King,2001 In the 1960s when the Supreme Court rules that African Americans must be admitted to the university in an unnamed Southern state Governor Cullie Blanton is about to run for re election One of his opponents is Bayonet Bill Wooster an ex marine general who bases his campaign on fear of racial integration fear of Communists and fear of the federal government he presents himself as the leader in a holy war against the incumbent infidel The other candidate is Poppa Posey a former governor who raises hound dogs quotes Shakespeare and hopes to use Wooster s money to split support for Blanton Only Blanton understands that integration is inevitable and that his task must be to make the transition as painless and bloodless as possible That he fails may be due in part to his freewheeling power driven personality But Blanton is also defeated by inertia tradition and demagoguery He is as he once describes himself someone who just got in the

Dorr,2012-09-15 From Hell Hawks author Bob Dorr Mission to Tokyo takes the reader on a World War II strategic bombing mission from an airfield on the western Pacific island of Tinian to Tokyo and back Told in the veterans words Mission to Tokyo is a narrative of every aspect of long range bombing including pilots and other aircrew groundcrew and escort fighters that accompanied the heavy bombers on their perilous mission Several thousand men on the small Mariana Islands of Guam Saipan and Tinian were trying to take the war to the Empire Imperial Japan in B 29 Superfortresses flying at 28 000 feet but the high altitude bombing wasn t very accurate The decision was made to take the planes down to around 8 000 feet even as low as 5 000 feet Eliminating the long climb up would save fuel and allow the aircraft to take heavier bomb loads The lower altitude would also increase accuracy substantially The trade off was the increased danger of anti aircraft fire This was deemed worth the risk and the devastation brought to the industry and population of the capital city was catastrophic Unfortunately for all involved the bombing did not bring on the quick surrender some had hoped for That would take six more months of bombing culminating in the atomic bombs dropped on Hiroshima and Nagasaki As with Mission to Berlin Spring 2011 Mission to Tokyo focuses on a specific mission from spring 1945 and provides a history of the strategic air war against Japan in alternating chapters **The History of Big Safari** Colonel Bill Grimes, USAF Retired,2014 For more than half a century Big Safari modified aircraft have performed dangerous and essential missions to collect intelligence conduct surveillance and reconnaissance and engage in special operations missions around the globe in the interest of national security These state of the art aircraft have been flown operated and maintained by men and women whose dedication and commitment have made the world a safer place In The History of Big Safari author Colonel Bill Grimes a retired US Air Force officer presents a history of this program which has been in existence for more than sixty years Born as a special acquisition program in 1952

Big Safari has been in a unique position to save lives by rapidly fielding essential systems with a quick reaction capability to ensure decision makers on the battlefield and at the Pentagon have timely intelligence to plan and execute operations Grimes shows how without a special acquisition program such as Big Safari the nation's ability to react to evolving dangers and threats would be mired in bureaucracy when timely responses are critical With detailed cutaway illustrations revealing aircraft modifications and mission equipment The History of Big Safari also includes photographs sidebars and anecdotes It goes behind the scenes with the men and women who participated in the challenging projects and daring missions It shares the development of cutting edge technology and special mission aircraft as well as the global events that necessitated these once classified programs Finally it provides insight into long veiled projects operations and missions that comprise the world under the purview of Big Safari
