Family, Sex, and Faith Pål Kolstø, 2025-01-15 Family Sex and Faith is the first systematic examination of what the Russian Orthodox Church ROC teaches and how believers respond to its messages regarding issues such as marriage divorce contraception abortion husband wife relations and LGBTQIA rights According to Pål Kolstø for the ROC the ethics of private life involve what Michel Foucault called biopolitics the state regulates the sex lives of its citizens to control the development of the population Family Sex and Faith offers a systematic analysis of aspects of the moral theology of the ROC discussing the means and strategies it employs to achieve its goals to counter resistance and to emerge victorious from the battles in which it is embroiled Although the constitution defines Russia as a secular state the ROC has achieved a privileged position in society functioning as a major provider of ideology and legitimacy for the Putin regime

Pietism, Revivalism and Modernity, 1650-1850 Fred van Lieburg, Daniel Lindmark, 2020-11-30

Pietism can be understood either as a specific German theological tradition emanating from late seventeenth century reformers as Spener and Francke or as a wider range of practical piety characterising early modern movements as Protestant Puritanism and Methodism as well as Catholic Jansenism Trying an inclusive definition an international network programme was set up resulting in a first conference in the Netherlands in 2004 which addressed the question whether Pietism was to be

seen as a consequence of or a reaction to confessionalisation in the Reformation era A similar approach was chosen for a second conference held in the Swedish university town of Ume on November 17 18 2005 Should Pietism be perceived as a promoter of or a reaction against modernity Are revivals and awakenings to be seen as inherent components of Pietism Or should they rather be viewed as new sociological phenomena integrated into Pietism on a later stage Which components of pious theology and practice were applied and what function did they serve in clerical and civil discourse Either way how do revivals relate to Pietism and how do they relate to Enlightenment This volume presents the proceedings of an inspiring conference taking a further step in the globalisation of Pietism studies as is demonstrated here in particular by the power of research in the Nordic area Above all this collection of papers helps to understand Pietism and revivalism as attempts to resist the breakthrough of secularizing tendencies in the modern world While doing so they themselves at the same time were modern in building up a counteroffensive of rechristianization using all contemporary means of communication and organization in the public sphere adapting their own traditions to new political and cultural contexts and creating constructions of the religious past
