Slaughterhouse-five Jerome Klinkowitz,1990 A critical reading of Vonnegut's novel and discussions of the work's influence historical context and critical reception **A Study Guide for Kurt Vonnegut's Slaughterhouse Five** Gale, Cengage Learning,2015-09-24 A Study Guide for Kurt Vonnegut's *Slaughterhouse Five* excerpted from Gale's acclaimed *Novels for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Novels for Students* for all of your research needs **Kurt Vonnegut's Slaughterhouse-five** Kurt Vonnegut, Jr.,2009 Presents a collection of critical essays about Kurt Vonnegut's *Slaughterhouse five* *CliffsNotes on Vonnegut's Slaughterhouse-Five* Dennis S Smith,2007-08-15 An odd book in that it mixes elements of science fiction with psychological analysis *Slaughterhouse Five* tells the story of Billy Pilgrim a GI prisoner of war He time travels and wanders through a mysterious ether where spatial temporal relationships are at odds with what we accept as reality *Posthumanism in the Novels of Kurt Vonnegut* Andrew Hicks,2020-05-18 *Posthumanism in the Novels of Kurt Vonnegut* Matter That Complains So re examines the prevailing critical consensus that Kurt Vonnegut was a humanist writer While more difficult elements of his work have often been the subject of scholarly attention the tendency amongst critics writing on Vonnegut is to disavow them or to subsume them within a liberal humanist framework When Vonnegut's work is read from a posthumanist perspective however the productive paradoxes of his work are more fully realised Drawing on New Materialist Eco Critical and Systems Theory methodologies this book highlights posthumanist themes in six of Vonnegut's most famous novels and emphasises the ways in which Vonnegut troubles human non human natural artificial and material discursive hierarchical binaries [Reading, Learning, Teaching Kurt Vonnegut](#) Paul Lee Thomas,2006 Our English classrooms are often only as vibrant as the literature that we teach This book explores the writing of contemporary American author Kurt Vonnegut who offers readers and students engaging fiction and nonfiction works that confront the reader and the world Here teachers will find an introduction to the life and works of Vonnegut and an opportunity to explore how to bring his works into the classroom as a part of the reading and writing curriculum This volume attempts to confront what we teach and how we teach as English teachers through the vivid texts Vonnegut offers his readers [On the Borders of Convention](#) Aleksandra Nikčević Batrićević,2010-05-11 The research presented in this book is authored by scholars coming from as distant regions as South Africa the United States of America Great Britain France Italy Belarus the Balkans Needless to say that one of the good things about this international cooperation is that owing to their different socio cultural backgrounds these scholars have contributed to producing an extremely varied picture of ways of approaching the challenge of a changing world The papers on literature and culture collected in this book contribute a further element of rigour into the discussion of numerous and always varying and changing borders of convention in a literary text literary genre and literary theory as well as in general culture and everyday

paths of life Starting with oral cultures over the classic literary masters modernist and postmodernist textual and theoretical phenomena the twentieth century flouting of numerous social and gender convention through painting film dance contemporary music as well as graffiti We have sought to stress that what is most noticeable from the evidence of their studies is that scholars today concern these issues through a dynamic global process and beyond any preconceived design or any strict set of theoretical prescriptions which would otherwise lead them to ignore the ever shifting borders in literature and culture as well as in global socio cultural reality in general The variety and complexity of these essays offer fresh views to the problem posed in the title of the book Therefore we trust that they will stimulate intellectual confrontation and circulation of ideas within the field of literature and cultural studies
