A Corpus of Rembrandt Paintings V Ernst van de Wetering, 2013-12-12 This volume is the fifth volume of A Corpus of Rembrandt Paintings a project devoted to all Rembrandt s paintings This is the work of The Rembrandt Research Project consisting of a group of scholars led since 1993 by Professor Ernst van de Wetering The project began in 1968 with the aim of separating Rembrandt s own paintings from the vast number of Rembrandtesque paintings made by his many apprentices and followers Having opted for a chronological approach to the cataloguing of Rembrandt s paintings from 1625 till 1642 in the first three volumes it was decided in 1993 to adopt a thematic approach for further volumes This was largely to facilitate the recognition of different hands The new approach yielded much more information not only about Rembrandt s working methods but also about the function and meaning of his works This expanded field of view meant that etchings and drawings with similar themes also needed to be included In 2005 Volume IV appeared devoted to Rembrandt s self portraits in painting etching and drawing Volume V consists of a catalogue and analysis of the so called small scale history and genre paintings That theme was chosen because this type of complex work shows a variety of full length protagonists acting in different narrative settings For this reason in the 17th century painting etching or drawing biblical and mythological scenes was looked upon as an artist s greatest challenge The choice of this theme proved to be highly fruitful in several ways Small scale history pieces reveal Rembrandt s artistic ambitions most clearly They also offer the authors a much more accurate view of the daily routine in

Rembrandt's studio his apprentices mostly copied this type of work or used it as a starting point for their own. As a result it was easier to distinguish the works by the master himself from those of his pupils. All aspects of the skills necessary to create a pictorial illusion play a part in the creation of small figured history paintings. These aspects were referred to as the basis of the noble art of painting in Rembrandt's days. Two seventeenth-century painter theoreticians discussed these principles systematically in two books which up till now have only sporadically been consulted in the context of 17th-century studio practice. Karel van Mander wrote his *Grond der edel vry schilder const* Basis of the Art of Painting in 1604 and Samuel van Hoogstraten produced his *Inleyding tot de hooge schoole der schilder konst* Academy of Painting in 1678. Van Hoogstraten was a pupil of Rembrandt between 1642 and 48. Comparing the two books and considering them in relation to Rembrandt's oeuvre gradually reveals his original views on painting and how these had developed during his career. Thus the authors of this new Volume of A Corpus have gained an unexpected and profound insight into Rembrandt's ideas and approach to his art. The basic aspects of painting included the following topics: function and methods of drawing human proportions, various positions, poses and gestures of figures, ways of arranging a scene's protagonists in a composition, facial expressions of a variety of emotions, light shadows and reflected light, landscape and animals, draperies and articles of clothing, methods of painting and various characteristics and uses of colours. The way these basic aspects were selected and dealt with presumed that the more practical side to the art of painting would be learned by the apprentice in the daily routine of his master's studio. With the development of art history in the nineteenth century the basic aspects of the art of painting listed above acquired the vague label of style. However the seventeenth-century categorization of the basic aspects provides a much more acute means of probing the views and criteria for judging a painting by Rembrandt and his contemporaries than the concept of style. Volume V in the series A Corpus of Rembrandt Paintings breaks new ground from the point of view of art history not only in its approach to Rembrandt as an artist but more particularly to his thinking about painting. Moreover a detailed comparison of Rembrandt's works and those by his apprentices who based their works on his led to a profound and detailed understanding of Rembrandt's views on pictorial quality. In art historical literature quality usually does not feature prominently since it is regarded as being too subjective. This comparative approach together with the analysis of seventeenth-century categories of thought about painting have given the research on Rembrandt a new impetus at the same time allowing us to see more clearly through seventeenth-century eyes. That is why the new volume of the Corpus is an important publication not only for art historians but also for all who want to fully enjoy the numerous works of art that date back to the Dutch Golden Age now scattered in museums around the world.

