Social Work and Service Learning Meryl Nadel, Virginia Majewski, Marilyn Sullivan-Cosetti, 2007 Service learning and social work education comprise an exciting yet underutilized partnership This book represents the first comprehensive overview of this active and empowering approach to learning in social work Both educators and practitioners will discover conceptual and practical guidance for developing productive community based projects Often envisioned as located at the midpoint on a continuum from volunteer work to internship service learning combines the opportunity to serve with the opportunity to learn It offers community agencies a chance to collaborate with academic colleagues to meet identified community needs frequently with an explicit social justice dimension The contributors illustrate how service learning facilitates students understanding and interacting with community members as partners not clients Service learning encourages students to use critical thinking skills to reflect on their work and its implications This combination of study action reflection in conjunction with course content is highly effective The book explores its subject from several perspectives The first section serves as a conceptual and theoretical orientation to service learning in social work The second section offers models that illustrate many ways of implementing service learning across the components of the social work curriculum The final two parts of the book focus on evaluation and service learning in the broader context of civic engagement

Social Work and Sustainability in Asia Alice M. L. Chong, Iris Chi, 2019-01-22 The rapid trend of globalization has brought with it a variety of sustainability challenges including global climate change biodiversity loss poverty and social inequalities which are problems with unclear boundaries complicated interrelated components undefined parameters contradictory values and no single solution Social work has a long standing tradition of emphasizing the interaction of people and their environment For this reason the field of social work is one of the best placed academic disciplines for studying the impact of environmental change on social systems and should play an important role in developing strategies for mitigating and adapting to these environmental challenges However traditional social work tends to

lack sustaining work and neglect globally interconnected social problems Combining case studies and country reports from around Asia with a theoretical framework for understanding sustainability concerns this book aims to show how social work can play a valuable role in mitigating and adapting to environmental challenges and social sustainability For social work to develop a meaningful and viable profession that addresses contemporary sustainability issues it requires changes and transformation in paradigm theories strategies social policy and social services that will facilitate a sustainable future for all mankind
