Constructing Leisure K. Spracklen, 2011-10-12 This book looks back at the meaning and purpose of leisure in the past But this is not a simple social history of leisure It is not enough to write a history of leisure on its own in fact it is impossible without engaging in the debate about what counts as leisure in the present and in the past Writing a history of leisure then entails writing a philosophy of leisure and any history needs to be a philosophical history as well That is the purpose of this book It provides an account of leisure through historical time how leisure was constructed and understood by historical actors how communicative reason and free will interacted with instrumentality at different times how historians have reconstructed past

leisure through historiography and finally how writers have perceived the meaning and purpose of leisure in alternative histories Providing a sweeping overview of the field Karl Spracklen charts how the concept of leisure was understood in Ancient history through to modern times and looks at leisure in different societies and cultures including Byzantium and Asian civilizations as well as looking at leisure and Islam Spracklen concludes with a chapter on future histories of leisure

Events and Sustainability Andrew Smith, Judith Mair, 2022-09-05 This book examines the links between events and sustainability with a particular focus on how festivals and events contribute to making places more inclusive resilient and sustainable Previous sustainability research in events often focused on reducing the negative environmental impacts with a corresponding lack of consideration of socio economic dimensions More recently research has begun to consider events in relation to a range of economic and social issues highlighting the growing importance of examining events through a critical lens This book adopts a critical and broader approach to event sustainability arguing that scholars should examine how events might contribute to sustainable development rather than merely exploring how individual events could be made more sustainable Accordingly the contributors to this edited book address how events might change attitudes and behaviours by promoting sustainable lifestyles communities and technologies Following a detailed introduction the book features 16 chapters written by scholars from across the world The chapters in this book were originally published as a special issue of the Journal of Sustainable Tourism [American Book Publishing Record](#) ,2005 **The Anthropology of Learning in**

Childhood David F. Lancy, John Bock, Suzanne Gaskins, 2010-01-15 The Anthropology of Learning in Childhood offers a large mural like portrait of childhood across time culture species and environment Even a casual reading of the literature on childhood will persuade one that learning is a very important topic that commands the attention of tens of thousands of scholars and practitioners Yet anthropological research on children has exerted relatively little influence on this community This book will change that The book demonstrates that anthropologists studying childhood can offer a description and theoretically sophisticated account of children s learning and its role in their development socialization and enculturation Further it demonstrates the particular contribution that children s learning makes to the construction of society and culture as well as the role that culture acquiring children play in human evolution Chapters have been contributed in archaeology primatology biological and cultural anthropology and cross cultural psychology **Eventi, cultura e sviluppo** Giuseppe

Attanasi, Filippo Giordano, 2011-11-29T00:00:00+01:00 Il volume propone una riflessione sul rapporto tra eventi cultura e sviluppo di un territorio partendo dalla presentazione dei risultati di una ricerca riguardante l'impatto economico del Festival de La Notte della Taranta localizzato nel Salento L'analisi sul campo condotta da un gruppo di ricerca coordinato da Giuseppe Attanasi Universit Bocconi e Giulia Urso Universit del Salento si concentra sulle ricadute socio economiche dell'evento sul territorio I risultati della ricerca e le riflessioni di docenti e studiosi di diverse discipline contenuti nel volume evidenziano come investire in cultura ed eventi di qualit possa essere determinante per lo sviluppo di una comunit non solo

per l'indotto economico generato nel breve dal flusso turistico. La cultura impatta positivamente sui comportamenti dei soggetti che di essa direttamente e indirettamente usufruiscono, favorisce la creazione di capitale sociale e pone le condizioni per uno sviluppo economico sostenibile del territorio. Gli eventi culturali di successo sono quelli che riescono a costruire e alimentare il patrimonio identitario di una comunità rinnovando e rinsaldando i legami sociali in essa esistenti.

Routledge Handbook of Leisure Studies Tony Blackshaw, 2020-07-26. This landmark publication brings together some of the most perceptive commentators of the present moment to explore core ideas and cutting edge developments in the field of Leisure Studies. It offers important new insights into the dynamics of the transformation of leisure in contemporary societies, tracing the emergent issues at stake in the discipline and examining Leisure Studies' fundamental connections with cognate disciplines such as Sociology, Cultural Studies, History, Sport Studies and Tourism. This book contains original work from key scholars across the globe, including those working outside the Leisure Studies mainstream. It showcases the state of the art of contemporary Leisure Studies, covering key topics and key thinkers from the psychology of leisure to leisure policy, from Bourdieu to Baudrillard, and suggests that leisure in the 21st century should be understood as centring on a new Big Seven: holidays, drink, drugs, sex, gambling, TV and shopping. No other book has gone as far in redefining the identity of the discipline of Leisure Studies or in suggesting how the substantive ideas of Leisure Studies need to be rethought. The Routledge Handbook of Leisure Studies should therefore be the intellectual guide of first choice for all scholars, academics, researchers and students working in this subject area.

