The Civil War Confiscation Acts Failing To Reconstruct The South Reconstructing America

Rosina Ehmann

The Civil War Confiscation Acts Failing To Reconstruct The South Reconstructing America:

The Civil War Confiscation Acts, 2005 This is an account of two significant laws passed during the US Civil War The Confiscation Acts 1861 62 It examines the political contexts especially the debates in Congress and how the failure of the Confiscation Acts during the war presaged the political and structural shortcomings of Reconstruction afterwards The Civil War Confiscation Acts John Syrett, 2005 The Confiscation Acts were designed to sanction slave holding states by authorizing the Federal Government to seize rebel properties and grant freedom to slaves who fought with or worked for the Confederate military In the first full account in more than twenty years of them John Syrett examines the political contexts of the Acts especially the debates in Congress and demonstrates how the failure of the confiscation acts during the war presaged the political and structural shortcomings of Reconstruction after the war **A Legal History of the Civil War and Reconstruction** Laura F. Edwards, 2015-01-26 Although hundreds of thousands of people died fighting in the American Civil War perhaps the war's biggest casualty was the nation's legal order A Legal History of the Civil War and Reconstruction explores the implications of this major change by bringing legal history into dialogue with the scholarship of other historical fields Federal policy on slavery and race particularly the three Reconstruction amendments are the best known legal innovations of the era Change however permeated all levels of the legal system altering Americans' relationship to the law and allowing them to move popular conceptions of justice into the ambit of government policy The results linked Americans to the nation through individual rights which were extended to more people and as a result of new claims were reimagined to cover a wider array of issues But rights had limits in what they could accomplish particularly when it came to the collective goals that so many ordinary Americans advocated *A Companion to the U.S. Civil War, 2 Volume Set* Aaron Sheehan-Dean, 2020-05-05 A Companion to the U S Civil War presents a comprehensive historiographical collection of essays covering all major military political social and economic aspects of the American Civil War 1861 1865 Represents the most comprehensive coverage available relating to all aspects of the U S Civil War Features contributions from dozens of experts in Civil War scholarship Covers major campaigns and battles and military and political figures as well as non military aspects of the conflict such as gender emancipation literature ethnicity slavery and memory The Civil War and the Summer of 2020 Hilary N. Green, Andrew L. Slap, 2024-04-02 Investigates how Americans have remembered violence and resistance since the Civil War including Confederate monuments historical markers college classrooms and history books George Floyd's murder in the summer of 2020 sparked a national reckoning for the United States that had been 400 years in the making Millions of Americans took to the streets to protest both the murder and the centuries of systemic racism that already existed among European colonists but transformed with the arrival of the first enslaved African Americans in 1619 The violence needed to enforce that systemic racism for all those years from the slave driver's whip to state sponsored police brutality attracted the immediate attention of the protesters The resistance of the protesters echoed generations of African Americans

resisting the violence and oppression of white supremacy Their opposition to violence soon spread to other aspects of systemic racism including a cultural hegemony built on and reinforcing white supremacy At the heart of this white supremacist culture is the memory of the Civil War era when in 1861 8 million white Americans revolted against their country to try to safeguard the enslavement of 4 million African Americans The volume has three interconnected sections that build on one another The first section Violence explores systemic racism in the Civil War era and now with essays on slavery policing and slave patrols The second section titled Resistance shows how African Americans resisted violence for the past two centuries with essays discussing matters including self emancipation and African American soldiers The final section Memory investigates how Americans have remembered this violence and resistance since the Civil War including Confederate monuments and historical markers This volume is intended for nonhistorians interested in showing the intertwined and longstanding connections between systemic racism violence resistance and the memory of the Civil War era in the United States that finally exploded in the summer of 2020

The Cambridge Companion to the Literature of the American Civil War and Reconstruction Kathleen Diffley, Coleman Hutchison, 2022-08-18 The legacies of the Civil War and Reconstruction remain a central part of American life a century and a half later Drawing together leading scholars in literary studies and history this volume offers accessible treatments of major authors and genres of this period including Walt Whitman Frances Ellen Watkins Harper Rebecca Harding Davis Frederick Douglass and Charles Chesnutt as well as fiction poetry drama and life writing Although focused on literature this Companion also canvases battlefields homefronts and hospitals and discusses a range of topics including constitutional reform and presidential impeachment emancipation and Africa material culture and monuments education civil rights and reenactment The Cambridge Companion to the Literature of the American Civil War and Reconstruction speaks powerfully to literature's ability to help readers come to terms with a violent oppressive history while also imagining a different future

