**Social Justice and the Christian Church** Ronald H. Nash, 1990 The Christian church's interest in social justice is a subject that invites careful philosophical investigation For example do theologians who espouse social justice have a clear and defensible concept of the justice in view Do theologians who pass moral judgement on socialism or capitalism have enough grounding in economics to know what they're talking about

*Progressive Evangelicals and the Pursuit of Social Justice* Brantley W. Gasaway, 2014-10-30 In this compelling history of progressive evangelicalism Brantley Gasaway examines a dynamic though often overlooked movement within American Christianity today Gasaway focuses on left leaning groups such as Sojourners and Evangelicals for Social Action that emerged in the early 1970s prior to the rise of the more visible Religious Right He identifies the distinctive public theology a set of biblical interpretations regarding the responsibility of Christians to promote social justice that has animated progressive evangelicals activism and bound together their unusual combination of political positions The book analyzes how prominent leaders including Jim Wallis Ron Sider and Tony Campolo responded to key political and social issues over the past four decades Progressive evangelicals combated racial inequalities endorsed feminism promoted economic justice and denounced American nationalism and militarism At the same time most leaders opposed abortion and refused to affirm homosexual behavior even as they defended gay civil rights Gasaway demonstrates that while progressive evangelicals have been caught in the crossfire of partisan conflicts and public debates over the role of religion in politics they have offered a significant alternative to both the Religious Right and the political left

Freedom for Obedience Donald G. Bloesch, 2002-04-15 The Christian ethic is an ethic that cannot be assimilated into the moral consensus of the wider community The way of the cross cannot be reconciled with the way of the world just as the gospel cannot be conjoined with the laws that gave stability to social order The thesis of this book is that human justice can never be a substitute for divine justification but it can be a sign and witness to the justifying grace of God in Jesus Christ

Humanitarian works can never reach the heights of deeds of sacrificial love and mercy but they can point to this higher righteousness and awaken a thirst for it We must always be on guard against two perils the Scylla of legalism and rigorism and Charybdis of antinomianism An ethics of the divine commandment by uniting law and grace the imperative and the indicative shows how we can live the authentic Christian life in obedience to the highest which is not a law but a person not an ideal but the reality of the New Being the power of crucified love as we see this in Jesus Christ from Freedom for Obedience

The Marketplace Annotated Bibliography Pete Hammond, 2011-03 Every workday millions of Christians enter the marketplace Whether as sales associates or engineers auto mechanics or executives Christians are called to serve God in the workplace But most need help integrating faith and work How can you be salt and light on the job Where can you turn for help in developing a biblical and satisfying view

Religion, Economics, and Public Policy Andrew D. Walsh, 2000-06-30 As Americans seem bent on dismantling the safety net of the New Deal era the most popular version of the culture wars thesis paints an arguably cosmic battle between defenders of religious orthodoxy who embrace laissez faire capitalism and secular elites who have imposed a Marxist welfare state upon an unsuspecting populace Walsh shows that this thesis ignores the role of religious leaders in legitimizing the types of programs embodied in America's approach to the welfare state Walsh explores the arguments of William Jennings Bryan America's foremost fundamentalist who opposed the Social Darwinism often associated with the defense of laissez faire capitalism John Ryan the Catholic priest whose writings foreshadowed Roosevelt's New Deal legislation Reinhold Niebuhr the influential mainstream Protestant leader who defended America's Cold War strategy of containment while opposing laissez faire capitalism and the arguments of influential African American Protestant and Jewish leaders Finally he looks at the role of religious leaders in the contemporary debates over issues such as health care and welfare reform Whenever possible the relationship between the official views of the religious leaders is analyzed in light of the opinions and voting patterns of their constituents The opinions and voting patterns of secular Americans are also contrasted to those of religious Americans Of particular interest to scholars students and general readers concerned with the role of religion in American politics

*Faith and Reason* Ronald H. Nash, 1994-04 This book explores philosophical questions that have important implications for the truth and rationality of the Christian faith

Work in the Spirit Miroslav Volf, 2001-04-27 Since the rise of modern industrial society work has come to pervade and rule the lives of men and women Although there have been many popular books and church documents on the Christian understanding of work this is the first scholarly effort to articulate a developed Protestant theology of work In *Work in the Spirit* Miroslav Volf interprets work from a new perspective in terms of the doctrine of the Holy Spirit He exhaustively explores the nature of work in both capitalist and socialist societies and considers a variety of work including industrial agricultural medical political and artistic work Examining the importance of alienation in work in industrial and information societies particularly in the relation of workers to management and technology he analyzes various forms of such alienation and elucidates the character of humane

work On the basis of the pneumatological theology of work that he develops Volf rejects the traditional Protestant understanding of work as vocation and takes the concept of charisma as the cornerstone for his theological reflection on work He denies that one is called to do a particular work irrespective of one's inclinations and asserts instead that it is our privilege to do the kind of work for which God's spirit has gifted us All human work done in accordance with the will of God Volf argues is cooperation with God in the preservation and transformation of the world

