Swinburne's Medievalism Antony H. Harrison, 1988-01 *A Companion to Victorian Poetry* Ciaran Cronin, 2008-04-15 This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter **Victorian Poetry and the Poetics of the Literary Periodical** Caley Ehnes, 2018-11-23 Reads Victorian literature and science as artful practices that surpass the theories and discourses supposed to contain them **Algernon Swinburne and Walter Pater** Sarah Glendon Lyons, 2017-07-05 How did literary aestheticism emerge in Victorian Britain with its competing models of religious doubt and visions of secularisation For Lyons the aestheticism developed and progressively revised by Algernon Charles Swinburne 1837 1909 and Walter Pater 1839 1894 illuminates the contradictory impulses of modern secularism on the one hand a desire to cast itself as a form of neutrality or disinterestedness on the other a desire to affirm this world as the place of human flourishing or even enchantment The standard narrative of a crisis of faith does not do justice to the fissured uncertain quality of Victorian visions of secularisation Precisely because it had the status of a confusing hypothesis rather than a self evident reality it provoked not only dread and melancholia but also forms of fantasy Within this context Lyons gives a fundamentally new account of the aims and nature of Victorian aestheticism taking as a focus its deceptively simple claim that art is for art's sake first of all [The Cambridge Companion to Victorian Poetry](#) Joseph Bristow, 2000-10-26 This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s It introduces readers to a range of topics including historicism patriotism prosody and religious belief The thirteen specially commissioned chapters offer insights into the works of well known figures such as Matthew Arnold Robert Browning and Alfred Tennyson and the writings of women poets like Michael Field Amy Levy and Augusta Webster whose contribution to Victorian culture has in more recent years been acknowledged by modern scholars Revealing the breadth of the Victorians' experiments with poetic form this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day The volume which will be of interest to scholars and students alike features a detailed chronology of the Victorian period and a comprehensive guide to further reading

Victorian Poetry Isobel Armstrong, 2019-01-30 In Victorian Poetry Poetry Poetics and Politics Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic work was first published in 1993 A new chapter on the alternative fin de siècle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike **Tristan and Isolde** Joan Tasker Grimbert, 2013-08-21 First Published in 2002 Edith Wharton and the Visual Arts Emily J. Orlando, 2007 This work explores Edith Wharton's career long concern with a 19th century visual culture that limited female artistic agency and expression Wharton repeatedly invoked the visual arts as a medium for revealing the ways that women's bodies have been represented as passive sexualized infantilized sickly dead Well versed in the Italian masters Wharton made special use of the art of the Pre Raphaelite Brotherhood particularly its penchant for producing not portraits of individual women but instead icons onto whose bodies male desire is superimposed **Epic** Herbert F. Tucker, 2012-11-29 Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I
