Psychotherapy for a Democratic Mind Israel W. Charny, 2018-01-19. *Psychotherapy for a Democratic Mind* proposes that the optimal goal of psychotherapy lies in cultivating a free mind with integrity that will not seek to do major harm to one's life or to the lives of others. This book looks at a wide range of psychiatric disorders including classic conditions of neurosis, personality disorders and psychoses through a different lens. Rather than simply enumerating symptoms, namely how a person is addressing the opportunity of his/her life and the lives of others and whether a person is doing harm to themselves and/or others, this book proceeds to grapple with several critical life experiences and styles: tragedy, violence and evil, all of which often have posed insurmountable problems in therapy.
