Socialists And Culture

Dubravka Juraga, M. Keith Booker

Socialists And Culture:

Socialists and Culture Mike Rosen, 1995-05-10 With his usual insight and in his usual original and entertaining way Mike Rosen sets out what socialists have to say on that most controversial of subjects socialist cultural theory *Socialism and Modern Thought* Moritz Kaufmann, 1895 Socialist Cultures East and West Dubravka Juraga, M. Keith Booker, 2002-06-30 Decades of Western Cold War propaganda were designed to depict socialism as inimical to genuine aesthetic achievement Now in the wake of the Cold War it is becoming possible to reassess the past and present cultural productions of artists with socialist inclinations The essays in this volume begin such a reassessment finding that socialist cultural production in the 20th century both as the official culture of the socialist East and as an oppositional culture in the capitalist West has been rich and varied The volume focuses on socialist culture in the industrialized world primarily Eastern Europe and the West An introductory essay overviews socialist cultural productions of the 20th century while the chapters that follow address a wide range of topics These include Soviet socialist realist fiction and film musicals the socialist drama of Bertolt Brecht and British and American leftist fiction The volume demonstrates that propagandistic Cold War depictions of socialism as a threat to artistic expression were inaccurate and misleading *Remembering Utopia* Breda Luthar, Maruša Pušnik, 2010 The history of socialism lacks close accounts of the texture of life in the margins of society which include narratives of the feelings experiences and practices of ordinary people This book provides them and undermines persisting interpretations of real life under socialism which rely on macro studies of social structures and on the political and institutional histories of socialism As such the book is also an attempt to de Westernize the discourse on Central Eastern Europe as Europe's periphery or its Orient The culture of memory is evoked either through oral traditions or textual analyses of records of the public discourse Both facets contribute to a cultural history of the era of socialism in Yugoslavia between 1945 and 1980 Tito's death from back cover **Socialism: Institutional, Philosophical and Economic Issues** S. Pejovich, 2012-12-06 It was Lenin's genius to recognize the importance of socialist system with all the trappings of embellishing the democracy If the people want a constitution give them one and even include the bill of rights If they want a parliament give them that too And a system of courts If they want a federal system create that myth as well Above all let them have elections for the act of voting is what the common man most clearly associates with democracy Give them all these but make sure that they have no effect on how things are run G Warren Nutter Most research by Western scholars has emphasized macroeconomics and to a considerable extent still does as the method of analysis and growth rates as a standard for evaluating the performance of different economies In the early 1960s Nutter raised questions about the reported growth rates in socialist states the importance of growth policies for human welfare and the ability of macroeconomics to enhance our understanding of social and economic processes In his work Nutter used the standard price theory adjusted to incorporate the incentive effects of property rights in resources He was castigated for defying the traditional wisdom Not surprisingly history has validated

