Michael Vinson Williams

The Civil Rights Struggle Leaders In Profile:

The Civil Rights Struggle John D'Emilio, 1979 The civil rights movement has had a profound effect on modern America bringing important issues of individual rights and freedoms to the foreground and changing American attitudes This book presents biographies of 83 men and women who are in the vanguard of that struggle either as leaders of the civil rights movement or as heads of the opposition Each portrait contains information on the individual's background and his career before becoming involved in the civil rights struggle It then focuses on those events that gained the subject prominence in the movement Participation in mass protests and organizational campaigns is discussed and attitudes about the philosophical disputes that divided both proponents and opponents during the postwar years are summarized The profiles deal only with people whose careers centered around the civil rights struggle Men and women who may have had an important impact on the movement but whose careers were focused elsewhere are not included Thus no presidents are profiled nor are such senators as Hubert Humphrey or Robert Kennedy although that has an important impact on the movement Supreme Court justices too are missing because civil rights was only one of the many issues with which they had to contend The introductory essay provides an overview of major trends in the civil rights movement since 1945 traces the roots of the struggle and places them in the context of the times This volume also includes a chronology of important events and a detailed bibliography of works on the movement and its personalities Preface *Civil Rights Digest*, 1980 *Perspectives*, 1980

Medgar Evers Michael Vinson Williams, 2013-08-01 The sculptor Ed Hamilton presents information on his portrait bust of African American civil rights activist Medgar Wiley Evers 1925-1963 Evers was murdered on June 12, 1963 He worked for the National Association for the Advancement of Colored People NAACP and campaigned to win equal rights for African Americans in the south The bust was cast in bronze at Bright Foundry in Louisville Kentucky General Mills Inc commissioned the bust **An Ex-colored Church** Raymond R. Sommerville, 2004 The Christian Methodist Episcopal Church was an important part of the historic freedom struggles of African Americans from Reconstruction to the Civil Rights movement This fight for equality and freedom can be seen clearly in the denomination's evolving social and ecumenical consciousness The denomination's very name changed from Colored to Christian in 1954 but the denomination did not join the struggle late Rather the CME was a critical participant from the days following the Civil War At times the Church was at odds with their white Methodist counterparts and in solidarity with other African American denominations on issues of racial desegregation and the role of social protest in religion Raymond Sommerville's important book discusses the relationship between Martin Luther King Jr and the Southern Christian Leadership Conference and the CME While King and others received most of the headlines during the Civil Rights Era the CME proved to be involved at all levels and equally important in all they did With its strategic location in the South and its long history of ecumenical involvement the CME Church emerged as a leading advocate of ecumenical civil rights activism Previous interpretations asserted that the CME was apolitical and

accommodationist or that it was more progressive than it was Sommerville presents a more nuanced account of how a church of largely former slaves emancipated itself from the constraints of white Methodist paternalism and Jim Crow racism to emerge as a progressive force of racial justice and ecumenism in the South and beyond Sommerville examines major centers of the CME Nashville Birmingham Memphis Atlanta and selected leaders in the South in charting the gradual metamorphosis of the former CME as a largely nonpolitical body of former slaves in 1870 to a more politically active denomination at the apex of the modern Civil Rights movement in the 1960s *Crisis and Leadership* Clara Fraser, Richard S. Fraser, 2000 Cultural Writing The story of how and why the Socialist Workers Party abandoned its revolutionary program is an important chapter in American history The party was the inheritor of the ideas of the Russian Revolution and Leon Trotsky but when the radical 1960s exploded the SWP was paralyzed by its ties to the most privileged sectors of labor and its ambivalent and wildly contradictory approach to people of color youth and women Written in 1965 by partisans of the fight to reorient the party *CRISIS AND LEADERSHIP* provides a visionary analysis of economic and political developments and a hard hitting indictment of racism and sexism in the union movement and the Left **Encyclopedia of African American Religions** Larry G. Murphy, J. Gordon Melton, Gary L. Ward, 2013-11-20 Preceded by three introductory essays and a chronology of major events in black religious history from 1618 to 1991 this A Z encyclopedia includes three types of entries Biographical sketches of 773 African American religious leaders 341 entries on African American denominations and religious organizations including white churches with significant black memberships and educational institutions Topical articles on important aspects of African American religious life e g African American Christians during the Colonial Era Music in the African American Church **New Perspectives** 1980 **Joe T. Patterson and the White South's Dilemma** Robert E. Lockett Jr., 2015-08-24 As Mississippi's attorney general from 1956 to 1969 Joe T Patterson led the legal defense for Jim Crow in the state He was inaugurated for his first term two months before the launch of the Sovereignty Commission charged to protect the sovereignty of Mississippi from encroachment thereon by the federal government which made manifest a century old states rights ideology couched in the rhetoric of massive resistance Despite the dubious legal foundations of that agenda Patterson supported the organization's mission from the start and served as an ex officio leader on its board for the rest of his life Patterson was also a card carrying member of the segregationist Citizens Council and in his own words had spent many hours and driven many miles advocating the basic principles for which the Citizens Councils were originally organized Few ever doubted his Jim Crow credentials That is until September 1962 and the integration of the University of Mississippi by James Meredith That fall Patterson stepped out of his entrenchment by defying a circle of white power brokers but only to a point His seeming acquiescence came at the height of the biggest crisis for Mississippi's racist order Yet even after the Supreme Court decreed that Meredith must enter the university Patterson opposed any further desegregation and despised the federal intervention at Ole Miss Still he faced a dilemma that confronted all white southerners how to maintain an

artificially elevated position for whites in southern society without resorting to violence or intimidation Once the Supreme Court handed down its decision in *Meredith v Fair* the state attorney general walked a strategic tightrope looking to temper the ruling's impact without inciting the mob and without retreating any further Patterson and others sought pragmatic answers to the dilemma of white southerners not in the name of civil rights but to offer a more durable version of white power His finesse paved the way for future tactics employing duplicity and barely yielding social change while deferring many dreams
