

SYMBOLIC INTERACTIONISM

DEFINITION

Symbolic interactionism emphasizes how individuals shape and are shaped by society through daily interactions. This theory posits that people create and derive meaning from symbols and language during these interactions. As a result, shared societal meanings are continuously constructed and reconstructed through human communication.

KEY IDEAS

- **Language and Symbols:** Communication relies on shared symbols and language, which are negotiated and understood through social interactions.
- **The Self:** An individual's self-concept is continuously constructed and shaped by social interactions.