Reimagining the Republic Sandra M. Gustafson, Robert Levine, 2022-12-20 Albion W Tourg e 1838 1905 was a major force for social legal and literary transformation in the second half of the nineteenth century Best known for his Reconstruction novels *A Fool's Errand* 1879 and *Bricks without Straw* 1880 and for his key role in the civil rights case *Plessy v Ferguson* 1896 challenging Louisiana's law segregating railroad cars Tourg e published more than a dozen novels and a volume of short stories as well as nonfiction works of history law and politics This volume is the first collection focused on Tourg e's literary work and intends to establish his reputation as one of the great writers of fiction about the Reconstruction era arguably the greatest for the wide historical and geographical sweep of his novels and his ability to work with multiple points of view As a white novelist interested in the rights of African Americans Tourg e was committed to developing not a single Black perspective but multiple Black perspectives sometimes even in conflict The challenge was to do justice to those perspectives in the larger context of the story he wanted to tell about a multiracial America The seventeen essays in this volume are grouped around three large

topics race citizenship and nation The volume also includes a Preface Introduction Afterword Bibliography and Chronology providing an overview of his career This collection changes the way that we view Tourg e by highlighting his contributions as a writer and editor and as a supporter of African American writers Exploring the full spectrum of his literary works and cultural engagements Reimagining the Republic Race Citizenship and Nation in the Literary Work of Albion Tourg e reveals a new Tourg e for our moment of renewed interest in the literature and politics of Reconstruction *Reconstruction in a Globalizing World* David Prior,2018-01-02 As one of the most complexly divisive periods in American history Reconstruction has been the subject of a rich scholarship Historians have studied the period s racial views political maneuverings divisions between labor and capital debates about woman suffrage and of course its struggle between freed slaves and their former masters Yet on each of these fronts scholarship has attended overwhelmingly to the eastern United States especially the South thereby neglecting important transnational linkages This volume the first of its kind will examine Reconstruction s global connections and contexts in ways that while honoring the field s accomplishments move it beyond its southern focus The volume will bring together prominent and emerging scholars to showcase the deepening interplay between scholarships on Reconstruction and on America s place in world history Through these essays Reconstruction in a Globalizing World will engage two dynamic fields of study to the benefit of them both By demonstrating that the South and the eastern United States were connected to other parts of the globe in complex and important ways the volume will challenge scholars of Reconstruction to look outwards Likewise examining these same connections will compel transnationally minded scholars to reconsider Reconstruction as a pivotal era in the shaping of the United States relations with the rest of the world

Remaking North American Sovereignty Jewel L. Spangler, Frank Towers,2021-05-20 This essay collection presents a transnational history of mid nineteenth century North America a time of crisis that forged the continent s political dynamics North America took its political shape in the crisis of the 1860s marked by Canadian Confederation the US Civil War the restoration of the Mexican Republic and numerous wars and treaty regimes conducted between these states and indigenous peoples This crisis wove together the three nation states of modern North America from a patchwork of contested polities Remaking North American Sovereignty brings together distinguished experts on the histories of Canada indigenous peoples Mexico and the United States to re evaluate this era of political transformation in light of the global turn in nineteenth century historiography They uncover the continental dimensions of the 1860s crisis that have been obscured by historical traditions that confine these conflicts within a national framework Journal of the Civil War Era William A. Blair,2014-06-01 The Journal of the Civil War Era Volume 4 Number 2 June 2014 TABLE OF CONTENTS Tom Watson Brown Book Award John Fabian Witt Civil War Historians and the Laws of War Articles Chandra Manning Working for Citizenship in Civil War Contraband Camps Michael F Conlin The Dangerous Isms and the Fanatical Ists Antebellum Conservatives in the South and the North Confront the Modernity Conspiracy Nicholas Guyatt An Impossible Idea The Curious Career of Internal
