**Civic Engagement of Asian American Student Leaders** Ma. Glenda Lopez Wui, Cameron S. White, 2022-11-23 Civic Engagement of Asian American Student Leaders examines the civic lives of Asian American youth and analyzes their civic engagement through in depth interviews with fifteen student leaders from a Tier One university in Southeast Texas This book provides a counter narrative to the portrayal of Asian Americans as apolitical and less interested in civic matters Such depictions arise from the characterization of Asian Americans as model minority who mainly focus on economic success and are socially and economically integrated in American society However the stories of the student leaders cultivated by Ma Glenda Lopez Wui and Cameron S White illustrate that their challenging racialized experiences inspired their civic involvement Their civic engagement creates empowerment in terms of asserting their ethnic identity imbibing leadership qualities and long term commitment to civic engagement and subverting stereotypes against Asian Americans The book paints a more varied picture of Asian American

youth civic engagement that is not entirely anchored in ethnic identity or non political involvement contrary to articulations of existing studies Wui and White hope that the student leaders narratives shed better light on the civic commitments of Asian Americans to American society especially in these times when there is increased bias and racial prejudice in the current atmosphere and culture
