Social Change and the Life Course: Sociological lives American Sociological Association. Meeting, 1988

Sociology and the Public Agenda William Julius Wilson, 1993-03-02 Published in Cooperation with the American Sociological Society Sociology has had a long and convoluted relationship with the public policy community While the field has historically considered its mission one of effecting social change in recent decades this has become only a minor part of the sociological agenda The editor of this volume MacArthur Fellow and former ASA President William Julius Wilson asserts that sociology's ostrich like stance threatens to leave the discipline in a position of irrelevance to the world at large and compromises the support of policymakers funders media and the public Wilson's vision is of a sociology attuned to the public agenda influencing public policy through both short and long range analysis from a sociological perspective Using a variety of policy issues perspectives methods and cases the distinguished contributors to this volume both demonstrate and emphasize Wilson's ideas Undergraduates graduate students professionals and academics in sociology political science policy studies and human services will find this argument for sociology's civic duty to be both compelling and refreshing The eighteen chapters on issues ranging from cultural and historical definitions of citizenship to American welfare policies and American corporate mergers are strong examples of solid social research where authors draw out policy implications and based on their research make policy proposals Sociology and the Public Agenda is an insightful book for scholars of social policy and also those interested in research design issues The book is very relevant for political scientists engaged in policy research interested in innovative research designs and wondering about the place of the social scientist in setting public agendas Policy Currents Psychology at the Turn of the Millennium, Volume 2 Lars Backman, Claes von

Hofsten, 2002-04-04 These two volumes represent the cutting edge of contemporary theory and research in psychological science Based on the keynote and state of the art lectures from the 27th International Congress of Psychology the volumes feature a collection of chapters written by international leaders in psychological scholarship The chapters reflect the diversity of current research topics in psychology where old boundaries have become obsolete and subdivisions from the past merge to form new objects of study Volume 1 addresses cognitive biological and health perspectives It includes sections on the neural mechanisms underlying psychological processes the core areas in experimental psychology perception attention learning and memory the multiple aspects of psychological health the interaction between cognitive and emotional processes and higher cognitive processes with special focus on decision making and language Volume 2 deals with social developmental and clinical perspectives The sections highlight human development across the life span basic and applied issues in personality emotion and clinical psychology social psychology ranging from experimental work through social constructivism and gender Handbook of the Life Course Jeylan T. Mortimer, Michael J. Shanahan, 2007-12-14 This comprehensive

handbook provides an overview of key theoretical perspectives concepts and methodological approaches that while applied to diverse phenomena are united in their general approach to the study of lives across age phases In surveying the wide terrain of life course studies with dual emphases on theory and empirical research this important reference work presents probative concepts and methods and identifies promising avenues for future research **Social Structures and Human Lives**

Matilda White Riley,Bettina J. Huber,Beth B. Hess,1988-09 *Social Structures and Human Lives* consists of papers from the 1986 American Sociological Association annual meeting selected to reflect the rich and diverse array of conceptual methodological and substantive reports presented there Leading academics and researchers in the field offer information about aging over the life course the relationship between aging and the changing structure of families firms state and society as a whole and implications for equality of opportunity for people of differing age gender race and socioeconomic status A final chapter links selected topics from previous chapters to established sociological concerns and clarifies the broad scope of the book s central the Sociological Lives Matilda White Riley,1988-08-01 *Sociological Lives* gives the reader a glimpse into the sociology of sociology by presenting autobiographical accounts dealing with varied aspects of the interplay between social structures and human lives The contributors reveal something of how their own sociological lives have been influenced by changing social structures and how in turn their lives are variously located in the structure and history of sociology and marked by societal and intellectual trends spanning nearly a century The introspection and retrospection give the reader rare access to the inner experiences of some of the field s leading scholars as well as their appraisal of sociological trends and their ideas of the shape of future trends The c Sociological Perspectives ,1988 Invitation to the Life Course Richard Settersten,2018-02-06 *Invitation to the Life Course* Toward New Understandings of Later Life discusses in depth the challenges of age time and social contexts for the study of aging and later life Understanding aging as a process and later life as a period must be accompanied by serious attention to the life course This brings significant challenges related to time as gerontologists must describe and explain life patterns over many decades It also brings significant challenges related to place as gerontologists must examine how social contexts structure pathways into and through later life and how those contexts affect the nature and meaning of experiences along the way This book is a natural extension of the editor s previous work *Lives in Time and Place* The Problems and Promises of Developmental Science Baywood 1999 *Methods of Life Course Research* Janet Z. Giele,Glen H. Elder,1998-03-10 What are the most effective methods for doing life course research In this volume the field s founders and leaders answer this question giving readers tips on the art and method of the appropriate research design the collection of life history data and the search for meaningful patterns to be found in the results The Social Context of AIDS Joan Huber,1992 Theoretical models for understanding AIDS in relation to society and the general question of high risk sexual practice often the means of transmission of the virus are among the issues discussed in this volume It also explores the social context of policy and programme development in fighting AIDS organizing drug

users forced blood testing and family support groups for example Versions of these articles were originally delivered as papers in thematic sessions of the 1989 American Sociological Association annual meeting Collectively they represent the cutting edge of sociological work on the AIDS crisis **Macro-Micro Linkages in Sociology** Joan Huber,1991-03 In this volume twenty leading sociologists consider the dichotomy between micro and macro level analysis in social research All demonstrate the inescapable connections between the two and attempt to link them together This topic is approached from various theoretical perspectives including the interrelationship of large scale and small scale theories variables and concepts It is studied more specifically in relation to institutions such as education work and family gender and demographic research

