✓ Exclusively available on IvyPanda

### Thesis and Theoretical Perspectives

The book "Social Things: An Introduction to the Sociological Life" by Lemert (2012) focuses on introducing sociologic concepts and theories through various interpretations and stories. The author's main thesis is a broad presentation of sociology, including such sections as the history and the connection with other disciplines (new post-disciplinary social theory, queer theory, globalization, etc.). The above thesis is rather convincing since it is based on strong arguments and real-life examples used by the author to support his assumptions.

The theoretical perspectives in the mentioned books are contemporary issues regarding sociological life and things on a global scale. For example, the author discusses the tsunami that occurred in Japan in 2011 and the environmental crises, which are man-made disasters largely caused by people. Lemert (2012) argues that it is sociological incompetence along with disorganization that led to such lamentable consequences. Another example is queer theory, the onset of which refers to gender identity is also interpreted by the author as a theoretic perspective.

### Biases, Strengths, and Weaknesses

The only evident bias is associated with the writing style of the author who sometimes rapidly moves to other topics and frequently repeats his thoughts regarding one or the other issue. It may seem that the author wants to clarify his attitude to a certain topic by being as much precise as possible. However, this distracts a reader from the main point to some extent. As a result, the style seems to be incoherent and inaccurate. As for the presentation of facts, there is no bias.

Speaking of the strengths of the given book, one may note that it presents the modern realities and helps to understand them. It is one of those books that make it clear what one or the other event or disaster means on a global scale in terms of

## **Social Things An Introduction To The Sociological Life:**

Social Things Charles Lemert, 2005-07-14 Once again Lemert has revised and updated Social Things a best seller that is admired by teachers students and parents for its riveting brilliance In this edition he challenges readers to appreciate the surprising story of how globalization requires even the most reluctant to engage with its strange effects In a new and original chapter Global Things Queer the Social Lemert unblushingly explains that globalization became a dominant force in everyday life at the very time when ordinary life was threatened by extraordinary human crises of poverty and disease The new world order is queer in more ways than one It forces us to rethink social taboos including those on talk about sex and sexualities As in its earlier editions Social Things excites disturbs and instructs readers who wonder what globalization means to them and how their sociological competence can contend with the way it emboldens people to look at the world honestly **Social**

**Things** Charles C. Lemert, 2005 Once again Lemert has revised and updated Social Things a best seller that is admired by teachers students and even their parents for its riveting brilliance In this edition he challenges readers to appreciate the surprising story of how globalization requires even the most reluctant to engage with its strange effects In a new and original chapter Global Things Queer the Social Lemert unblushingly explains that globalization became a dominant force in everyday life at the very time when ordinary life was threatened by extraordinary human crises of poverty and disease The new world order is queer in more ways than one It forces us to rethink social taboos including those on talk about sex and sexualities As in its earlier editions Social Things excites disturbs and instructs readers who wonder what globalization means to them and how their sociological competence can contend with the way it emboldens people to look at the world honestly **Social**

**Things** Charles C. Lemert, 1997 Sociologist Charles Lemert challenges readers with the surprising idea that sociology is one of the skills whereby all people cope with the demands and capture the joys of life Writing with grace and elegance Lemert opens the eye of the imagination to the vast reaches of global and societal process **Social Things** Charles

Lemert, 2011-08-16 In fifteen years Charles Lemert's Social Things has become a much loved modern classic among teachers students and many other readers for introducing the sociological imagination through lively memorable stories and interpretations This fifth edition is fresh the history of sociology section is updated to incorporate new discussions of the way sociological ideas have spread into numerous other fields to inform the new post disciplinary social theory the book now includes original yet practically vivid presentations of globalization queer theory critical race theory and much else and an entirely new chapter Global Things on a Fragile Planet addresses the environmental crises that challenge our global world Lemert focuses on man made disasters like the Gulf of Mexico Oil Spill in 2010 and natural tragedies like the 2011 earthquakes and tsunami in Japan in which the fragility of organized human life and the sociological incompetence of many social structures are dramatically illustrated **Researching Social Life** Nigel Gilbert, Paul Stoneman, 2015-12-15 Paul Stoneman and Nigel Gilbert breathe new energy into this classic bestselling textbook providing clear relevant advice and