Computational Approaches in the Transfer of Aesthetic Values from Paintings to Photographs Xiaoyan Zhang, Martin Constable, Kap Luk Chan, Jinze Yu, Wang Junyan, 2017-07-18. This book examines paintings using a computational and quantitative approach. Specifically it compares paintings to photographs addressing the strengths and limitations of both. Particular aesthetic practices are examined such as

the vista foreground to background organisation and the depth planes These are analysed using a range of computational approaches and clear observations are made New generations of image capture devices such as Google goggles and the light field camera promise a future in which the formal attributes of a photograph are made available for editing to a degree that has hitherto been the exclusive territory of painting In this sense paintings and photographs are converging and it therefore seems an opportune time to study the comparisons between them In this context the book includes cutting edge work examining how some of the aesthetic attributes of a painting can be transferred to a photograph using the latest computational approaches

A Corpus of Rembrandt Paintings J. Bruyn, B. Haak, S.H. Levie, P.J.J. van Thiel, 2012-12-06 Since the second half of the last century art historians realizing that the image of Rembrandt's work had become blurred with time have attempted to redefine the artist's significance both as a source of inspiration to other artists and as a great artist in his own right In order to carry on the work started by previous generations a group of leading Dutch art historians from the university and museum world joined forces in the late 1960s in order to study afresh the paintings usually ascribed to the artist The researchers came together in the Rembrandt Research Project which was established to provide the art world with a new standard reference work which would serve the community of art historians for the nearby and long future They examined the originals of all works attributed to Rembrandt taking full advantage of today's sophisticated techniques including radiography neutron activation autoradiography dendrochronology and paint sample analysis thereby gaining valuable insight into the genesis and condition of the paintings The result of this meticulous research is laid down chronologically in the following Volumes THIS VOLUME A Corpus of Rembrandt Paintings Volume I which deals with works from Rembrandt's early years in Leiden 1629-1631 published in 1982 A Corpus of Rembrandt Paintings Volume II covering his first years in Amsterdam 1631-1634 published in 1986 A Corpus of Rembrandt Paintings Volume III goes into his later years of reputation 1635-1642 published in 1990 Each Volume consists of a number of Introductory Chapters as well as the full Catalogue of all paintings from the given time period attributed to Rembrandt In this catalogue each painting is discussed and examined in a detailed way comprising a descriptive an interpretative and a documentary section For the authenticity evaluation of the paintings three different categories are used to divide the works in A Paintings by Rembrandt B Paintings of which Rembrandt's authorship cannot be positively either accepted or rejected and C Paintings of which Rembrandt's authorship cannot be accepted This volume Volume I contains 730 pages starting off with four introductory chapters and discussing 93 paintings In clear and accessible explanatory text all different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging In this volume the first ever works by Rembrandt are discussed also using his etchings as comparison *Start to Paint with Watercolours* Lowrey, 2016 [The 30-Day Sketchbook Project](#) Minnie Small, 2022-08-09 Build a Consistent Art Habit With One Inspiring Challenge a Day The 30 Day Sketchbook Project will forever transform the way you view your sketchbook

Through gorgeous yet simple step by step projects for each day of the month illustrator Minnie Small will help you improve your skills build your confidence and eradicate your fears of the blank page Each day presents a new practice with three forms of inspiration first an overview of the topic with an approachable tutorial followed by a prompt to help you make the lesson your own Last you ll get a glimpse into Minnie s process as she shares some of her own sketchbook pages Through this insight you ll not only learn how to put the prompts into practice but you ll also gain a greater appreciation of intuitive learning and the beauty of creative imperfection Get started in the first days with exciting exercises like the Timed Challenge and Master Study before easing into more elaborate ones like Observational Drawing and Monochrome Paintings Keep the rhythm going with Collage Paintings and Ink Illustration Then see how far you ve come when you reach more advanced lessons like Plein Air Realism and Alternative Self Portrait Whether your artwork lives only in the pages of your sketchbook or you use these exercises as a launching point for other work it won t take long to see the positive impact of this daily practice in your art Let your imagination run wild your love of creativity renew and your faith in your skills flourish one day at a time

