

Skrifter Scandinavian University

Kjell Å Modéer, Helle Vogt

Skripter Scandinavian Universitys:

Monographic Series Library of Congress, History of the Literature of the Scandinavian North from the Most Ancient Times to the Present Fr. Winkel Horn, 1883 **Foreign Social Science Bibliographies**, 1965 **Nordic Literature** Steven P. Sondrup, Mark B. Sandberg, Thomas A. DuBois, Dan Ringgaard, 2017-12-15 Nordic Literature A comparative history is a multi volume comparative analysis of the literature of the Nordic region Bringing together the literature of Finland continental Scandinavia Sweden Norway Denmark and S pmi and the insular region Iceland Greenland and the Faroe Islands each volume of this three volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice This first volume Spatial nodes devotes its attention to the changing literary figurations of space by Nordic writers from medieval to contemporary times Organized around the depiction of various scapes and spatial practices at home and abroad this approach to Nordic literature stretches existing notions of temporally linear nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly The productive historical contingency of the North as a literary space becomes clear in this close analysis of its literary texts and practices *Bibliography of Social Science Periodicals and Monograph Series: Sweden* United States. Bureau of the Census, 1961 **National Union Catalog**, 1973 Includes entries for maps and atlases *Foreign Social Science Bibliographies* United States. Bureau of the Census, 1961 *Bibliography of Social Science Periodicals and Monograph Series* United States. Bureau of the Census, 1964 ... *A History of Scandinavian Studies in American Universities* George Tobias Flom, 1907 **Medieval Scandinavia** Birgit Sawyer, 1993 The study of Scandinavia has been and still is deeply influenced by the interpretation of its earliest history that was developed in the 19th century by political legal and literary historians archaeologists and anthropologists Scandinavia figured prominently in discussions of early medieval Europe not only as the homeland of the Vikings but also as the region in which Germanic society remained uncontaminated by Christianity and other influences longer than anywhere else In Medieval Scandinavia Birgit and Peter Sawyer question assumptions about early Scandinavian history including the supposed leading role of free and equal peasants and their position in founding churches They meticulously trace the development of Scandinavia from the early ninth century through the second and third decades of the 16th century when rulers of Scandinavia rejected the authority of the Papacy and the attempt to establish a united Scandinavian monarchy finally collapsed The authors include a discussion of medieval history writing and comment on the use of history in the 16th century and modern attitudes to medieval history which differ in various parts of Scandinavia They ultimately conclude that historic Scandinavia held greater similarities to other European regions than has been commonly supposed Birgit Sawyer is one of the founders of the biennial interdisciplinary conferences on women in medieval Scandinavia Peter Sawyer s previous books include *Kings and Vikings* and *The Age of the Vikings* **Architecture, Society, and Ritual in Viking Age Scandinavia** Marianne Hem Eriksen, 2019-02-28 This book explores

households social organization and rituals in Viking Age Scandinavia through a study of dwellings and their doorways

Routledge Revivals: Medieval Scandinavia (1993) Phillip Pulsiano, Kirsten Wolf, 2017-07-05 First published in 1993 Medieval Scandinavia An Encyclopedia covers every aspect of the region during the Middle Ages including rulers and saints overviews of the countries religion education politics and law culture and material life history literature and art Written by a team of expert contributors the encyclopedia offers those who lack command of the various Scandinavian languages a basic tool for the study of Medieval Scandinavia from roughly the Migration Period to the Reformation With full page maps useful supplementary photos cross references and a comprehensive index this work will be a valuable and absorbing volume for students of the Norse sagas the Viking age and Old English history and literature and for anyone interested in the cultural and historical heritage of Scandinavia *New Perspectives on the Bronze Age* Sophie Bergerbrant, Anna

Wessman, 2017-04-30 This collection of articles helps to explain why the Bronze Age has come to hold such a fascination within modern archaeological research By providing new theoretical and analytical perspectives on the evidence new interpretative avenues have opened it situates the history of the Bronze Age in both a local and a global setting **The Scandinavians from the Vendel Period to the Tenth Century** Judith Jesch, 2012 Ethnographic studies trace the background to and impact of urbanisation and Christianisation and the development of royal power which stimulated the transition from the Viking age to the medieval period Using the evidence of archaeology poetry legal texts and annals this volume investigates the social economic and symbolic structures of early Scandinavia at the time of the Viking expansion The contributors provide an outline ethnography covering dwellings and settlements kinship and social relations law political structures and external relations rural and urban economies and the ideology of warfare The topics are discussed through case studies illustrating the changing scholarly interpretations of this formative period in Scandinavian history By addressing these key research questions the contributions trace the background to and the impact of urbanisation and Christianisation and the development of royal power which stimulated the transition from the Viking age to the medieval period in Scandinavia JUDITH JESCH is Professor in Viking Studies at the University of Nottingham Contributors LENA HOLMQUIST OLAUSSON BENTE MAGNUS E VESTERGAARD BIRGIT ARRHENIUS STEFAN BRINK LISE BENDER JORGENSEN SVEND NIELSEN FRANDS HERSCHEND NIELS LUND DAVID N DUMVILLE JUDITH JESCH DENNIS H GREEN Law and The Christian Tradition in Scandinavia Kjell Å Modéer, Helle Vogt, 2020-10-08 This book presents a comprehensive history of law and religion in the Nordic context The entwinement of law and religion in Scandinavia encompasses an unusual history not widely known yet important for its impact on contemporary political and international relations in the region The volume provides a holistic picture from the first written legal sources of the twelfth century to the law of the present secular welfare states It recounts this history through biographical case studies Taking the point of view of major influential figures in church politics university and law it thus presents the principal actors who served as catalysts in ecclesiastical and secular law

