Secrets of Feeding a Healthy Family Ellyn

Satter,2011-12-01 Ellyn Satter's *Secrets of Feeding a Healthy Family* takes a leadership role in the grassroots movement back to the family table. More a cooking primer than a cookbook, this book encourages singles, couples, and families with children to go to the trouble of feeding themselves well. Satter uses simple, delicious recipes as a scaffolding on which to hang cooking lessons, fast tips, night-before suggestions, in-depth background information, ways to involve kids in the kitchen, and guidelines on adapting menus for young children. In chapters about eating, feeding, choosing food, cooking, planning, and shopping, the author entertainingly helps readers have fun with food while not eating unhealthily or too often. She cites current studies and makes a convincing case for lightening up on fat and sodium without endangering ourselves or our children. The book demonstrates Satter's dictum that your positive feelings about food and eating will do more for your health than adhering to a set of rules about what to eat and what not to eat.

Child of Mine Ellyn Satter,2012-08-01 Widely considered the leading book involving nutrition and feeding infants and children, this revised edition offers practical advice that takes into account the most recent research into such topics as emotional, cultural, and genetic aspects of eating, proper diet during pregnancy, breast feeding versus bottle feeding, introducing solid food to an infant's diet, feeding the preschooler, and avoiding mealtime battles. An appendix looks at a wide range of disorders, including allergies, asthma, and hyperactivity, and how to teach a child who is reluctant to eat. The author also discusses the benefits and drawbacks of giving young children vitamins.

My Plane Truth Jill Douglas, 2012-02 On January 21 2006 my husband Terry and I were enjoying a relaxing couples massage during a romantic getaway and five hours later we were experiencing 15 terrifying minutes of uncertainty as to whether we would live or die Our single engine plane had suddenly lost all its power In those moments of uncertainty flashing before me was my life What had I done What would I miss And most importantly what was the meaning of those blue eyes that superimposed themselves over Terry's eyes minutes before we crashed The physical and emotional healing was intense humbling and gratifying while the spiritual path that I had been catapulted onto was certainly uplifting and unfamiliar to me All my life my soul had been gently nudging me towards my true purpose now it was hitting me over the head with the messages of Love more love simplify your life Love and forgive myself and others unconditionally This true story is of my spiritual transformation that took me from having the illusion that all my material accomplishments were all there was for a fulfilling life to knowing that life was and had already been planned for me by me well before I incarnated into this body Surviving this plane crash was only a catalyst towards me fulfilling my true purpose in life Having a clean slate to begin all over with is a daunting task Being 47 now widowed and starting over was a daunting task My faith is about to be tested big time For from tragedy comes triumph Having found the owner of those eyes I know I have more work

and a much higher purpose in life to fulfill It took a life threatening and frightening plane crash to make me see the truth my plane truth It s truly been a humbling experience and one I consider to be a gift and not a tragedy The hardest part was simply looking in the mirror and uncovering all my masks that I had thought were protecting me but in fact were keeping me from knowing my true self
