being an older person and how practitioners can work to make positive differences to older people's lives. In addition, the book goes beyond the mechanistic care management approaches to social work and encourages the reader to see older people holistically. Features case studies and exercises to assist readers in reflecting on their practice. Examines a range of contexts and perspectives including sexuality, spirituality, learning disabilities. Encourages wider reflection on the constraints posed by organisations employing social workers and the impact on their practice. Provides an up-to-date exploration of safeguarding issues. The authors take into account financial constraints with regard to the care of older people and the impact of a changing demography but remain upbeat and positive about the value of social work intervention. Social Work with Older People is relevant for students on placement in adult services or voluntary organizations and social work practitioners working with older people. Getting Ready for Direct Practice in Social Work Peter Scourfield, 2017-05-08. This very practical book will support students to meet the requirements of the compulsory Readiness for Direct Practice assessment. Useful for social work students and lecturers alike, it takes each of the 9 domains that students are tested on, breaks them down step by step, and provides a range of interactive activities that enable them to acquire the knowledge, values, and skills for practice required at this level. It offers students a foundation to the key areas of knowledge for each of the 9 domains while also signposting them to other popular books in the Transforming Social Work Practice series for a more detailed discussion as well.

**Creative Approaches to Social Work Practice Learning** Heidi Dix, Aisha Howells, 2025-02-28. A guide to enable social work practice educators to be more creative in the teaching, supervision, and assessment of students. Practice educators as social workers are used to being creative and innovative in their demanding roles in practice. But often they can struggle to find the time to integrate this creativity in the teaching and learning with students. To support a student's ability to develop their critical thinking, practice educators need to possess and demonstrate a range of different skills and knowledge around models and strategies of teaching, supervision, and assessment. This concise guide enables practice educators to be more creative in the teaching, supervision, and assessment of students. Containing stand-alone but inter-linked chapters that each cover an innovative or creative approach in practice education, this book provides accessible material and practice guidance to enable practice educators to cultivate a creative approach to learning. This includes contemporary and diverse ideas around the teaching, supervision, and assessment of social work students who are undertaking their practice learning placements. Each chapter is written by a qualified practice educator, enabling them to draw upon their experiences of effectively supporting the development of students and the building of a learning relationship. The book bridges theory and practice, providing a straightforward and useful resource for practice educators to draw upon, thus supporting their research-mindedness to inform their practice and contribute to their knowledge base. Both of which are indicative skills within their expert specialist

roles In short the book provides a range of creative approaches demonstrates their application in practice and helps to build a creative toolbox to use within practice
