Sleepwalking Through History

**America in the
Reagan Years**

Haynes Johnson

"A BRILLIANT BOOK—AN INDICTMENT OF
A PEOPLE AS WELL AS AN ADMINISTRATION."

—WILLIAM MANCHESTER

Sleepwalking Through History America Through The Reagan Years

James T. Patterson

Sleepwalking Through History America Through The Reagan Years:

Sleepwalking Through History Haynes Johnson, 2003 National bestseller In this brilliantly readable book a Pulitzer Prize winning journalist chronicles the Reagan decade when America fell from dominant world power to struggling debtor nation and when optimism turned to foreboding In human terms and living case histories Haynes Johnson captures the drama and tragedy of an era nurtured by greed and a morality that found virtue in not getting caught It is morning again in America Reagan s campaign commercials told us and for too long we embraced that convenient lie Indeed the problems that came to plague us in that decade are with us even more today as Johnson memorably demonstrates in his afterword Notes on an Era written especially for this new paperback reissue This book will remain a signature work of political analysis for years to come *Sleepwalking through history* ,1992 **Deconstructing Reagan** Kyle Longley,Jeremy Mayer,Michael

Schaller,John W. Sloan,2015-01-28 Although he left office nearly 20 years ago Ronald Reagan remains a potent symbol for the conservative movement The Bush administration frequently invokes his legacy as it formulates and promotes its fiscal domestic and foreign policies His name is watchword for campus conservatives who regard him in a way that borders on hero worship Conservative media pundits often equate the term Reagan esque with personal honor fiscal rectitude and unqualified success in dealing with foreign threats But how much of the Reagan legacy is based on fact how much on idealized myth And what are the reasons political and otherwise behind the mythmaking *Deconstructing Reagan* is a fascinating study of the interplay of politics and memory concerning our fortieth president While giving credit where credit is due the authors scrutinize key aspects of the Reagan legacy and the conservative mythology that surrounds it *Subverting Mainstream*

Narratives in the Reagan Era Ashley M. Donnelly,2018-03-23 *Subverting Mainstream Narratives in the Reagan Era* explores how artists novelists and directors were able to present narratives of strong dissent in popular culture during the Reagan Era Using but subverting the tools of mainstream novels and films these visionaries works were featured alongside other books in major bookstores and promoted alongside blockbusters in movie theatres across the country Ashley M Donnelly discusses how the artists accomplished this why it is so important and how new artists can use these techniques in today s homogenous and mundane media *The Reagan Era* Doug Rossinow,2015-02-24 In this concise but thorough history of America in the 1980s Doug Rossinow takes the full measure of Ronald Reagan s presidency and the ideology of Reaganism Believers in

libertarian economics and a muscular foreign policy Reaganite conservatives in the 1980s achieved impressive success in their efforts to transform American government politics and society ushering in the political and social system Americans inhabit today Rossinow links current trends in economic inequality to the policies and social developments of the Reagan era He reckons with the racial politics of Reaganism and its debt to the backlash generated by the civil rights movement as well as Reaganism s entanglement with the politics of crime and the rise of mass incarceration Rossinow narrates the conflicts that rocked U S foreign policy toward Central America and he explains the role of the recession in the early 1980s in the

decline of manufacturing and the growth of a service economy From the widening gender gap to the triumph of yuppies and rap music from Reagan s tax cuts and military buildup to the celebrity of Michael Jackson and Madonna from the era s Wall Street scandals to the successes of Bill Gates and Sam Walton from the first war on terror to the end of the Cold War and the brink of America s first war with Iraq this history lively and readable yet sober and unsparing gives readers vital perspective on a decade that dramatically altered the American landscape **A Companion to Ronald Reagan** Andrew L.

Johns,2015-02-10 A Companion to Ronald Reagan evaluates in unprecedented detail the events policies politics and people of Reagan s administration It assesses the scope and influence of his various careers within the context of the times providing wide ranging coverage of his administration and his legacy Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically

Includes a section on key figures associated politically and personally with Reagan Historical Dictionary of U.S. Diplomacy during the Cold War Martin Folly,2014-11-13 This Historical Dictionary of U S Diplomacy during the Cold War offers readers a comprehensive accessible survey of the principal actors and events involved in the making of United States foreign policy during a crucial period in the nation s history The Cold War saw the United States acquire superpower status and to be closely involved in events around the globe Foreign policy became a central issue in domestic politics The confrontations with the Union of Soviet Socialist Republics and its allies and satellites and with the forces of international communism dominated U S interactions with the world throughout this period This book covers this turbulent period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on key persons policies events institutions and organizations along with issues such as the division of Germany after World War II the creation of the People s Republic of China European economic recovery communist movements in the third worlds decolonization the Vietnam War and the nuclear arms race This book is an excellent access point for students researchers and anyone wanting to know more about U S diplomacy during the cold war The Reagan Moment

