Social Order Of The Slum Ethnicity And Territory In The Inner City:

The Social Order of the Slum Gerald D. Suttles, 1968 While he did the research for this book Gerald Suttles lived for almost three years in the high delinquency area around Hull House on Chicago's New West Side He came to know it intimately and was welcomed by its residents who are Italian Mexican Puerto Rican and Negro Suttles contends that the residents of a slum neighborhood have a set of standards for behavior that take precedence over the more widely held moral standards of straight society These standards arise out of the specific experience of each locality are peculiar to it and largely determine how the neighborhood people act One of the tasks of urban sociology according to Suttles is to explore why and how slum communities provide their inhabitants with these local norms The Social Order of the Slum is the record of such an exploration and it defines theoretical principles and concepts that will aid in subsequent research *The Social Order of the Slum* Gerald D. Suttles, 1968 *The social order of the slum* Gerald D. Suttles, 1968 The Social Order of the Slum.

Ethnicity and Territory in the Inner City, Etc Gerald Dale SUTTLES, 1968 **Poverty, Ethnicity and the American City, 1840-1925** David Ward, 1989-02-24 David Ward examines the geographical relationship between migrants and the inner city and the creation of slums and ghettos **Gods of the City** Robert A. Orsi, 1999-07-22 Fascinating insights into modern urban religious practice make Orsi's collection a must read Publishers Weekly The essays provide insight into the cultural creativity reinterpretation of worship and religious ingenuity of city people over the last 50 years Library Journal At last a major dissection of the great mystery in modern American life how religion and spirituality prospered amidst industrialization urbanization and rampant technological change after 1880 Jon Butler Yale University Urban religion strikes many as an oxymoron How can religion thrive in the alienated secular fast paced and materialistic world of the modern Western city The authors in this collection believe that cities not only can provide the settings for religious expression but also are material to the experiences which give rise to those religious expressions In this book they explore the distinctly urban forms of religious experience and practice that have developed in relation to the spaces social conditions and history of American cities

City, Street and Citizen Suzanne Hall, Suzanne M. Hall, 2012 How can we learn from a multicultural society if we don't know how to recognise it The contemporary city is more than ever a space for the intense convergence of diverse individuals who shift in and out of its urban terrains The city street is perhaps the most prosaic of the city's public parts allowing us a view of the very ordinary practices of life and livelihoods By attending to the expressions of conviviality and contestation City Street and Citizen offers an alternative notion of multiculturalism away from the ideological frame of nation and away from the moral imperative of community This book offers to the reader an account of the lived realities of allegiance participation and belonging from the base of a multi ethnic street in south London City Street and Citizen focuses on the question of whether local life is significant for how individuals develop skills to live with urban change and cultural and ethnic diversity To animate this question Hall has turned to a city street and its dimensions of regularity and propinquity to explore

interactions in the small shop spaces along the Walworth Road The city street constitutes exchange and as such it provides us with a useful space to consider the broader social and political significance of contact in the day to day life of multicultural cities Grounded in an ethnographic approach this book will be of interest to academics and students in the fields of sociology global urbanisation migration and ethnicity as well as being relevant to politicians policy makers urban designers and architects involved in cultural diversity public space and street based economies **The Price of Poverty** Dan

Dohan,2003-12-01 Drawing on two years of ethnographic fieldwork in two impoverished California communities one made up of recent immigrants from Mexico the other of U S born Chicano citizens this book provides an invaluable comparative perspective on Latino poverty in contemporary America In northern California s high tech Silicon Valley author Daniel Dohan shows how recent immigrants get by on low wage babysitting and dish cleaning jobs In the housing projects of Los Angeles he documents how families and communities of U S born Mexican Americans manage the social and economic dislocations of persistent poverty Taking readers into worlds where public assistance street crime competition for low wage jobs and family pride and cross cultural experiences intermingle The Price of Poverty offers vivid portraits of everyday life in these Mexican American communities while addressing urgent policy questions such as What accounts for joblessness How can we make sense of crime in poor communities Does welfare hurt or help *The SAGE Handbook of Housing Studies* David F

Clapham,William A V Clark,Kenneth Gibb,2012-04-20 Cross disciplinary and critical in its approach The SAGE Handbook of Housing Studies is an elucidating look at the key issues within the field It covers the study of housing retrospectively but also analyses the future directions of research and theory demonstrating how it can contribute to wider debates in the social sciences A comprehensive introductory chapter is followed by four parts offering complete coverage of the area Markets examines the perception of housing markets how they function in different contexts and the importance of housing behaviour and neighbourhoods Approaches looks at how other disciplines economics geography and sociology have informed the direction of housing studies Context traces the interactions between housing studies and other aspects of society providing context to debate housing through issues of space social welfare and the environment Policy is a multi disciplinary and comprehensive take on the major policy issues and the causes and possible solutions of housing problems such as regeneration and homelessness Edited by leading names in the field and including international contributions the book is a stimulating wide ranging read that will be an invaluable resource for academics and researchers in geography urban studies sociology social policy economics and politics **Hispanas de Queens** Milagros Ricourt,Ruby Danta,2018-08-06 What

happens when persons of several Latin American national groups reside in the same neighborhood Milagros Ricourt and Ruby Danta consider the stories of women of different nationalities Colombian Cuban Dominican Ecuadorian Peruvian Puerto Rican Uruguayan and others who live together in Corona a working class neighborhood in Queens Corona has long been an arrival point for immigrants and is now made up predominantly of Spanish speaking immigrants from the Caribbean and

South and Central America with smaller numbers from Asia Africa and Europe There are also long established populations of white Americans mainly of Italian origin and African Americans The authors find that the new pan Latin American community in Corona has emerged from the interactions of everyday living Hispanas de Queens focuses on the places where women gather in Corona bodegas hospitals schoolyards and Roman Catholic and Protestant churches to show how informal alliances arise from proximity Ricourt and Danta document how a group of leaders mainly women consciously promoted this strong sense of community to build panethnic organizations and a Latino political voice Hispanas de Queens shows how a new group identity Hispanic or Latino is formed without replacing an individual's identification as an immigrant from a particular country Instead an additional identity is created and can be mobilized by pan Latino leaders and organizations

Housing Urban America E. Jay Howenstine, 2017-09-04 Life liberty and the pursuit of housing an increasingly difficult quest in the contemporary urban United States where crime urban blight and continuing capital decay undercut the advantages of city living The American dream has moved to the suburbs the nightmare of our cities prompts new recognition both in the president's cabinet and the college curriculum The editors of this book have updated their acclaimed earlier collection providing new introductory articles new papers such as Discrimination in Housing Prices and Mortgage Lending A Summary Report of Current Findings from the Experimental Housing Allowance Program Alternative Mortgage Designs and Their Effectiveness in Eliminating Demand and Supply Effects on Inflation and a new bibliography of the literature Additional chapters focus on differing strategies for improved urban housing and renewal by providing concrete suggestions for distributing existing resources and allocating new funding The bibliography provides the best single guide to the current literature on housing *Housing Urban America* in this new edition is an important guide to those students and scholars fascinated by the essential questions of adequate housing its social costs and the source of the revenues to provide it

The Socio-economics of Crime and Justice Brian Forst, 2016-06-16 This book on crime and justice is motivated primarily by the idea that individual behaviour is influenced both by self interest and by conscience or by a sense of community responsibility Forst has assembled a collection of authors who are writing in four parts 1 the philosophical foundations and the moral dimension of crime and punishment 2 the sense of community and the way it influences the problem of crime 3 on offenders and offences and 4 on the response of the criminal justice system
