Islam William F. Russell, 2013-06-11 We must ask ourselves can we allow a group of fundamentalist Muslims following the culture of Islam to freely attack our country our Democratic institutions our freedom of speech our freedom of religion our very civilization and get away with it This is a very controversial subject Our president tells us Islam is a religion of peace Yet we see many examples of the violence of Islam throughout the world and a long history of well documented Islamic violence for over 1400 years What is the truth Our country has always welcomed immigrants from all walks of life and from every religion We protect religions in this country But is Islam truly only a religion Should Islam have religion status That subject will be discussed in this book Some exclaiming fear of the threat of Islam are accused of Islamophobia but when you examine the historical facts like the 9 11

attack in New York City by Muslims that destroyed the World Trade Center and killed nearly 3 000 Americans what is actually happening Daily in Great Britain and numerous countries in Europe fear becomes a reality not a phobia In the early 1930s we were told by many soothsayers that the Nazis were not a threat But some leaders like Winston Churchill knew the truth and eventually the world woke up to his call and was energized to action to stop the evil Nazi empire which nearly took over the world It required a disastrous World War to do it We do not want to repeat that error and wait until it is too late to stop this insidious invasion of Islam What is the truth What should be our position regarding Islam Should we expose our culture to one which says it wants to dominate us and bring to us a set of laws known as Sharia which will make a mockery of our freedoms and subjugate women to second class status This book details the many barbaric concepts of the philosophy of Islam and examines actions we must consider in defense of the cherished and hard earned freedoms which are our right under the Constitution and the Bill of Rights in our democratic world The author was born in New York City in November 1925 the eldest of three children of Dr and Mrs Frank H Russell He graduated in 1950 from the University of Colorado with a Pre Medical Major but spent much of his life in international business as a corporate executive and CEO He has been an entrepreneur for the past 40 years William is currently concentrating on writing keywords Islam Threat to Civilization Islam History Islam Objectives Violence Sharia Law Freedom Invasion Fundamentalist Muslims Islam William Russell,2017-03-24 Civilization Suffers Where Islam Rules When the terrible events of 9 11 struck New York City I was astonished that there were such a large number of people in the Islamic countries of the Middle East who hate us who danced in the streets and burned our flag shouting Death to America when they heard the tragic news The fact that our sovereign country was invaded property destroyed and thousands of innocent Americans were murdered by this sneak attack this act of war stirred me to find out who did it and why When we learned that 11 university educated Muslim men 4 with PHD S performed this evil act simply because their God Allah the God of Islam told them to do it was disturbing enough but when further study revealed the fundamental objective of these Muslim fanatics is to take over the world with their philosophies energized me to learn more about Islam and write this book Keywords Islam Threat of Islam Islam a Theocracy Islam Hates Jews Islam and Nazism Islam and Isis Islam and Terrorism Islam Violent Religion Islam Sharia Law Islam at War Child and Family Social Work ,2008-04-30 A special edition of Child Family Social Work focusing on the lives and circumstances of refugee and asylum seeking children and families in several countries Australia Ireland Norway and the United Kingdom Predominantly focusing on unaccompanied or separated children who come to these countries without an adult to look after them But equally importantly many children are accompanied by adult members who seek asylum and sometimes achieve their goal of full refugee status Papers include The child s or the State s best interests An examination of the ways immigration officials work with Unaccompanied asylum seeking minors in Norway Ada Engebriksen Asylum Children s rights and Social Work Sarah Cemlyn and Linda Briskman How social workers work with African Refugee Children

and their families Toyin Okitikpi and Cathy Amer Promoting psychosocial wellbeing in unaccompanied minors in the United Kingdom Ravi Kohli and Rosie Mather Unsettling the social in social work responses to asylum seeking children in Ireland Alastair Christie The social services response to unaccompanied children in England Fiona Mitchell Each paper analyses the strength and weaknesses of the systems and practices in working with Asylum seekers and refugees

Tackling men's violence in families Eriksson, Maria, Hester, Marianne, 2005-06-22 Nordic countries are generally regarded as global welfare role models in terms of their image of being gender equal child friendly and culturally tolerant Consequently the influence of Nordic welfare systems in transnational academic and policy debates has been immense By focusing on the vital welfare issue of violence by men to female partners and or their children this book seeks to reconsider this over simplistic image Drawing on new research from Denmark Finland Norway and Sweden the book critically examines how men s violence in families is perceived and responded to in the Nordic context It pays particular attention to the links between violence to women and violence to children children s perspectives professional discourses and responses and legal and policy approaches With clear links between research policy and practice the book is highly relevant to a wide audience including academics researchers and students in the fields of social work health criminology sociology social policy gender studies European studies and law It is also recommended reading for welfare managers practitioners and policy makers

Child Welfare Systems and Migrant Children Marit Skivenes, 2015 The book examines where why and to what extent immigrant children are represented in the child welfare system in 11 high income countries By comparing policies and practices in child welfare systems and welfare states especially in terms of how they conceptualize and deal with immigrant children and their families we address an immensely important and pressing issue in modern societies

Devolving Identities Lynne Pearce, 2017-03-02 There is no doubt that the political and cultural map of Europe is in the process of being radically redrawn Alongside the major upheavals in continental Europe the British Isles has undergone far reaching constitutional reform In *Devolving Identities* feminist scholars explore their personal negotiations of gender class ethnicity and national or regional identity through their readings of two literary and cultural texts The collection centres on the ontological experience of reading and writing as a feminist and combines the discussion of texts which are inscribed whether consciously or unconsciously with the academics own struggle to reconcile their roots with their current situations

or identities This book's focus on the overlapping of gender and national or regional identity is a direct response to the devolution movements currently active in the British Isles The contributors are drawn from Scotland Wales Cornwall Ireland Northern Ireland and selected regions of England In its complex engagement of subject and text and its political insistence that we no longer consider key aspects of identity in isolation this volume presents a truly state of the art investigation of what it means to be regionally defined and how the complexity of our positioning in terms of class gender and nation impacts upon our practice as literary and cultural critics *Social Work in Europe* ,2001