Nutter's theoretical framework and his conclusions The Transformation Of Socialism Melvin Gurtov, 2019-07-11 This book is based on Conference on the Transformation of Socialism in the Soviet Union and China and reveals a second feature of the conference the candor of the presentations It discusses the effects of the reforms on political processes and the development of socialism Socialism C. M. Hann, 2003-09-02 Socialism as a political system may be on the wane yet no one can doubt that its cultural legacies will make themselves felt for years to come and on a worldwide scale The contributors to this volume adopt a variety of anthropological approaches to illuminate changes which have removed socialists from power in many countries Presenting detailed ethnographic accounts across a wide range of countries they bring out the factors which have given socialism such a profound worldwide impact including a substantial impact upon the discipline of anthropology itself The first sustained and wide ranging investigation of socialism by social anthropologists this volume will enable readers to understand better how socialism has been experienced by millions of people and thereby to now better understand how they may cope with post socialist dilemmas **Socialist Ensembles** Randy Martin, 1994 Most discussions of socialist development within nation states focus exclusively on the state leaving civil society out of the picture By looking into the realm of theater in two socialist countries the author broadens this view **Comparing Post-Socialist Media Systems** Zrinjka Peruško, Dina Vozab, Antonija Čuvalo, 2020-10-04 This book explains divergent media system trajectories in the countries in southeast Europe and challenges the presumption that the common socialist experience critically influences a common outcome in media development after democratic transformations by showing different remote and proximate configuration of conditions that influence their contemporary shape Applying an innovative longitudinal set theoretical methodological approach the book contributes to the theory of media systems with a novel theoretical framework for the comparative analysis of post socialist media systems This theory builds on the theory of historical institutionalism and the notion of critical junctures and path dependency in searching for an explanation for similarities or differences among media systems in the Eastern European region Extending the understanding of media systems beyond a political journalism focus this book is a valuable contribution to the literature on comparative media systems in the areas of media systems studies political science Southeast and Central European studies post socialist studies and communication studies **Heritage under Socialism** Eszter Gantner, Corinne Geering, Paul Vickers, 2021-10-15 How was heritage understood and implemented in European socialist states after World War II By exploring national and regional specificities within the broader context of internationalization this volume enriches the conceptual methodological and empirical scope of heritage studies through a series of fascinating case studies Its transnational approach highlights the socialist world's diverse interpretations of heritage and the ways in which they have shaped the trajectories of present day preservation practices **Socialism Today and Tomorrow** Michael Albert, Robin Hahnel, 1981 Socialism Today and Tomorrow by Michael Albert and Robin Hahnel seeks to understand and evaluate post capitalist experiences in the Soviet Union China and Cuba and to present a new

socialist vision relevant for the United States and other industrialized countries It addresses issues concerning political economic kinship and community relations

Women and Socialism - Socialism and Women Helmut Gruber, Pamela Graves, contributors, 1999-03-01 Until recently histories of women tended to be segregated from the larger historical context This pioneering volume places the role of women within the history of the interwar years when both the women's and socialist movements became prominent and raises the key question of how power was distributed between the genders in a historical setting The emblematic title of this volume highlights the fundamental conception of this comparative study of eleven West European countries that in the interwar decades two great movements gained in strength converged diverged competed and cooperated Each of these movements is viewed as a complex matrix of organized and unorganized participants However by far the most provocative questions deal with gender relations Central to these are definitions of femininity and masculinity in terms of mechanisms of inclusion and exclusion at the workplace in the home and in the political arena The mystique of the new woman in the 1920s and the 1930s challenged traditional notions of gender identity and relations not the least of which was the redefinition of the role of men The main issue addressed in this volume is not how male socialists dealt with the woman question or how women functioned in or outside left wing parties it rather centers on illustrating the power distribution between the sexes in specific political and cultural contexts This rigorously focused and coherent volume to which some of the best known scholars in the field have contributed will no doubt establish itself as the standard reference work for years to come

For a Further Development of Socialist Poland, for the Well-being of the Polish Nation Polska Zjednoczona Partia Robotnicza, 1980

(Post)Socialist Dance, 2024-10-03 This book sets out to search for the Second World the post socialist context in dance studies and examines the way it appears and reappears in today's globalized world It traces hidden and invisibilized legacies over the span of one century probing questions that can make viewers artists and scholars uncomfortable regarding dance histories memories circulations and production modes in and around the post socialist world The contributions delve into a variety of dance practices folk traditional ballet modern contemporary modes of dance production institutionalization processes festival making and market logics and dance circulations between centres and peripheries between different genres and styles The main focus is Eastern Europe including Russia but the book also addresses Cuba and China The book's historical examples make the reader aware too of the post socialist bodies influence in today's dance including in contemporary dance scenes The post socialist context promises to be a prosperous laboratory to explore uncomfortable questions of legitimacy Whose choreographic work is staged as a quality dance production Which dance practices are worthy of scholarly study What are the limits of dance studies understanding of what dance is or should be In view of reclaiming the Second World through dance this book thus probes questions that should be asked today but are not easy to answer questions that dance practitioners facilitators critics and researchers including ourselves are often not at ease with either In doing so the cracks of dance history begin to be sealed and neglected dance practices are written back

