the Baptist has a knack for turning Rudy s life upside down and in the process conjuring up demons and danger Rudy finds it hard to believe in Paul but he finds it harder not to follow him What he learns and sees on his journey will lead him to question not just his sanity but his faith in God

Mormon Studies Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of

western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism s truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s **Nelson's Illustrated**

Guide to Religions James A. Beverley,2009-05-17 A comprehensive introduction to the religions of the world analyzed from a Christian perspective Nelson s Illustrated Guide to Religions covers more than 200 religions sects and cults most of them ones the reader might encounter on any given day It is the most complete and up to date Christian guide to world religions Perfect for the student as well as the layperson Written by leading expert in religions James A Beverley **Well Beings**

James Riley,2024-03-28 James Riley author of the cult hit *The Bad Trip* *Dark Omens* *New Worlds* and *The End of the Sixties* returns with another incisive and thought provoking cultural history turning his trenchant eye to the wellness industry that emerged in the 1970s Concepts such as wellness and self care may feel like distinctly twenty first century ideas but they first gained traction as part of the New Age health movements that began to flourish in the wake of the 1960s Riley dives into this strange and hypnotic world of panoramic coastal retreats and darkened floatation tanks blending a page turning narrative with illuminating explorations of the era s music film art and literature *Well Beings* delves deep into the mind of the seventies its popular culture its radical philosophies its approach to health and its sense of social crisis It tells the story of what was sought what was found and how these explorations helped the Me Decade find itself In so doing it questions what good health means today and reveals what the seventies can teach us about the strange art of being well **Mormon Crises**

James A Beverley,2013-03-12 Mitt Romney s run for President of the United States and the recent success of the Broadway play *Book of Mormon* has created enormous interest in the Church of Jesus Christ of Latter day Saints In spite of enormous media focus during this so called Mormon Moment coverage has been often shallow and misleading even from the LDS Church Few reporters dug deep enough to deal with the evidence that the Mormon Church is in a deep crisis not only because of members leaving but because of increasing proof of lies fraud false teaching and criminality at the start of Mormonism In *Mormon Crisis* Jim Beverley deals with major issues about Joseph Smith the first LDS prophet He provides a sustained critique of Mormon Scripture examines flaws in the LDS understanding of Church leadership and probes unique doctrines and practices including the secret temple ceremonies The book offers a serious indictment of the LDS belief system but also presents a way out of the current crisis facing one of America s most famous and controversial religions *The Warrior of World's End* Lin Carter,1974-12-01 **We Gather Together** Neil J. Young,2015-10-01 Tracing the interactions

among evangelicals Catholics and Mormons from the 1950s to the present day We Gather Together recasts the story of the emergence of the Religious Right showing that it was not a brilliant political strategy of compromise and coalition building hatched on the eve of a history altering election Rather it was the latest iteration of a much longer religious debate that had been going on for decades Evangelicals Catholics and Mormons found common cause and pursued similar ends in debates about abortion school prayer the Equal Rights Amendment and tax exemptions for religious schools but they were far from a unified bloc cracks in the alliance shaped the movement from the very beginning This provocative book will reshape our understanding of the most important religious and political movement of the last 30 years **The Worlds of Dune** Tom Huddleston,2023-10-05 The Worlds of Dune presents a deep dive into the many different strands of inspiration from Zen Buddhism to Indigenous American tribal ritual that Frank Herbert wove into Dune and its sequels collectively the world s bestselling science fiction epic