through the centuries This refreshing approach to legal history contributes to a new trend in historiography particularly articulated by a younger generation of experienced Nordic scholars whose work is featured prominently in this volume The collection will be a valuable resource for academics and researchers working in the areas of Legal History and Law and Religion

The History of Swedish Economic Thought Bo Sandelin, 2013-12-19 Originally published in 1991 this is the first book in English to chart the history of economic thought in Sweden Concentrating on the major figures of Davidson Wicksell Cassel and Heckscher and on the members of the Stockholm School it discusses Swedish contributions to both the neo classical and Keynesian revolutions Throughout Swedish economic thought is seen in the context both of international economics and of domestic institutional developments

Scandinavia in the Age of Revolution Michael Bregnsbo, Patrik Winton, 2016-12-05 The Age of Revolution is a term seldom used in Scandinavian historiography despite the fact that Scandinavia was far from untouched by the late eighteenth century revolutions in Europe and America Scandinavia did experience its outbursts of radical thought its assassinations and radical reforms but these occurred within reasonably stable political structures practices and ways of thinking As recent research on the political cultures of the Nordic countries clearly demonstrates the Danish Finnish Icelandic Norwegian and Swedish experiences of the late eighteenth and early nineteenth centuries offer a more differentiated look at what constitutes revolutionary change in this period compared with other regions in Europe They provide an alternative story of an incipient transition towards modernity a Nordic model in which radical change takes place within an apparent continuity of the established order The long term products of the processes of change that began in the Age of Revolution were some of the most progressive and stable political systems in the modern world At the same time the Scandinavian countries provide a number of instances which are directly relevant to comparisons particularly within the northwest European cultural area Presenting the latest research on political culture in Scandinavia this volume with twenty seven contributions focuses on four key aspects the crisis of monarchy the transformation in political debate the emerging influence of commercial interest in politics and the shifting boundaries of political participation Each section is preceded by an introduction that draws out the main themes of the chapters and how they contribute to the broader themes of the volume and to overall European history Generously illustrated throughout this book will introduce non Scandinavian readers to developments in the Nordic countries during the late eighteenth and early nineteenth centuries and both complement and challenge research into the political cultures of Europe and America

Nordic Orientalism Elisabeth Oxfeldt, 2005 Nordic Orientalism explores the appropriation of Oriental imagery within Danish and Norwegian nineteenth century nation building The project queries Edward Said's binary notion of Orientalism and posits a more complex model describing how European countries on the periphery Denmark and Norway imported Oriental imagery from France to position themselves not against their colonial Other but in relation to central European nations Examining Nordic Orientalism across a century in the context of modernization urbanization and democratization the study furthermore shows

how the Romanticists naive treatment of the Orient was challenged by increased contact with the real Orient **Avaldsnes**
- A Sea-Kings' Manor in First-Millennium Western Scandinavia Dagfinn Skre,2017-12-04 The Royal manor Avaldsnes in southwest Norway holds a rich history testified by 13th century sagas and exceptional graves from the first millennium AD In 2011 12 the settlement was excavated In this first book from the project crucial results from an international team of 23 scholars are published The chapters cover a wide array of topics ranging from building remains and scientific analyses of finds to landownership and ritual manifestations **The Revelations of St. Birgitta of Sweden, Volume 3** Saint Bridget (of Sweden),2006 St Birgitta of Sweden was one of the most charismatic and influential female visionaries of the later Middle Ages Her revelations influenced the spiritual lives of many individuals including Martin Luther Interest in Birgitta has grown recently and she is now admired as a powerful voice and prophet of reform

Skrifter Scandinavian Universitys Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Skrifter Scandinavian Universitys PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and

empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Skrifter Scandinavian Universitys PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Skrifter Scandinavian Universitys free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
