

Slave Life on the Plantation

A man in a wide-brimmed hat, a light-colored shirt, and dark trousers is walking across a map of the United States. He is carrying a rifle over his right shoulder and a bag in his left hand. The map shows various geographical features, including the Great Plains, the Rocky Mountains, and the Gulf of Mexico. The man is walking from left to right, across the center of the map.

black body as a site of cultural and corporeal interchange one involving violence and oppression leaving memory and trauma sedimented in cultural conventions political arrangements social institutions and most significantly materially and symbolically engraved upon the body with the self often deprived of agency and sovereignty Consisting of three parts this study focuses on works of the twentieth and twenty first century fiction and cultural narratives by mainly African American authors aiming to highlight the different ways in which race has been pathologized in America and examine how the legacies of plantation ideology have been metaphorically inscribed on black bodies The variety of analytical approaches and thematic foci with respect to theories and discourses surrounding race and the body allow us to delve into this thorny territory in the hope of gaining perspectives about how African American lives are still shaped and haunted by the legacies of plantation slavery Furthermore this volume offers insights into the politics of eugenic corporeality in an illustrative dialogue with the lasting carceral and agricultural effects of life on a plantation Tracing the degradation and suppression of the black body both individual and social this study includes an analysis of the pseudo scientific discourse of social Darwinism and eugenics the practice of mass incarceration and the excessive punishment of black bodies and food apartheid and USDA practices of depriving black farmers of individual autonomy and collective agency Based on such an interplay of discourses methodologies and perspectives this volume aims to use literature to further examine the problematic relationship between race and the body and stress that black lives do indeed matter in the United States

Army,2004 **The Michael Burge Story** Albert Schriber,2025-08-02 Inside the walls of Angola State Penitentiary survival isn t about rehabilitation It s about becoming someone you never intended to be Michael Burge entered the system as a broken young man shaped by childhood abuse and street violence He emerged as Iron Mike a figure both feared and respected in one of America s most notorious prisons This true crime account follows Burge s transformation from a neglected child to a hardened survivor revealing how the very institutions meant to reform can instead destroy Through intimate details of prison hierarchy unwritten codes of conduct and the constant threat of violence Albert Schriber exposes

the brutal reality of life behind bars When a violent incident leads to murder charges Burge faces a legal system that seems more interested in punishment than understanding the circumstances that created him This isn't a story of redemption but a stark warning about what happens when society locks people away without addressing the trauma that made them criminals in the first place When the system breeds the very violence it claims to prevent who bears responsibility