Death, Culture & Leisure Matt Coward-Gibbs, 2020-08-20. *Death, Culture and Leisure: Playing Dead* is an inter- and multi-disciplinary volume that engages with the diverse nexuses that exist between death, culture and leisure. At its heart, it is a playful exploration of the way in which we play with both death and the dead.

America's Leisure Revolution; Essays in the Sociology of Leisure & Sport David Quentin Voigt, 1971.

The Performance Studies Reader Henry Bial, 2004. The *Performance Studies Reader* is a lively and much needed anthology of critical writings on the burgeoning discipline of performance studies. It provides an overview of the full range of performance theory for undergraduates at all levels and beginning graduate students in performance studies, theatre, performing arts and cultural studies. The collection is designed as a companion to Richard Schechner's popular *Performance Studies: An Introduction* (Routledge, 2002) but is also ideal as a stand-alone text. Henry Bial collects together key critical pieces from the field, referred to as suggested readings in *Performance Studies: An Introduction*. He also broadens the discussion with additional selections. The structure and themes of the Reader closely follow those of Schechner's companion textbook. The articles in each section focus particularly on three primary areas in performance studies: theatre, anthropology and sociology/cultural studies.

The Complete Book of Everyday Christianity R. Paul Stevens, Robert Banks, 2018-12-01. I am thrilled to know that *The Complete Book of Everyday Christianity* is being relaunched. A well-worn first edition of this book sits next to my office desk and I consult it often. There is no better collection of everyday

issues examined from a Christian perspective A wide variety of topics are addressed with a cleverly balanced combination of academic and practical perspectives informed by thoughtful biblical and theological reflection This is a wonderfully useful tool I am pleased that it will be available to resource a new generation of Christians who are eager to understand more about what it means to follow Christ in every aspect of life Alistair Mackenzie Senior Lecturer School of Theology Mission and Ministry Laidlaw College Christchurch New Zealand Also Director of Faith at Work NZ

Theorizing Rituals, Volume 2: Annotated Bibliography of Ritual Theory, 1966-2005 Jens Kreinath, J.A.M. Snoek, Michael Stausberg, 2007-09-30 Volume two of Theorizing Rituals mainly consists of an annotated bibliography of more than 400 items covering those books edited volumes and essays that are considered most relevant for the field of ritual theory Instead of proposing yet another theory of ritual the bibliography is a comprehensive monument documenting four decades of theorizing rituals

Leisure and Positive Psychology Robert A. Stebbins, 2016-04-29 This book explores from a leisure studies perspective the central role that leisure has to play in positive psychology exploring themes such as flow fulfilment altruism well being and interpersonal relationships

Theorizing Rituals Jens Kreinath, Michael Strausberg, 2006 Volume two of Theorizing Rituals mainly consists of an annotated bibliography of more than 400 items covering those books edited volumes and essays that are considered most relevant for the field of ritual theory Instead of proposing yet another theory of ritual the bibliography is a comprehensive monument documenting four decades of theorizing rituals

Transformations Helen Schwartzman, 2012-12-06 Writing a book about play leads to wondering In writing this book I wondered first if it would be taken seriously and then if it might be too serious Eventually I realized that these concerns were cast in terms of the major dichotomy that I wished to question that is the very pervasive and very inaccurate division that Western cultures make between play and seriousness or play and work fantasy and reality and so forth The study of play provides researchers with a special arena for re thinking this opposition and in this book an attempt is made to do this by reviewing and evaluating studies of children s transformations their play in relation to the history of anthropologists transformations their theories While studying play I have wondered in the company of many individuals I would first like to thank my husband John Schwartzman for acting as both my strongest supporter and as an anthropological colleague my severest critic His sense of nonsense is always novel as well as instructive I am also very grateful to Linda Barbera Stein for her Sherlock Holmes style help in locating obscure references checking and cross checking information and patience and persistence in the face of what at times appeared to be bibliographic chaos I also owe special thanks to my teachers of anthropology Paul J Bohannon Johannes Fabian Edward T Hall and Roy Wagner whose various orientations have directly and indirectly influenced the approach presented in this book
