Swept in the Wave of Terror Gloria Skurzynski, 1985 A brother and sister in Las Vegas are caught up in a terrorist scheme to damage the Hoover Dam Exploring Revolution Timothy P. Wickham-Crowley, 2019-07-26 This series of essays on insurgency and revolution focuses on events in Latin America since 1956 The contributors discuss revolutionary theory the nature of social movements and models of social action Topics raised include terror guerilla regimes mobilizing peasants and the vulnerability of regimes to revolution **The Handbook on the Political Economy of War** Christopher J. Coyne, Rachel L. Mathers, 2011-01-01 The Handbook on the Political Economy of War highlights and explores important research questions and discusses the core elements of the political economy of war **The Smile of the Human Bomb** Gideon Aran, 2018-09-15 In 2017 nearly six thousand people were killed in suicide attacks across the world In The Smile of the Human Bomb Gideon Aran dissects the moral logic of the suicide terrorism that led to those deaths The book is a firsthand examination of the bomb site at the moment of the explosion during the first few minutes after the explosion and in the last moments before the explosion Aran uncovers the suicide bomber s final preparations before embarking on the suicide mission the border crossing the journey toward the designated target penetration into the site and the behavior of both sides within it The book sheds light on the truth of the human bomb Aran s gritty and often disturbing account is built on a foundation of participant observation with squads of pious Jewish volunteers who gather the scorched fragments of the dead after terrorist attacks newly revealed documents including interrogation protocols interviews with Palestinian armed resistance members and retired Israeli counterterrorism agents observations of failed suicide terrorists in jail and conversations with the acquaintances of human bombs The Smile of the Human Bomb provides new insights on the Middle East conflict political violence radicalism victimhood ritual and death and unveils a suicide terrorism scene far different from what is conventionally pictured In the end Aran discovers the suicide terrorist is an unremarkable figure and the circumstances of his or her recruitment and operation are prosaic and often accidental The smiling human bomb is neither larger than life nor a monster but an actor on a human scale And suicide terrorism is a drama in which clich s and chance events play their role *Women Warriors for Allah* Janny Groen, Annieke Kranenberg, 2010-06-15 Dutch investigative journalists Janny Groen and Annieke Kranenberg offer an indispensable corrective to the conventional view that Muslim women in jihad are either pacifist nurturers who steer their husbands and brothers away from violence or passive bystanders who play a mere supporting role in networks run by domineering men *Repressed, Remitted, Rejected* Dr. Karl Heinz Roth, Hartmut Rübner, 2021-12-10 Since unification the Federal Republic of Germany has made vaunted efforts to make amends for the crimes of the Third Reich Yet it remains the case that the demands for restitution by many countries that were occupied during the Second World War are unresolved and recent demands from Greece and Poland have only reignited old debates This book reconstructs the German occupation of Poland and Greece and gives a thorough accounting

of these debates Working from the perspective of international law it deepens the scholarly discourse around the issue clarifying the never ending story of German reparations policy and making a principled call for further action A compilation of primary sources comprising 125 annotated key texts 512 pages on the complexity of reparations discussions covering the period between 1941 and the end of 2017 is available for free on the Berghahn Books website doi 10 3167 9781800732575 dd Scribner's Magazine Edward Livermore Burlingame,Robert Bridges,Alfred Sheppard Dashiell,Harlan Logan,1918

Scribner's Magazine ... ,1910 *Without Prejudice* ,1987 **Right-Wing Terrorism in the 21st Century** Daniel Koehler,2016-10-04 This book is the first comprehensive academic study of German right wing terrorism since the early 1960s available in the English language It offers a unique in depth analysis of German violent extremist right wing movements terrorist events groups networks and individuals In addition the book discusses the so called National Socialist Underground NSU terror cell which was uncovered in late 2011 by the authorities The NSU had been active for over a decade and had killed at least ten people as well as executing numerous bombings and bank robberies With an examination of the group s support network and the reasons behind the failure of the German authorities this book sheds light on right wing terrorist group structures tactics and target groups in Germany The book also contains a complete list of all the German right wing terrorist groups and incidents since the Second World War Based on the most detailed dataset of right wing terrorism in Germany this book offers highly valuable insights into this specific form of political violence and terrorism which has been widely neglected in international terrorism research
