concerto pour piano en ut (C), op. 26 Sergey Prokofiev, 1923 Mendelssohn, Time and Memory Benedict Taylor, 2011-10-27 Felix Mendelssohn has long been viewed as one of the most historically minded composers in western music This book explores the conceptions of time memory and history found in his instrumental compositions presenting an intriguing new perspective on his ever popular music Focusing on Mendelssohn's innovative development of cyclic form Taylor investigates how the composer was influenced by the aesthetic and philosophical movements of the period This is of key importance not only for reconsideration of Mendelssohn's work and its position in nineteenth century culture but also more generally concerning the relationship between music time and subjectivity One of very few detailed accounts of Mendelssohn's music the study presents a new and provocative reading of the meaning of the composer's work by connecting it to wider cultural and philosophical ideas **Fanny Hensel** R. Larry Todd, 2010 Fanny Hensel 1805-1847 was an extraordinary musician and astute observer of European culture Previously she was known mainly as the granddaughter of philosopher Moses Mendelssohn and the sister of composer Felix Mendelssohn Bartholdy yet Hensel is now recognized as the leading woman composer of the nineteenth century She produced well over four hundred compositions and excelled in short lyrical piano pieces and songs of epigrammatic intensity but the expressive range of her art also accommodated challenging virtuoso piano and chamber works orchestral music and cantatas written in imitation of J S Bach Her gender and position in society restricted her from opportunities afforded her brother however who himself quickly rose to an international career of the first rank Hensel's own sphere of influence revolved around her Berlin residence where she directed concerts that attracted such celebrities as Franz Liszt Clara Schumann Clara Novello and her brother Felix In this semi public space shared with exclusive audiences drawn from the elite of Berlin society Hensel found her own voice as pianist conductor and composer For much of her life she composed for her own pleasure and her brother ranked her songs

among the very best examples of the genre Felix silently incorporated several of the songs into his own early publications while a few other songs were published anonymously Hensel began releasing her works under her own name in 1847 only to die of a stroke as the first reviews of her music began to appear Tragically the vast majority of her music was forgotten for a century and a half before its recent rediscovery Renowned Mendelssohn scholar R Larry Todd now offers a compelling full account of Hensel s life and music her extraordinary relationship with her brother her position in one of Berlin s most eminent families and her courageous struggle to define her own public voice as a composer Publisher description *The Winds of Change* Frank L.