extensive coverage of all the research methods you need to understand today's society. Packed full of examples from across the social sciences, *Researching Social Life* sets out all of the challenges and opportunities of interpreting and conducting research with qualitative, quantitative, and mixed methods. The book follows the chronology of a typical research project from initial conception through to the collection, management, and analysis of data; it also includes material on how best to write up and disseminate your research. This pragmatic approach mirrors the reality of conducting research and allows the handpicked internationally renowned contributors to embed real case studies from their own research in each chapter. The student-oriented pedagogy is carefully woven throughout the book and further supported by a cutting-edge website. Key tools include in-depth worked examples, case studies, discussion questions, checklists, annotated further reading, practical top tips for doing research. With unparalleled breadth and depth, this trusted and respected textbook is an essential guide for anyone engaging with social research.

[Social Problems](#) Anna Leon-Guerrero, 2018-07-10 Empower your students to become part of the solution. The new Sixth Edition of Anna Leon Guerrero's *Social Problems: Community Policy and Social Action* goes beyond the typical presentation of contemporary social problems and their consequences by emphasizing the importance and effectiveness of community involvement to achieve real solutions. With a clear and upbeat tone, this thought-provoking text challenges readers to see the social and structural forces that determine our social problems, to consider various policies and programs that attempt to address these problems, and to recognize and learn how they can be part of the solution to social problems in their own community. New to This Edition: Many of the social policy discussions, including immigration, LGBTQ rights, the Affordable Care Act, and Internet neutrality, have been updated to reflect the most recent government actions and debates. More recent data and new data sources have been incorporated throughout both in the main narrative and in the *Exploring Social Problems* features. New Voices in the Community: subjects on gender, work, and the economy, and war and terrorism appear in several chapters. New In Focus topics include Black Lives Matter, assault weapons, and college drug problems. The chapter on gender has been substantially updated with new or expanded coverage of binary, cisgender, transgender, identification, gender nonconformity, discrimination, sexual misconduct on college campuses, and the rights of trans and intersex individuals. Other new or expanded coverage elsewhere includes economic anxiety, robotization in the workplace, white nationalists, feminist theories about race, fake news, net neutrality, community policing, gentrification, and segregation in U.S. cities, and the immigration and environmental policies of the Trump administration.

[Sociology: The Basics](#) Ken Plummer, 2016-05-31 A lively, accessible, and comprehensive introduction to the diverse ways of thinking about social life. *Sociology: The Basics*, second edition, examines the scope, history, and purpose of sociology; ways of understanding society and the social state of the world we live in today; suffering and social inequalities; key tools for researching and thinking about society; the impact of the digital world and new technologies; the values and the role of sociology in making a better world for all. The reader is encouraged to think critically about the structures, meanings, histories, and cultures found in

the rapidly changing world we live in With tasks to stimulate the sociological mind and suggestions for further reading both within the text and on an accompanying website this book is essential reading for all those studying sociology and those with an interest in how the modern world works      **Sociology for Music Teachers** Hildegard Froehlich,Gareth Smith,2017-04-21 Sociology for Music Teachers Practical Applications Second Edition outlines the basic concepts relevant to understanding music teaching and learning from a sociological perspective It demonstrates the relationship of music to education schooling and society and examines the consequences for making instructional choices in teaching methods and repertoire selection The authors look at major theories and concepts relevant to music education texts in the sociology of music and thoughts of selected ethnomusicologists and sociologists The new edition takes a more global approach than was the case in the first edition and includes the application of sociological theory to contexts beyond the classroom The Second Edition Presents major theories in ethnomusicology both traditional and contemporary Takes a global approach by presenting a variety of teaching practices beyond those found in the United States Emphasizes music education in a traditional classroom setting but also applies specific constructs to studio teaching situations in conservatories with private lessons and community music Provides recommendations for teaching practices by addressing popular music in school music curricula suggests inclusionary projects that explore musical styles and repertoire of the past and present and connects school to community music practices of varying kinds Contains an increased number of suggestions for projects and discussions among the students using the book      Social Ethics Charlotte Perkins Gilman,2004-04-30 First serialized in 1914 Social Ethics attempts to convince readers that individualist ethics have failed to make the world a safe place for children and that we cannot progress to a fully social ethics unless we understand the morality of collective action from a specifically sociological point of view Gilman argues that in order to be fully progressive ethics must shift from its traditional focus on individual behaviors to the structure morality and outcomes of social or group actions The social ills she addresses in her attempt to advocate for a reexamination of our ethics include topics still relevant today militarism waste religious intolerance conspicuous consumption greed graft environmental degradation preventable diseases and patriarchal oppression in its numerous manifestations Hill and Deegan s purpose in recovering this forcefully argued book from obscurity is to show not only that Gilman s central arguments remain largely valid and cogent today but also that Gilman is a major and substantive contributor to the shape and importance of sociology in its formative years Traditional ethics Gilman argues fail to resolve the enduring problems facing society because our received ethical systems are invariably and mistakenly founded on individualist rather than social logics The shape of our collective future if it is to be progressive and morally responsible depends fundamentally on adopting a sociological perspective and our guiding principle must be to make the world a safe and nurturing place for babies and children Anything less in Gilman s view is morally degenerate In their carefully considered introduction Hill and Deegan locate Gilman s personal and professional sociological identity within a

