## **Sleeping Over:**

**Sleeping Over** P. J. Denton, 2011-12-06 WANT TO SLEEP OVER COME JOIN THE FUN It's the last week of second grade and Taylor has big news for her best friends Emily Jo and Kara. She's inviting them to her house on Friday night to celebrate. But this is no ordinary party; it's going to be their first sleepover party. The girls can't wait to stay up late, play games, and watch movies. But Emily is also secretly worried. She knows her parents aren't going to let her spend the night at Taylor's, and she doesn't want to be left out of all the fun. Will Emily have to stay home and miss the party, or can she find a way to prove to her parents that she's old enough to go? Beller, 2001-05-17 Beller's stories trace the life of Alex Fader, New Yorker from age six to age 30. He drifts in and out of relationships, goes to London after losing his job, and meets glamorous Katrina, a soon-to-be divorced mother, and begins a complicated long-distance affair. Each of the stories stands alone, but their cumulative effect tells the boy-to-man story of Alex's scattered life. [Sleep Over](#)

H. G. Bells, 2018-01-16 For fans of the oral history genre phenomenon *World War Z*, an inventive new spin on the apocalypse featuring a worldwide plague of insomnia. Remember what it's like to go an entire night without sleep? What if sleep didn't come the following night? Or the night after? What might happen if you, your friends, your family, your coworkers, and the strangers you pass on the street all slowly began to realize that rest might not ever come again? How slowly might the world fall apart? How long would it take for a society without sleep to descend into chaos? *Sleep Over* is a collection of waking nightmares, a scrapbook collection of haunting and poignant stories from those trapped in a world where the pillars of society are crumbling and madness is slowly descending on a planet without rest. Online vigilantism transforms social media into a blame game with deadly consequences. A freelance journalist grapples with the ethics of turning in footage of mass suicide. Scientists turn to horrifying experiments as they grow more desperate in their race for a cure. In *Sleep Over*, these stories are just the beginning. Before the Longest Day, the world record was eleven days without sleep. It turns out many of us will be forced to go much longer.
