Sweetest Little Angels:

Listen to the Blues! James E. Perone, 2019-02-15 *Listen to the Blues Exploring A Musical Genre* provides an overview of this distinctly American musical genre for fans of the blues and curious readers alike with a focus on 50 must hear artists albums and subgenres Unlike other books on the blues which tend to focus on musician biographies *Listen to the Blues* devotes time to the compositions recordings and musical legacies of blues musicians from the early 20th century to the present Although the author references musical structure harmony form and other musical concepts the volume avoids technical language therefore it is a volume that should be of interest to the casual blues fan to students of blues music and its history and to more serious blues fans The chapters on the impact of the blues on popular culture and the legacy of the blues also put the genre in a broader historical context than what is found in many books on the blues The book opens with a background chapter that provides an overview of the history and structure of blues music A substantial encyclopedic chapter that focuses on 50 must hear blues musicians follows as does a chapter that explores the impact on popular culture of blues music and musicians and a chapter that focuses on the legacy of the genre A bibliography rounds out the work [The](#)

Through Painted Words Coralia Vallas,2013-08 Through Painted Words is a collection of poems created throughout the seasons of my life The first collection is spiritual poems created during a dark time in my life when I was struggling with the impending death of a parent During this time I discovered that God is with us even in our dark times that he is the light that shines in the darkness and that no matter how difficult things may appear he does not leave Although all of us experiences dark times in life it does not mean that we are forgotten but rather let s learn from the dark times and seek out the light As we walk along this journey of life let us remember it is a gift to be alive and let us each seek to use that gift wisely We all stumble and we all fall at times in our lives but let us not judge ourselves based on where we have been but rather let us embrace each day as a gift and see the beauty in the simplicity of this gift Most of my poetry was written from emotion I have experienced in my lifetime as we all are born with emotion Let us embrace the emotion within our hearts to grow better and to know that we are not alone in this world For there is a garden of flowers blooming each day in the hearts of each of us and our neighbors My poetry is simply meant to speak to your heart to seek out what is good Let us take a journey Through the hour glass of time When poetry was an art And the heart was a rhyme

Life and Poetic Emotions LadyBlue2000,2011-07-28 I started writing many years ago At fi rst it was just mental therapy for me My doctor very great psychologist told me that if I wrote my feelings down on paper that it would help me feel better and cope with whats bothering me in my head I suffered many horrors in my life and I needed a way cope and live a normal life Well my life isnt exactly normal as you will read And neither are some of my poems The question for me to ask is anyones life really normal I wanted my life to be written so that the future generations of my family will know about me And will know of how I became the person that I ended up to be By accident I realized that I could write poems of many kinds A guarantee that you
