Socio-Economic Change and the Broad-Basing Process in India M. V. Nadkarni, 2019-06-18 This book offers a new concept of inclusion of the marginalised in India the Broad basing Process The author examines how through this process increasing numbers of marginalised social groups can enter into the social political and economic mainstream and progressively derive the same advantages from society as the groups already part of it The book critically reviews how the broad basing process has worked in the past in India both before and after its independence It examines how social groups like Dalits OBCs Muslims women and the labour class have fared and how far economic development urbanisation infrastructure development and the digital revolution have helped the marginalised and promoted broad basing It also offers mechanisms to speed up broad basing in poorer economies A first of its kind this volume will be useful for scholars and researchers of political studies sociology exclusion studies political economy and also for general readers

The Changing Identity of Rural India Elisabetta Basile, Ishita Mukhopadhyay, 2009-07-01 The book explores the pattern of rural development in contemporary India from a multidisciplinary and historical perspective The essays overcome the limits of disciplinary approaches to provide a comprehensive analysis of the processes of change and growth at work in the Indian countryside and to review the social and cultural dynamics that have led to the contemporary situation Providing an analysis of the economic political and social

changes experienced in rural India they examine the interactions between actors and institutions at different levels Some contributions focus on the impact of state policies on rural development and on the rationale of capitalistic expansion in the Indian countryside while others analyse how the changes are promoted adopted and resisted at the local level The general issue raised in the book refers to the assessment of the nature and working of contemporary Indian rural economy In order to analyse the complexity of the rural economy and the forms it takes in different Indian contexts this issue has been deconstructed considering in turn the process of rural change the impact of rural growth on working and living conditions and finally the categories of the inhabitants of rural areas and the construction of their identities in colonial and post colonial rural India

Innovation as Social Change in South Asia Minna Säävälä, Sirpa Tenhunen, 2017-10-02 This book examines innovation as social change in South Asia From an anthropological micro perspective innovation is moulded by social systems of value and hierarchy while simultaneously having the potential to transform them Peterson examines the printing press s changing technology and its intersections with communal and language ideologies in India Tenhunen explores mobile telephony gender and kinship in West Bengal Uddin looks at microcredit and its relationship with social capital in Bangladesh Jeffrey surveys imbalanced sex ratios and the future of marriage payments in north western India Ashrafun and S v l investigate alternative dispute resolution as a social innovation which affects the life options of battered young wives in Sylhet Bangladesh These case studies give insights into how the deeply engrained cultural models and values affect the forms that an innovative process can take In the case of some South Asian societies starkly hierarchical and holistic structures mean that innovations can have unpredictable sociocultural repercussions The book argues that successful innovation requires taking into account how social hierarchies may steer their impact This book was originally published as a special issue of Contemporary South Asia