The Realm of Nature and the American Soul Pasquale De Marco, 2025-07-20 Georgia O Keeffe is one of the most celebrated and influential artists in American history Her bold and innovative paintings of flowers landscapes and animal bones have been admired and debated by critics and scholars for decades In this book we explore the life and work of Georgia O Keeffe examining the unique ways in which her art reflects the American experience O Keeffe was born in 1887 in Sun Prairie Wisconsin She grew up in a rural environment surrounded by the natural beauty of the Midwest This early exposure to nature had a profound impact on her artistic development O Keeffe s paintings often feature enlarged close up views of natural objects such as flowers leaves and animal bones These works reveal her fascination with the beauty and complexity of the natural world In 1918 O Keeffe moved to New York City where she became a part of the avant garde art scene She exhibited her work with the Stieglitz Group a group of artists who were pushing the boundaries of modern art O Keeffe s paintings were well received by critics and collectors and she quickly gained a reputation as one of the most exciting new artists in America Throughout her career O Keeffe continued to explore the relationship between art and nature She traveled extensively throughout the American Southwest where she was inspired by the vast landscapes and unique geological formations O Keeffe s paintings of the Southwest are characterized by their strong colors and dramatic compositions They capture the beauty and grandeur of the American wilderness O Keeffe s work is not only a reflection of the American landscape but also a reflection of the American experience Her paintings express the optimism and energy of the early 20th century as well as the anxieties and uncertainties of the Great Depression and World War II O Keeffe s art is a testament to the resilience and creativity of the American people This book explores the many facets of Georgia O Keeffe s life and work We examine her artistic influences her relationship with Alfred Stieglitz and her role in the development of American modernism We also explore the ways in which her art reflects the American experience from the frontier to the

present day If you like this book write a review **Background Artist** Karen Fang,2024-10-11 You might not know the name Tyrus Wong but you probably know some of the images he created including scenes from the beloved Disney classic Bambi Yet when he came to this country as a child Tyrus was an illegal immigrant locked up in an offshore detention center How did he go on to a long and prosperous career drawing animation cels storyboards and greeting cards that shaped the American imagination Background Artist shares the inspiring story of Tyrus Wong s remarkable 106 year life and showcases his wide array of creative work from the paintings and fine art prints he made working for Roosevelt s Works Progress Administration to the unique handmade kites he designed and flew on the Santa Monica beach It tells how he came to the United States as a ten year old boy in 1920 at a time when the Chinese Exclusion Act barred him from legal citizenship Yet it also shows how Wong found American communities that welcomed him and nurtured his artistic talent Covering everything from his work as a studio sketch artist for Warner Bros to the best selling Christmas cards he designed for Hallmark and other greeting card companies this book celebrates a multitalented Asian American artist and pioneer The Art of Found Objects Robert Craig Bunch,2016-09-23 In this first book of interviews with visual artists from across Texas more than sixty artists reflect on topics from formative influences and inspirations to their common engagement with found materials Beyond the art itself no source is more primary to understanding art and artist than the artist s own words After all who can speak with more authority about the artist s influences motivations methods philosophies and creations Since 2010 Robert Craig Bunch has interviewed sixty four of Texas finest artists who have responded with honesty clarity and naturally great insight into their own work None of these interviews has been previously published even in part Incorporating a striking full color illustration of each artist s work these absorbing self examinations will stand collectively as a reference of lasting value

Art, Technology and Nature Dr Jacob Wamberg,Dr Camilla Skovbjerg Paldam,2015-09-28 Are art and technology coming into a closer relationship with nature Through a selection of innovative readings by international scholars this book argues that since 1900 we have experienced a renewed negotiation of the convergent triangle of art technology and nature analysing its shifting constellations in post medieval times Through this negotiation art becomes truly complementary to technology in understanding nature s agencies and may gain an important role in adjusting technology s present utilitarian hegemony

