The Nabis And The Parisian Avant Garde:

The Nabis and the Parisian Avant-garde Elizabeth Prelinger, Jane Voorhees Zimmerli Art Museum, 1988 **Édouard Vuillard, the Nabis, and the Politics of Domesticity** Francesca Berry, 2024-12-12 This ground breaking book is the first to address the feminine and feminist politics of Intimiste art a modernist mode of art making developed in the 1890s by Édouard Vuillard while associated with the Nabi brotherhood Coined by contemporary critics intimisme encapsulated the shared approach of these artists to depicting intimate settings and themes Vuillard's paintings which are typically small employ bold pigments and economic brushstrokes to depict female figures in tightly composed apartment interiors Those portrayed include his mother and sister just as wives and lovers dominate the art of other Nabis including Maurice Denis and Pierre Bonnard Francesca Berry comparatively analyses the gender politics of Nabi art to reveal real differences Through skilled visual interpretation she argues that Vuillard attempted a profound engagement with the material conditions of feminine domesticity in cooperation with his first and most sustained audience women He did so the author reveals in artworks that explore a complex range of feminine experiences such as sexual initiation stillbirth illicit work and unceasing housework The personal gender politics of Intimiste practice also are foregrounded Vuillard's studio bedroom afforded him access to quotidian femininity But at what risks to his sister's privacy and to his mother's subjectivity Making an artistic project of feminine domesticity also meant entering the field of politics The 1890s was the decade of state legislation and feminist demands with respect to work in the home and women's familial rights Personal in motif and Symbolist in form Berry's extensive historical research reveals these artworks also to have been social and political sometimes even feminist in meaning Transcending the structural repression of domesticity in histories of modernist art this book powerfully overturns residual myths of aesthetic introspection and social retreat that for too long have been attached to Nabi Symbolism **The Troubled Republic** Richard Thomson, 2004-01-01 This fascinating book examines how artists in fin de siècle France dealt with four hotly debated issues in society national decadence crowds and mass unrest religious imagery and revenge against Germany **"Art, History and the Senses "** Gabriel Koureas, 2017-07-05 Should sight trump the other four senses when experiencing and evaluating art Art History and the Senses 1830 to the Present questions whether the authority of the visual in visual culture should be deconstructed and focuses on the roles of touch taste smell and sound in the materiality of works of art From the nineteenth century onward notions of synaesthesia and the multi sensorial were important to a series of art movements from Symbolism to Futurism and Installations The essays in this collection evaluate works of art at specific moments in their history and consider how senses other than the visual have or have not affected the works meaning The result is a re evaluation of sensory knowledge and experience in the arts encouraging a new level of engagement with ideas of style and form *Strategic Ambiguity: The Obscure, Nebulous, and Vague in Symbolist Prints* La Salle University Art Museum, 2013-03-12 Exhibition catalogue for Strategic Ambiguity The Obscure Nebulous and Vague in Symbolist Prints

December 6 2012 to March 1 2013 at the La Salle University Art Museum The prints in this exhibition demonstrate how the Symbolist fascination with ambiguity seen in their choices of subject matter i e half human half animal hybrids such as harpies and sphinxes gender ambiguity and androgyny extended to formal strategies of representation that obscure form as well as content This exhibition places Symbolist art in the context of Modernism by focusing on the ways in which artists experimented with print media and explored technical means of suggesting formal ambiguity i e flattening abstracting obscuring both to better match form and content and to push the boundaries of figurative art The exhibition features work by artists Odilon Redon Jan Toorop Paul Gauguin Maurice Denis douard Vuillard Felix Vallotton Henri Ibels Pierre Bonnard Felix Buhot Pierre Roche Henri Martin Armand Point Maurice Dumont Jeanne Jacquemin Georges de Feure Francois Marius Val re Bernard Carlos Schwabe and others Print techniques represented in this survey range from lithography and etching to gypsography The exhibition catalogue features essays by the curator and La Salle faculty from the disciplines of art history and philosophy

Radical Art and the Formation of the Avant-Garde David Cottington, 2022-03-08 An authoritative redefinition of the social cultural and visual history of the emergence of the avant garde in Paris and London Over the past fifty years the term avant garde has come to shape discussions of European culture and modernity ubiquitously taken for granted but rarely defined This ground breaking book develops an original and searching methodology that fundamentally reconfigures the social cultural and visual context of the emergence of the artistic avant garde in Paris and London before 1915 bringing the material history of its formation into clearer and more detailed focus than ever before Drawing on a wealth of disciplinary evidence from socio economics to histories of sexuality bohemia consumerism politics and popular culture David Cottington explores the different models of cultural collectivity in and presumed hierarchies between these two focal cities while identifying points of ideological influence and difference between them He reveals the avant garde to be at once complicit with resistant to and a product of the modernizing forces of professionalization challenging the conventional wisdom on this moment of cultural formation and offering the means to reset the terms of avant garde studies

The Nabis and Intimate Modernism Katherine M. Kuenzli, 2017-07-05 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890 1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul Sier and Paul Ranson The author reconstructs the Nabis relationship to Impressionism mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of high and low art of individual sensibility and collective identity of the public and private spheres The Nabis and Intimate Modernism is a

rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism s development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority *Art of the Twentieth Century: 1900-1919, the avant-garde movements* Valerio Terraroli,2006 This volume analyses and illustrates the personalities movements major figures and works that have given rise to contemporary art from Matisse to Picasso from Boccioni to Kirchner from Kandinsky to Malevich from De Chirico to Mondrian to Duchamp **E. Vuillard** Guy Cogeval,Édouard Vuillard,Kimberly Jones,Laurence Des Cars,National Gallery of Art, Washington D.C.,Dario Gamboni,Mary Anne Stevens,Royal Academy of Arts (Great Britain),2003-01-01 The long and illustrious career of Edouard Vuillard spans the fin de siecle and the first four decades of the twentieth century during which time the French painter printmaker and photographer created an extraordinary body of work This is the first volume to explore Vuillard s rich and varied career in its totality presenting nearly 350 works that demonstrate the full range of his subject matter and reveal both the public and private sides of this quintessentially Parisian artist In a series of illustrated essays and catalogue entries the authors explore Vuillard s complex and diverse artistic development beginning with his academic training in Paris in the late 1880s and the innovative Nabi paintings of the 1890s for which he is best known including his provocative disquieting middle class interiors and his work associated with the avant garde theatre The authors also examine Vuillard s splendid but lesser known large scale decorations his luminous landscapes and the elegant portraits from the last decades of his career In addition to paintings the volume includes a substantial selection of drawings and graphics together with a large group of striking photographs by the artist many of which are published here for the first time This illustrated catalogue accompanies the most comprehensive exhibition ever devoted to the work of Edouard Vuillard 1868 1940 The exhibition opens at the National Gallery of Art in Washington and travels to the Montreal Museum of Fine Arts the Galeries nationales du Grand Palais in Paris and the Royal Academy of Arts London BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Sleep of Reason* Frances S.
