

NOTES ON A CONCEPTUAL FRAMEWORK FOR UNITARY SOCIAL WORK PRACTICE

Ron Baker*

["Plurality which is not reduced to unity is confusion; unity which does not depend on plurality is tyranny".

Pascal, *Pensees*, 1670.

"It is not enough to teach a man a speciality. Through it he may become a kind of useful machine but not a harmoniously developed personality. It is essential that the student acquire an understanding of and a lively feeling for values. He must acquire a vivid sense of the beautiful and of the morally good. Otherwise he — with his specialized knowledge — more closely resembles a well trained dog than a harmoniously developed person. He must learn to understand the motives of human beings, their illusions, and their sufferings in order to acquire a proper relationship to individual fellow-men and to the community".

Albert Einstein, on *Education for Independent Thought* — 1952.

"Theory without practice is sterile and practice without theory is blind".

Unknown (Often attributed to Karl Marx).

"Innovation springs from the collision between traditional assumptions and changing realities between theory and practice in a creatively irreverent mind capable of perceiving how poorly conventional wisdom fits the evolving world".

David Donnison, *Social Policy and Administration Revisited*.]

ONE of the most crucial issues facing students, practitioners, and educators is whether social work practice is a unique activity that is grounded in a distinctive practice theory. The issue is com-

plex, controversial, and central to any discussion of unitary (generic)** social work. The first part of this paper explores a number of positions and questions in relation to this issue and identifies purposes which are

*Professor of Social Work, University of New South Wales, Sydney, Australia.

**For the purposes of this paper the terms 'unitary', 'generic' and 'integrated' are used synonymously.

Social Work Colin Pritchard, Richard Taylor, 2024-03-08 First published in 1978 Social Work is concerned with relating social methods and objectives to political ideology Social work grew out of the fertile tradition of mainstream Liberal radicalism in the nineteenth century and to appreciate its largely implicit contemporary value framework it is essential to analyse the ideologies of Conservatism and social democracy which have dominated Britain in the twentieth century The links between social work methods and aspirations and political ideology are thus explored in some detail A key argument which closely involves social work relates to the potential for social change within the existing institutional structures The question of Legitimation is thoroughly examined in this context from all viewpoints and the conclusions for social work development are discussed This book will be of interest to students of social work sociology and political science

Social Work with Groups Helen Northen, Roselle Kurland, 2001-08-23 When should someone not be admitted to a group How can a reluctant child be persuaded to participate in a group What is the best way to deal with issues of low self esteem Part of the enduring appeal of this classic work is its vivid depiction of actual group work and the challenges that arise Opening with an instructive survey of the roots and development of group social work from the first YMCA to the establishment of the NASW Northen and Kurland contribute to the integration of theory and research that forms the basis of group social work practice Using an ecosystem approach they set forth a generic framework for practice with diverse groups establishing a common core of values knowledge purposes and interventions that can be applied to different populations and situations With clear step by step guidance this book covers the major issues as well as the ethical challenges that working with groups entails This fully revised and updated edition includes seven new chapters that reflect the most recent

developments in group practice The Life Model of Social Work Practice Alex Gitterman, Caryl B. Germain, 2008-05-27
Originally published in 1980 this seminal work was the first to introduce an ecological perspective into social work practice
The third edition expands and deepens this perspective further developing the basic premise that by being situated within
the people environment interface the social work profession is distinct from other service professions The book presents the
what theories and concepts and the how practice methods to help people with their life stressors and simultaneously to
influence communities organizations and policymakers to be more responsive to them In this edition Gitterman and Germain
examine major changes to our socioeconomic and political landscape They restore a chapter on the history of social work
practice offering a view of the limited services for African Americans provided by settlements and charity organization
societies Building on the African American self help and mutual aid traditions this chapter traces the replication of a parallel
social service system by African American leaders for their own communities The chapter also addresses the impact of
contemporary societal trends including the global economy immigration cultural changes and the technology revolution In
addition it discusses current professional contexts of managed mental health care evidence based practice and the
professional uses of technology A new chapter explores issues and processes embedded in assessment practice monitoring
and practice evaluation The volume continues to feature innovative schema for assessment and intervention with respect to
stressful life transitions and traumatic events environmental pressures and dysfunctional interpersonal processes Practice
illustrations offer reflections of today's major social issues such as AIDS homelessness and modern forms of violence

Social Work Practice Research for the Twenty-First Century Anne E. Fortune, Philip McCallion, Katharine
Briar-Lawson, 2010-09-21 Social work professionals must demonstrate their effectiveness to legislators and governments not
to mention clients and incoming practitioners A thorough evaluation of the activities ethics and outcomes of social work
practice is critical to maintaining investment and interest in the profession and improving the lives of underserved
populations Incorporating the concerns of a new century into a consideration of models for practice research this volume
builds on the visionary work of William J Reid 1928 2003 who transformed social work research through empirically based
and task centered approaches and more recently synthesized intervention knowledge for framing future study This collection
reviews the task centered model and other contemporary Evidence Based Practice models for working with individuals
families groups communities and organizations Essays demonstrate the value of these pragmatic approaches in the United
States and international settings Contributors summarize state of the art methods in several key fields of service including
children and families aging substance abuse and mental health They also evaluate the research movement itself outlining an
agenda for today's sociopolitical landscape and the profession This volume inspires practice research to prioritize evidence
as a base for the profession *The Empowerment Tradition in American Social Work* Barbara Levy Simon, 1994 Inaugurates
a new field of disability studies by framing disability as a minority discourse rather than a medical one revising oppressive

narratives and revealing liberatory ones The book examines disabled figures in Harriet Beecher Stowe's *Uncle Tom's Cabin* and Rebecca Harding Davis's *Life in the Iron Mills* in African American novels by Toni Morrison and Audre Lorde and in the popular cultural ritual of the freak show