Imagine Paty Jager,Dari LaRoche,Susie Slanina,Lisa de Nikolits,Diana McCollum,Pamela Cowan,Mary Vine,Maggie Lynch,Anna Brentwood,Kimila Kay,Colton Long,2024-10-13 Imagination It is a word that conjures up so much and can cover so many emotions In this collection of nine unique stories and a poem you will cross centuries hang in suspense chuckle and perhaps even laugh and wonder did the character imagine that or not Dari LaRoche starts this anthology with a poem that explores what sparks the imagination as it moves between conscious thought and the sublime reflecting the beauty that surrounds us In Metro Takes a Road Trip Susie Slanina returns to the adventures of a dog named Metro discovering new places and talents In The Watching Game Lisa de Nikolits crafts a story that explores invisible friends suspense and the

power of suggestion Diana McCollum's story *Sonja's Journey* explores the story of a lost child who wanders into a Native American tribe's camp and is raised as one of their own Pamela Cowan's story *Mars* moves away from earth to outer space in her futuristic tale with a twist about a young man coming of age Back on earth Mary Vine provides a story of romance suspense and humor in *Grandma Harper's Imagination* Maggie Lynch pits fantasy against reality in *Sky Painter* as a young girl develops unusual talents Another *Life* by Paty Jager provides a conundrum for the reader to unravel whether a battered wife and a dead husband is a tale of delirium or truth In *Project I M A G I N E* Anna Brentwood and Colton Long pen a cautionary tale of artificial intelligence that begins in the 1980s Kimila Kay closes out the anthology with *Rattlesnake Ravine* a suspense novella that plays with imagination versus truth and the consequences of having to choose only one side

Ready to Paint in 30 Minutes: Mountain Scenes in Watercolour Linley, 2020 **Critical Mass** Mead Art Museum (Amherst College), 2003 Description Puts New Jersey at the center of key art movements during the sixties **Aesthetics of the Familiar** Yuriko Saito, 2017-07-04 Yuriko Saito explores the nature and significance of the aesthetic dimensions of people's everyday life Everyday aesthetics has the recognized value of enriching one's life experiences and sharpening one's attentiveness and sensibility Saito draws out its broader importance for how we make our worlds environmentally morally as citizens and consumers Saito urges that we have a social responsibility to encourage cultivation of aesthetic literacy and vigilance against aesthetic manipulation Yuriko Saito argues that ultimately everyday aesthetics can be an effective instrument for directing the humanity's collective and cumulative world making project for the betterment of all its inhabitants Everyday aesthetics has been seen as a challenge to contemporary Anglo American aesthetics discourse which is dominated by the discussion of art and beauty Saito responds to controversies about the nature boundary and status of everyday aesthetics and argues for its legitimacy She highlights the multi faceted aesthetic dimensions of everyday life that are not fully accounted for by the commonly held account of defamiliarizing the familiar *Celestial Sleuth* Donald W. Olson, 2013-10-02 For a general audience interested in solving mysteries in art history and literature using the methods of science forensic astronomy is a thrilling new field of exploration Astronomical calculations are the basis of the studies which have the advantage of bringing to readers both evocative images and a better understanding of the skies Weather facts volcano studies topography tides historical letters and diaries famous paintings military records and the friendly assistance of experts in related fields add variety depth and interest to the work The chosen topics are selected for their wide public recognition and intrigue involving artists such as Vincent van Gogh Claude Monet Edvard Munch and Ansel Adams historical events such as the Battle of Marathon the death of Julius Caesar the American Revolution and World War II and literary authors such as Chaucer Shakespeare Joyce and Mary Shelley This book sets out to answer these mysteries indicated with the means and expertise of astronomy opening the door to a richer experience of human culture and its relationship with nature Each subject is carefully analyzed As an example using the study of sky paintings by Vincent van Gogh the analytical

method would include computer calculations of historical skies above France in the 19th century finding and quoting the clues found in translations of original letters by Van Gogh making site visits to France to determine the precise locations when Van Gogh set up his easel and what celestial objects are depicted For each historical event influenced by astronomy there would be a different kind of mystery to be solved As an example How can the phase of the Moon and time of moonrise help to explain a turning point of the American Civil War the fatal wounding of Stonewall Jackson at Chancellorsville in 1863 For each literary reference to astronomy it was determined which celestial objects were being described and making an argument that the author is describing an actual event For example what was the date of the moonlit scene when Mary Shelley first had the idea for her novel *Frankenstein* These and more fun riddles will enchant and delight the fan of art and astronomy