Jonathan R. Hunt,Simon Miles,2021-12-15 In The Reagan Moment the ideas events strategies trends and movements that shaped the 1980s are revealed to have had lasting effects on international relations The United States went from a creditor to a debtor nation democracy crested in East Asia and returned to Latin America the People s Republic of China moved to privatize decentralize and open its economy Osama bin Laden founded Al Qaeda and relations between Washington and Moscow thawed en route to the Soviet Union s dissolution The Reagan Moment places US foreign relations into global context by examining the economic international and ideational relationships that bound Washington to the wider world Editors Jonathan R Hunt and Simon Miles bring together a cohort of scholars with fresh insights from untapped and declassified global sources to recast Reagan s pivotal years in power Contributors Seth Anziska James Cameron Elizabeth

Charles Susan Colbourn Michael De Groot Stephanie Freeman Christopher Fuller Flavia Gasbarri Mathias Haeussler William Inboden Mark Atwood Lawrence Elisabeth Mariko Leake Melvyn P Leffler Evan D McCormick Jennifer Miller David Painter Robert Rakove William Michael Schmidli Sarah Snyder Lauren Frances Turek James Wilson *Excellence for All* Jack Schneider, 2010 Excellence For All American Education Reform 1983 2008 examines the history of school reform in the United States over the past quarter century Specifically the work examines an approach to educational change best characterized by the phrase excellence for all an equity focused policy phenomenon uniquely situated for the policymaking context of the late twentieth and early twenty first centuries The idea of promoting excellence for all students united a broad enough coalition to pursue a truly national reform effort and captured the imaginations of leaders in state and local government at philanthropic foundations in colleges and universities and in school districts across the country Led by a corps of self styled educational entrepreneurs aggressively pursuing reforms that they could take to scale the movement sought to remake the American high school piece by piece The dissertation examines this reform movement through the nation s three largest districts New York Chicago and Los Angeles and through three particular change efforts a physical plant reform the small schools movement a personnel reform Teach For America and a curricular reform the Advanced Placement Program The work aims to establish the ways in which this most recent era of school reform represented a departure from previous reform eras strives to explain the movement s broad appeal and ultimately aims to understand its shortcomings by exploring the assumptions underlying the excellence for all approach and the tradeoffs required by it *Reagan* Iwan Morgan, 2020-06-11 Ronald Reagan is arguably the most successful post war American president A transformational leader he is broadly credited with renewing American prosperity after the stagflation hit 1970s laying the foundations for Cold War victory and bringing about the shift to the right in late twentieth century politics In this new biography Iwan Morgan shrewdly assesses Reagan s considerable achievements whilst also highlighting the shortcomings that were an indisputable part of his record Based on extensive research this book plots a chronological path through Reagan s life covering his upbringing his rise and fall as a Hollywood star his time as California governor and his pursuit of the presidency Morgan offers a detailed evaluation of the pragmatic conservatism that was the hallmark of Reagan s presidential leadership in domestic affairs In the international sphere he explains Reagan s metamorphosis from Cold War hawk to negotiator for nuclear arms reduction while also examining his role in the Iran Contra scandal This book ultimately shows that what made Reagan an American icon above all else was his optimism regarding his country and his ability to articulate its best values even if he himself did not always live up to these Today as the Republican Party grapples with its new direction and identity understanding the legacy of Ronald Reagan and Reaganism is more relevant than ever **Restless Giant** James T. Patterson, 2005-09-23 In *Restless Giant* acclaimed historical author James Patterson provides a crisp concise assessment of the twenty seven years between the resignation of Richard Nixon and the election of George W Bush in a sweeping narrative