*Why Conservatives Tell Stories and Liberals Don't* David M Ricci, 2015-12-03 Why do conservatives tell stories Because it helps them win elections and assail liberal policies like health care reform and economic stimulus Why is important but the what and the how behind the stories that conservatives tell are equally interesting and in this new book David Ricci reveals all He shows how conservative activists and candidates tell many tales that come together to project a large scale story a cultural narrative a vision of what America is and what it should do to prosper socially economically and politically Liberals by contrast tend to look for theories rather than stories for mathematical explanations rather than theological axioms for data rather than anecdotes and for statistics rather than homilies The difference is paradoxical Liberals are unlikely to fashion sweeping narratives that capture the public's attention and commitment Yet conservatives may tell attractive stories like the ones that got us into Iraq that momentarily capture voter support but end up costing the country more than it can afford

**The Cross and Reaganomics** Eric R. Crouse, 2013-05-16 The Cross and Reaganomics Conservative Christians Defending Ronald Reagan by Eric R Crouse offers important insights on why Reaganomics was a major reason conservative Christians supported Reagan at the polls On election night in November 1980 Americans witnessed the victory of a conservative to the presidency With the United States experiencing economic stagnation and high inflation many were hopeful of Ronald Reagan's deeds matching his optimistic rhetoric of America's potential What followed was a decade of economic transformation military buildup and a political awakening of conservatism One story that has not received much attention is the relationship between conservative Christians and Ronald Reagan's economic policies Crouse argues that conservative Christians were among the strongest champions of limited government free enterprise particularly small business and anticommunism A surprising number of conservative Christian leaders discussed the works of major free market economists Conservative Christians embraced and tapped into the traditional American values of individual opportunity personal responsibility and human freedom all themes they believed were front and center in Reaganomics Although American pluralism prevented any plan to Christianize the nation by politics in the sphere of economics conservative Christians did witness political and cultural gains

*Liberation Theologies* Ronald G. Musto, 2020-11-25 First Published in 1991 The following is a comprehensive scholarly bibliography of published materials on the varieties of liberation theology mostly in book form available in English It is intended as an introductory survey to this vast and quickly expanding field for the teacher and student of contemporary

theology of biblical hermeneutics and to the interrelationship of politics and religion around the world It will also serve as a comprehensive bibliography

**The Mirage Shall Become a Pool** Ondrej Hron, 2012-11-01 Few things are as important as our notions of justice and mercy Yet how are we to make sense of our moral treatment of the poor given all the political philosophical and theological voices While Christian Scripture is not silent on the matters of social justice and charity even here our variously conditioned presuppositions cause us significant interference Only a careful hermeneutical reset can move us beyond our personal and cultural situatedness This requires a thorough exploration of both interpretative strategies and pertinent scriptural witnesses So how would the New Testament witness have us treat the materially needy How do we act justly and love mercy in walking humbly with our God

10 Issues That Divide Christians Alex McFarland, 2014-02-13 Is agreeing to disagree good enough for God's family Christians don't necessarily agree with each other when it comes to questions of religious pluralism homosexuality the role of government abortion and war Too often we manage these disagreements by ignoring them Yet we are called to engage the world for the sake of Christ How can we be effective if we avoid society's most pressing questions In 10 Issues That Divide Christians Alex McFarland challenges Christ followers to drill down to the biblical core of ten current issues such as social justice evil and suffering pornography and environmentalism among others and echoes the biblical invitation Come let us reason together Only by engaging the Scriptures deeply thinking clearly and speaking truthfully can we in God's family address our differences and discover the peace that comes with unity of purpose With the Bible as our guidebook and the Spirit as our guide we can respond to today's urgent questions with the mind of Christ

*Renewing Minds* David S. Dockery, 2008-04-15 *Renewing Minds* encourages readers to better serve God the church and society by taking part in or supporting Christian higher education

**Spirit-empowered Christianity in the Twenty-first Century** Vinson Synan, 2011 What does a re-vision of the Charismatic Pentecostal Spirit-empowered movement look like in the coming years of this millennium The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well If any generation ceases to accentuate this emphasis the movement likely will forfeit the right to be recognized as such When the Pentecostal message is preached published and proclaimed through triumphant song an atmosphere is sustained for people to experience anew and again the reality of salvation holiness charismata wholeness and hope Such a revival will be biblically based rationally sound traditionally accurate and experientially real
