pedagogical issues fieldwork practice models of education of social work practitioners and current critical issues These selected conference papers lay the groundwork for anti oppressive practice in a way that will generate discussion and inspire researchers and practitioners Doing Anti-Oppressive Practice, Third Edition Donna Baines,2020-05-06T00:00:00Z This updated third edition of the immensely popular Doing Anti Oppressive Practice introduces students to anti oppressive social work its historical and theoretical roots and the specific contexts of anti oppressive social work practice Key to this practice is the understanding that the problems faced by an individual are rooted in the inequalities and oppression of the socio political structure of society rather than in personal characteristics or individual choices Moreover the contributors show that social justice and social change working against racism sexism and class oppression can and must be a key component of social work practice Drawing on concrete examples from specific practice contexts personal experience and case work including child welfare poverty mental health addictions and disability the contributors demonstrate how to translate social justice theory into everyday practice This new edition adds chapters on working with refugee immigrant and racialized families children older adults cognitive behavioural therapy and using social media as a tool for social change

Decolonizing Social Work Mel Gray,John Coates,Michael Yellow Bird,Tiani Hetherington,2016-05-13 Riding on the success of Indigenous Social Work Around the World this book provides case studies to further scholarship on decolonization a major analytical and activist paradigm among many of the world s Indigenous Peoples including educators tribal leaders activists scholars politicians and citizens at the grassroots level Decolonization seeks to weaken the effects of colonialism and create opportunities to promote traditional practices in contemporary settings Establishing language and cultural programs honouring land claims teaching Indigenous history science and ways of knowing self esteem programs celebrating ceremonies restoring traditional parenting approaches tribal rites of passage traditional foods and helping and healing using tribal approaches are central to decolonization These insights are brought to the arena of international social work still dominated by western based approaches Decolonization draws attention to the effects of globalization and the universalization of education methods of practice and international development that fail to embrace and recognize local knowledges and methods In this volume Indigenous and non Indigenous social work scholars examine local cultures beliefs values and practices as central to decolonization Supported by a growing interest in spirituality and ecological awareness in international social work they interrogate trends issues and debates in Indigenous social work theory practice methods and education models including a section on Indigenous research approaches The diversity of perspectives decolonizing methodologies and the shared struggle to provide effective professional social work interventions is reflected in the international nature of the subject matter and in the mix of contributors who write from their contexts in different countries and cultures including Australia Canada Cuba Japan Jordan Mexico New Zealand South Africa and the USA *Spirituality and Social Work* Dr. Veda C.V,Mrs. Anitha.S,2021-06-10 **One Hundred Years of Social Work** Therese

Jennissen, Colleen Lundy, 2011-02-17 *One Hundred Years of Social Work* is the first comprehensive history of social work as a profession in English Canada. Organized chronologically, it provides a critical and compelling look at the internal struggles and debates in the social work profession over the course of a century and investigates the responses of social workers to several important events. A central theme in the book is the long-standing struggle of the professional association, the Canadian Association of Social Workers, and individual social workers to reconcile advancement of professional status with the promotion of social action. The book chronicles the early history of the secularization and professionalization of social work and examines social workers' roles during both world wars, the Depression, and in the era of postwar reconstruction. It includes sections on civil defence, the Cold War, unionization, social work education, regulation of the profession, and other key developments up to the end of the twentieth century. Drawing on extensive archival research as well as personal interviews and secondary literature, the authors provide strong academic evidence of a profession that has endured many important changes and continues to advocate for a just society and a responsive social welfare state. *One Hundred Years of Social Work* will be of interest to social workers, social work students, and educators, social historians, professional associations, and anyone interested in understanding the complex nature of people and institutions.

Spirituality in Social Work and Education
Janet Groen, Diana Coholic, John R. Graham, 2013-01-24 Over the past ten years, the fields of social work and education have grappled separately with definitions of spirituality, ways to integrate spirituality into the classroom, and the rendering of spirituality as a meaningful concept for practitioners, students, and researchers. Social work and education have many commonalities in areas of engagement with children, families, and communities. For the first time, this book brings together these two professional disciplines for interdisciplinary discussions that advance our knowledge in the broad area of spirituality. The book's three sections reflect broad topic areas created to facilitate dialogue between the contributors, all of whom have established expertise in exploring spirituality in education or social work. The first section of the book explores the historical and theoretical underpinnings of spirituality in education and social work. Examination of our respective heritages uncovers the religious roots within our professions and reveals a present understanding of spirituality that calls for active engagement in challenging oppression and working toward social justice. The second section shifts the focus to the pedagogical implications of incorporating spirituality into higher education classrooms. The varied level of acceptance and the tensions that come from including spirituality implicitly or explicitly in the programs and coursework in our respective faculties are illuminated by authors in both professions. The final section explores issues related to practising and teaching in the field from a spiritually sensitive perspective.