that seamlessly weaves together social cultural political economic and international developments We meet the era s many memorable figures and explore the culture wars between liberals and conservatives that appeared to split the country in two Patterson describes how America began facing bewildering developments in places such as Panama Somalia Bosnia and Iraq and discovered that it was far from easy to direct the outcome of global events and at times even harder for political parties to reach a consensus over what attempts should be made At the same time domestic issues such as the persistence of racial tensions high divorce rates alarm over crime and urban decay led many in the media to portray the era as one of decline Patterson offers a more positive perspective arguing that despite our often unmet expectations we were in many ways better off than we thought By 2000 most Americans lived more comfortably than they had in the 1970s and though bigotry and discrimination were far from extinct a powerful rights consciousness insured that these were less pervasive in American life than at any time in the past With insightful analyses and engaging prose Restless Giant captures this period of American history in a way that no other book has illuminating the road that the United States traveled from the dismal days of the mid 1970s through the hotly contested election of 2000 The Oxford History of the United States The Oxford History of the United States is the most respected multi volume history of our nation The series includes three Pulitzer Prize winners a New York Times bestseller and winners of the Bancroft and Parkman Prizes The Atlantic Monthly has praised it as the most distinguished series in American historical scholarship a series that synthesizes a generation s worth of historical inquiry and knowledge into one literally state of the art book Conceived under the general editorship of C Vann Woodward and Richard Hofstadter and now under the editorship of David M Kennedy this renowned series blends social political economic cultural diplomatic and military history into coherent and vividly written narrative

Presidents Who Shaped the American West Glenda Riley, Richard W. Etulain, 2018-02-08 Generations of Americans have seen the West as beyond federal control and direction But the national government s presence in the West dates to before Lewis and Clark and since 1789 a number of U S presidents have had a penetrating and long lasting impact on the region In Presidents Who Shaped the American West noted historians Glenda Riley and Richard W Etulain present startling analyses of chief executives and their policies illuminating the long reach of presidential power The authors begin each chapter by sketching a particular president s biography and explaining the political context in which he operated while in office They then consider overarching actions and policies that affected both the nation and the region during the president s administration such as Thomas Jefferson s augmentation of the West via the Louisiana Purchase and Andrew Jackson s removal of American Indians from the Southeast to Indian Country in the West Abraham Lincoln s promotion of the Homestead Act a transcontinental railroad and western territories and states free of slavery marked further extensions of presidential power in the region Theodore Roosevelt s conservation efforts and Jimmy Carter s expansion of earlier policies reflected growing public concern with the West s finite natural resources and fragile natural environment Franklin D Roosevelt s New Deal Dwight D Eisenhower s highway program

and Lyndon B Johnson's Great Society funneled federal funding into the West. In return for this largesse some argued the West paid the price of increased federal hegemony and Ronald Reagan's presidency arguably curbed that power. Riley and Etulain also discuss the most recent presidential terms and the region's growing political power in Congress and the federal bureaucracy. With an accessible approach *Presidents Who Shaped the American West* establishes the crucial and formative nature of the relationship between the White House and the West and will encourage readers to continue examining this relationship.

The Press and the Modern Presidency Louis W. Liebovich, 2001-06-30 Scandal and sex sell even in the serious business of presidential news coverage. The media deference shown to Kennedy and the scrutiny applied to Clinton illustrate the changed relation between the two and bookend this pertinent updated 1998 Choice Outstanding Academic Book award winner. Liebovich tackles misconceptions about the media's role in politics: how chief executives cooperate with and manipulate the press as it suits their needs and how ratings pressures have bent coverage of elections and the Executive Branch for the worse. Well written, thorough, and the only book to explore the changing relation between the press and the presidency in the later twentieth century, students and researchers alike will profit from reading this work written by one of America's leading scholars in the field. For students interested in communications history or contemporary American politics, it is an unparalleled administration by administration introduction to the complex and intertwined workings of two of the most powerful and influential forces at work in American politics today. It furthermore provides researchers with a solid historical explanation of how both presidential politics and political news coverage have come to be popularly reviled and discounted.

Bulletin of the Atomic Scientists, 1991-09 *America in the World* Frank Costigliola, Michael J. Hogan, 2013-12-23 This volume includes historiographical surveys of American foreign relations since 1941 by some of the country's leading historians. Some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history. Others survey the literature on US relations with particular regions of the world or on the foreign policies of presidential administrations. The result is a comprehensive assessment of the historical literature on US foreign policy that highlights recent developments in the field.

Right Star Rising: A New Politics, 1974-1980 Laura Kalman, 2010-06-28 Tells the history of the Ford Carter years, discusses the relevance of the period's politics on today's issues, and explains its shaping of the current political environment.

