[Revival: Society in the Making: Hungarian Social and Societal Policy, 1945-75 \(1979\)](#) Zsuzsa Ferge,2018-07-06 This title was first published in 1979 This important book is the product of a remarkable experience A sociologist domiciled in Hungary

the author has intermittently taught and studied in France Britain and the United States Few social scientists of the post Second World War generation have had this range of experience And as we know from the history of theoretical physics psychoanalysis economic and other fields Hungary is the incubator of great talents A Society in the Making can be read on three levels as a study of Hungarian social structure as a case study in comparative social policy or as a contribution to the theory of social policy As a study of Hungary the author s book is one of the small but growing number of analyses of Eastern Europe and the Soviet Union which avoid denunciamientos and apologetics It is a sympathetically critical account as she says In social science there is no neutral act from which much can be learned      *Recording for the Blind & Dyslexic, ... Catalog of Books* ,1996      *Being Brahmin, Being Modern* Ramesh Bairy,2013-01-11 There is clearly an academic and political obsession with the idea of the Brahmin There is also simultaneously a near complete absence of engagement with the Brahmin as an embodied person or community This book addresses this intriguing paradox by making available a sociological description of the Brahmins in today s Karnataka It pursues three distinct yet enmeshed registers of inquiry the persona of the Brahmin embodied in the agency of the individual Brahmin the organised complexes of action such as the caste association and the public culture of print and finally taking off from a longer yet modern and contemporary history of non Brahminical othering of the Brahmin It argues that we tend to understand the contemporaneity of caste almost exclusively within the twin registers of legitimation contestation and dominance resistance While these facets continue to be salient there is also a need to push out into hitherto neglected dimensions of caste The book focuses attention on the many lives of modern caste its secularisation the subject positions that it offers the equivocations by which persons and communities become subjects of caste their differential investments in the caste self      **Social Mobility in Comparative Perspective** Włodzimierz Wesołowski,Kazimierz M.