into history provided with the academic recognition that they deserve *Chinese Thinkers Through the Ages* Philosophical Library, 2018-07-17 From the I Ching to The Little Red Book Two thousand years of wisdom from some of China's greatest philosophers and political thinkers The Wisdom of Confucius Whether considering his own life human nature or a society's responsibilities Confucius's teachings emphasize morality social relationships justice and sincerity He pursued social and political reform leaving a legacy of wisdom that remains vital today Organized by topic and accompanied with contextual footnotes this collection of quotations and lessons is often as entertaining as it is educational The Wisdom of Mao In this collection of essays China's Chairman Mao Tse Tung explains his interpretation of Marxism Leninism that became known as Maoism From examining the root causes of societal shifts to explaining the necessity of guerilla based revolution Mao mixes his philosophical positions with the history of the Chinese people Classics in Chinese Philosophy An anthology of the most important philosophical texts in Chinese history from Confucius and the I Ching to Mao Tse Tung and Yu Lan Fung

Socialism Now Ana Hofman, 2025 Socialism Now Singing Activism after Yugoslavia poses a thought provoking question how can collective singing shape the foundations of a future anti capitalist project By reclaiming the so called lost knowledge from the Yugoslav socialist project this book offers a timely perspective on the political potential of music and sound Introducing the concept of strategic amateurism it showcases the non professional leisure activities in navigating today's pervasive commodification of our lives Hofman's work makes an intriguing exploration for anyone interested in how collective expression can pave new avenues of organizing against neoliberal political exhaustion *Screen Media and the Construction of Nostalgia in Post-Socialist China* Zhun Gu, 2023-01-31 This book traces the cultural transformation of nostalgia on the Chinese screen over the past three decades It explores how filmmakers from different generations have engaged politically with China's rapidly changing post socialist society as it has been formed through three mutually constitutive frameworks political discourse popular culture and state led media commercialisation The book offers a new critical model for understanding relationships between filmmakers industry and the State **Report of the Central**

Committee to the 9th Congress of the Socialist Unity Party of Germany Sozialistische Einheitspartei Deutschlands. Zentralkomitee, Erich Honecker, 1976 **Study on the Auditing Theory of Socialism with Chinese Characteristics** Jiayi Liu, 2015-05-11 A comprehensive guide to China's public private and internal audit system Study on the Auditing Theory of Socialism with Chinese Characteristics provides a comprehensive overview of China's auditing practices Recent years have seen the National Audit Office of China CNAO making remarkable headway not only in China by guaranteeing the healthy operation of the economy and society and improving national governance through government auditing but also in the international arena by carrying out audits with the United Nations With constant development in the practice an audit theory with socialist Chinese characteristics has taken shape centering on the premise that government auditing serves as the cornerstone and safeguard of national governance At the XXI INCOSAI held in 2013 in Beijing the theme of national audit

and national governance proposed and chaired by CNAO was met with widespread approval by participants from over 160 countries and led to the endorsement of the Beijing Declaration which makes it a priority and target for audit institutions to promote good national governance To explore the nature and development of government auditing this book probes into the history and reality and theories and practices of auditing in various countries and puts forward the assertion that as a cornerstone and important safeguard for national governance government auditing is an immune system endogenous within the synthetical system of national governance with functions of precaution revelation and defense Furthermore China s socialist auditing theory has been elaborated in nine aspects nature functions goals features methods management framework of regulations and standards IT application and culture covering the new concepts methodologies techniques and achievements of China s government auditing This book is highly relevant practical and readable Jiayi Liu the chief author is the Auditor General of China and the current Chairman of INTOSAI Governing Board In 2013 he won the United Nations Peace Prize in recognition of his auditing work for UN peacekeeping operations **Congressional Record** United States. Congress,1969 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873