Handbook of Research Design and Social Measurement Delbert C. Miller,1991-07-05 Includes bibliographical references and index *Cross National Research in Sociology* Melvin Kohn,1989-05 The development of cross national research attempts to a much needed global perspective on sociological research Its adherents overcome national cultural logistic and linguistic barriers in the attempt to provide truly comparative information on the human condition This volume stemming from the plenary sessions of the 1987 American Sociological Association annual meeting and edited by past president Melvin Kohn presents the cutting edge of cross national research Its distinguished contributors from nine countries describe the theoretical possibilities and limits of this kind of endeavour consider the difficulties of its implementation and present a range of studies ranging from two nation comparisons to truly global ones that are Global Families Meg Wilkes Karraker,2012-05-08 In Global Families author Meg Karraker provides family scholars with a methodical introduction to the interdisciplinary field of globalization Global Families then examines the ways in which globalization impinges on families throughout the world in four major areas demographic transitions world wide culture international violence and transnational employment The book concludes with a discussion of supra national policies and other efforts to position families in this global landscape Handbook of Sociology of Aging Richard A. Settersten, Jr.,Jacqueline L. Angel,2011-05-11 The Handbook of Sociology of Aging is the most comprehensive engaging and up to date treatment of developments within the field over the past 30 years The volume represents an indispensable source of the freshest and highest standard scholarship for scholars policy makers and aging professionals alike The Handbook of Sociology of Aging contains 45 far reaching chapters authored by nearly 80 of the most renowned experts on the most pressing topics related to aging today With its recurring attention to the social forces that shape human aging and the social consequences and policy implications of it the contents will be of interest to everyone who cares about what aging means for individuals families and societies The chapters of the Handbook of Sociology of Aging illustrate the field s extraordinary breadth and depth which has never before been represented in a single volume Its contributions address topics that range from foundational matters such as classic and contemporary theories and methods to topics of longstanding and emergent interest such as social diversity and inequalities social relationships social institutions economies and governments social vulnerabilities public health and

care arrangements The volume closes with a set of personal essays by senior scholars who share their experiences and hopes for the field and an essay by the editors that provides a roadmap for the decade ahead The Handbook of Sociology of Aging showcases the very best that sociology has to offer the study of human aging

Aging, Society and the Life Course Leslie A. Morgan, 2007 As our aging population grows ever larger it is increasingly important to understand how adults age and what we can do to provide up to date care to ensure their well being as an integral part of society Leslie Morgan and Suzanne Kunkel understand that this phenomenon is about much more than just the physical or biological aspects of growing older and have put together a comprehensive text on the impact of society and sociology on the aging process Use this text to explore the diversity of the aging population and dispel the major stereotypes surrounding the elderly Learn about aging through all the layers of social context from family life to politics and economics And through this approach come to see how aging is more than just an individual process it is a process that effects the direction of our society as a whole For the Student Web sites of interest and key terms defined at the end of each chapter Real life stories and essays on love sex music medicine and crime For the Professor Assignment ready reading in a One Chapter a Week format Questions for discussion and review at each chapter end Applying Theory sections place the lesson of each chapter in a clear real world setting Instructor's Guide Now Available An Instructor's Manual for this textbook is available for those professors who have adopted Aging Society and the Life Course Third Edition and can verify a bookstore order of 7 or more copies Please email our Marketing Department at marketing.springerpub.com if you have adopted this text as you will need a password to download the guide Please provide the name and telephone number of the bookstore that ordered the textbooks A print version of the Instructor's Manual is also available

Crime and Public Policy James Q. Wilson, Joan Petersilia, 2012-06-01 Crime in the United States has fluctuated considerably over the past thirty years as have the policy approaches to deal with it During this time criminologists and other scholars have helped to shed light on the role of incarceration prevention drugs guns policing and numerous other aspects to crime control Yet the latest research is rarely heard in public discussions and is often missing from the desks of policymakers This book accessibly summarizes the latest scientific information on the causes of crime and evidence about what does and does not work to control it Thoroughly revised and updated this new version of Crime and Public Policy will include twenty chapters and five new substantial entries As with previous editions each essay reviews the existing literature discusses the methodological rigor of the studies identifies what policies and programs the studies suggest and then points to policies now implemented that fail to reflect the evidence The chapters cover the principle institutions of the criminal justice system juvenile justice police prisons probation and parole sentencing how broader aspects of social life inhibit or encourage crime biology schools families communities and topics currently generating a great deal of attention criminal activities of gangs sex offenders prisoner reentry changing crime rates With contributions from trusted leading scholars Crime and Public Policy offers the

most comprehensive and balanced guide to how the latest and best social science research informs the understanding of crime and its control for policymakers community leaders and students of crime and criminal justice **Integration durch Bildung** Rolf Becker, 2011-08-27 In Deutschland ist Bildung ein Schlüsselindeikator für Sozialintegration. Dass die Bildung eine essentielle Voraussetzung für den Zugang zu beruflicher Ausbildung und Beschäftigung ist, steht außer Frage. Kinder und Jugendliche mit Migrationshintergrund, die große Nachteile beim Bildungserwerb und Zugang zum Arbeitsmarkt haben, sind in Deutschland kein randständiges Phänomen. Trotz vielfältiger bildungs- und arbeitsmarktpolitischer Bemühungen bestehen immer noch deutliche Ungleichheiten bei Bildung, Ausbildung und Beschäftigung zu Ungunsten der Migrantenkinder fort.