network of influential and collegial sociologists and relate Social Ethics to Gilman's interests in evolutionary thought Fabian economics feminist pragmatism and the cognate work of Thorstein Veblen The publication of Social Ethics in book form recovers an important theoretical treatise for a new generation of students scholars and fans of Gilman's Herland Ourland saga

**Building a Bridge to the 18th Century** Neil Postman, 2011-06-08 At a time when we are reexamining our values reeling from the pace of change witnessing the clash between good instincts and pragmatism dealing with the angst of a new millennium Neil Postman one of our most distinguished observers of contemporary society provides for us a source of guidance and inspiration In Building a Bridge to the Eighteenth Century he revisits the Enlightenment that great flowering of ideas that provided a humane direction for the future ideas that formed our nation and that we would do well to embrace anew He turns our attention to Goethe Voltaire Rousseau Diderot Kant Edward Gibbon Adam Smith Thomas Paine Jefferson and Franklin and to their then radical thinking about inductive science religious and political freedom popular education rational commerce the nation state progress and happiness Postman calls for a future connected to traditions that provide sane authority and meaningful purpose as opposed to an overreliance on technology and an increasing disregard for the lessons of history And he argues passionately for specific new guidelines in the education of our children with renewed emphasis on developing the intellect as successfully as we are developing a computer driven world Witty provocative and brilliantly reasoned Building a Bridge to the Eighteenth Century is Neil Postman's most radical and most commonsensical book yet

The State and the Grassroots Alejandro Portes, Patricia Fernández-Kelly, 2015-07-01 Whereas most of the literature on migration focuses on individuals and their families this book studies the organizations created by immigrants to protect themselves in their receiving states Comparing eighteen of these grassroots organizations formed across the world from India to Colombia to Vietnam to the Congo researchers from the United States Belgium France the Netherlands and Spain focus their studies on the internal structure and activities of these organizations as they relate to developmental initiatives The book outlines the principal positions in the migration and development debate and discusses the concept of transnationalism as a means of resolving these controversies

Invitation to the Sociology of Religion Phil Zuckerman, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

Writing a Small Nation's Past Neil Evans, 2016-02-17 This is the first volume to examine how the history of Wales was written in a period that saw the emergence of professional historiography largely focused on the nation across Europe and in the United States It thus sets Wales in the context of recent work on national history writing in the nineteenth and twentieth centuries and more particularly offers a Welsh perspective on the ways in which history was written in small mainly stateless nations The comparative dimension is fundamental to the volume's aim highlighting what was distinctive about Welsh historical writing and showing how the Welsh experience mirrors and illuminates broader historiographical developments The book begins with an introduction that uses the concept of historical culture as a way of exploring the different strands of historiography

covered in the collection providing orientation to the chapters that follow These are divided into four sections Contexts and Backgrounds Amateurs and Popularizers Creating Academic Disciplines and Comparative Perspectives All these themes are then drawn together in the conclusion to examine how far Welsh historians exemplify widespread trends in the writing of national history and thereby point up common themes that emerge from the volume and clarify its broader significance for students of historiography