American Empire Joshua Freeman, 2012-08-02 A compelling look at the movements and developments that propelled America to world dominance. In this landmark work, acclaimed historian Joshua Freeman has created an epic portrait of a nation both galvanized by change and driven by conflict. Beginning in 1945, the economic juggernaut awakened by World War II transformed a country once defined by its regional character into a uniform and cohesive power and set the stage for the United States' rise to global dominance. Meanwhile, Freeman locates the profound tragedy that has shaped the path of American civic life: unfolding how the civil rights and labor movements worked for decades to enlarge the rights of millions of Americans only to watch power ultimately slip from

individual citizens to private corporations Moving through McCarthyism and Vietnam from the Great Society to Morning in America Joshua Freeman s sweeping story of a nation s rise reveals forces at play that will continue to affect the future role of American influence and might in the greater world

Way Out There In the Blue Frances FitzGerald,2001-02-21 Way Out There in the Blue is a major work of history by the Pulitzer Prize winning author of Fire in the Lake Using the Star Wars missile defense program as a magnifying glass on his presidency Frances FitzGerald gives us a wholly original portrait of Ronald Reagan the most puzzling president of the last half of the twentieth century Reagan s presidency and the man himself have always been difficult to fathom His influence was enormous and the few powerful ideas he espoused remain with us still yet he seemed nothing more than a charming simple minded inattentive actor FitzGerald shows us a Reagan far more complex than the man we thought we knew A master of the American language and of self presentation the greatest storyteller ever to occupy the Oval Office Reagan created a compelling public persona that bore little relationship to himself The real Ronald Reagan the Reagan who emerges from FitzGerald s book was a gifted politician with a deep understanding of the American national psyche and at the same time an executive almost totally disengaged from the policies of his administration and from the people who surrounded him The idea that America should have an impregnable shield against nuclear weapons was Reagan s invention His famous Star Wars speech in which he promised us such a shield and called upon scientists to produce it gave rise to the Strategic Defense Initiative Reagan used his sure understanding of American mythology history and politics to persuade the country that a perfect defense against Soviet nuclear weapons would be possible even though the technology did not exist and was not remotely feasible His idea turned into a multibillion dollar research program SDI played a central role in U S Soviet relations at a crucial juncture in the Cold War and in a different form it survives to this day Drawing on prodigious research including interviews with the participants FitzGerald offers new insights into American foreign policy in the Reagan era She gives us revealing portraits of major players in Reagan s administration including George Shultz Caspar Weinberger Donald Regan and Paul Nitze and she provides a radically new view of what happened at the Reagan Gorbachev summits in Geneva Reykjavik Washington and Moscow FitzGerald describes the fierce battles among Reagan s advisers and the frightening increase of Cold War tensions during Reagan s first term She shows how the president who presided over the greatest peacetime military buildup came to espouse the elimination of nuclear weapons and how the man who insisted that the Soviet Union was an evil empire came to embrace the Soviet leader Mikhail Gorbachev and to proclaim an end to the Cold War long before most in Washington understood that it had ended

Way Out There in the Blue is a ground breaking history of the American side of the end of the Cold War Both appalling and funny it is a black comedy in which Reagan playing the role he wrote for himself is the hero

Living in the Eighties Gil Troy,Vincent J. Cannato,2009-10-22 In this volume in the Viewpoints on American Culture series senior and junior scholars as well as one former Reagan official and a leading record executive assess the cultural social economic and political

significance of the 1980s **Conservative Conservationist** J. Brooks Flippen, 2006-09 In the history of American environmentalism Russell E Train plays a starring role Few individuals have been so influential in creating the United States environmental policies and encouraging conservation efforts around the world In this absorbing new biography J Brooks Flippen describes Train s significance within the fascinating history of the contemporary environmental movement A lifelong Republican Train left a successful judicial career to found the African Wildlife Leadership Foundation As the problems of pollution and unrestrained growth became apparent he adopted a more ecological approach to nature and became a leader of the emerging environmental movement of the 1960s He soon headed the Conservation Foundation one of the first organizations to appreciate that humans represent only one strand in the web of life President Richard Nixon appointed Train as the initial chairman of the Council on Environmental Quality just as the country celebrated its first Earth Day There he helped craft the most important environmental legislation in U S history After three years he became administrator of the Environmental Protection Agency enforcing regulations during the Energy Crisis and much of the troubled 1970s With the election of Democrat Jimmy Carter Train returned to the private sector as head of the American affiliate of the World Wildlife Fund He found himself increasingly at odds with many Republicans as a new more ideological brand of conservatism grew and bipartisanship faded Train s Republican credentials and environmental advocacy made him a vestige of the past and in a sense a hope for the future Given complete access to the personal papers and recollections of Russell Train Flippen casts an unbiased eye on this remarkable man and the causes he has so fervently promoted Of a prominent Washington family Train has known every president from Herbert Hoover to George W Bush His life and career illustrate the political dynamics of modern environmentalism and illuminate the insider culture of Washington D C