The Politics of the Book Filipe Carreira da Silva, Mónica Brito Vieira, 2019-04-29 It is impossible to separate the content of a book from its form In this study Filipe Carreira da Silva and Mónica Brito Vieira expand our understanding of the history of social and political scholarship by examining how the entirety of a book mediates and constitutes meaning in ways that affect its substance appropriation and reception over time Examining the evolving form of classic works of social and political thought including W E B Du Bois's *The Souls of Black Folk* G H Mead's *Mind Self and Society* and Karl Marx's 1844 *Economic and Philosophic Manuscripts* Carreira da Silva and Brito Vieira show that making these books involved many hands They explore what publishers editors translators and commentators accomplish by offering the reading public new versions of the works under consideration examine debates about the intended meaning of the works and discussions over their present relevance and elucidate the various ways in which content and material form are interwoven In doing so Carreira da Silva and Brito Vieira characterize the editorial process as a meaning producing action involving both collaboration and an ongoing battle for the importance of the book form to a work's disciplinary belonging ideological positioning and political significance Theoretically sophisticated and thoroughly researched *The Politics of the Book* radically changes our understanding of what doing social and political theory and its history implies It will be welcomed by scholars of book history the history of social and political thought and social and political theory

**An Invitation to Sociology of Religion** Phil Zuckerman, 2010-10-18 Written in lively prose this second edition introduces students to the major themes problems and goals of the sociological study of religions

**The Historicity of Understanding and the Problem of Relativism in Gadamer's Philosophical Hermeneutics** Osman Bilen, 2001

Understanding Inequality Barbara A. Arrighi, 2007-04-19 As the age of globalization and New Media unite disparate groups of people in new ways the continual transformation and interconnections between ethnicity class and gender become increasingly complex This reader comprised of a diverse array of sources ranging from the New York Times to the journals of leading research universities explores these issues as systems of stratification that work to reinforce one another *Understanding Inequality* provides students and academics with the basic hermeneutics for considering new thought on ethnicity class and gender in the 21st century

The Sociology of Sports Coaching Robyn L. Jones, Paul Potrac, Chris Cushion, Lars Tore Ronglan, 2010-11-26 Sports coaching is a social activity At its heart lies a complex interaction between coach and athlete played out within the context of sport itself a socio culturally defined set of practices In this ground breaking book leading international coaching scholars and coaches argue that an understanding of sociology and social theory can help us better grasp the interactive

nature of coaching and consequently assist in demystifying the mythical art of the activity The Sociology of Sports Coaching establishes an alternative conceptual framework from which to explore sports coaching It firstly introduces the work of key social theorists such as Foucault Goffman and Bourdieu among others before highlighting the principal themes that link the study of sociology and sports coaching such as power interaction and knowledge and learning The book also outlines and develops the connections between theory and practice by placing the work of each selected social theorist alongside contemporary views on that work from a current practicing coach This is the first book to present a critical sociological perspective of sports coaching and as such it represents an important step forward in the professionalization of the discipline It is essential reading for any serious student of sports coaching or the sociology of sport and for any reflective practitioner looking to become a better coach

**Theory and Practice in Sociology** Ian Marsh, 2014-05-12 Theory and Practise in Sociology provide s students with a comprehensive clear and accessible introduction to the main methods of research and the main theoretical approaches in sociology and help s them examine the relationship between methods and theory

**Encyclopedia of Contemporary American Culture** Robert Gregg, Gary W. McDonogh, Cindy H. Wong, 2005-11-10 As a meeting point for world cultures the USA is characterized by its breadth and diversity Acknowledging that diversity is the fundamental feature of American culture this volume is organized around a keen awareness of race gender class and space and with over 1 200 alphabetically arranged entries spanning the American century from the end of World War II to the present day the Encyclopedia provides a one stop source for insightful and stimulating coverage of all aspects of that culture Entries range from short definitions to longer overview essays and with full cross referencing extensive indexing and a thematic contents list this volume provides an essential cultural context for both teachers and students of American studies as well as providing fascinating insights into American culture for the general reader The suggestions for further reading which follows most entries are also invaluable guides to more specialized sources
