The Collected Short Stories Of Harriette Simpson Arnow:

The Collected Short Stories of Harriette Simpson Arnow Harriette Simpson Arnow, 2005-10-11 Harriette Simpson Arnow is an American treasure. Of the twenty-five stories in this collection, fifteen were previously unpublished. Until now, the short fiction of Arnow has remained relatively obscure despite the literary acclaim given to her novels *The Dollmaker* and *Hunter's Horn*. These stories, written early in her career, for the most part reveal an artistic vision and narrative skill and serve as harbingers for her later work. They echo her interest in both agrarian and urban communities, the sharpening of her social conscience, and her commitment to creating credible and complex characters. This collection is organized against the backdrop of her life from Kentucky in the 1920s to Ohio and Kentucky in the 1930s and to Michigan in the 1940s. As Arnow fans read these early gems, they will be led from gravel roads to city pavement and open layers of Arnow's development as a novelist to expose the full range of her contributions to American literature. In 1938, *Esquire* purchased *The Hunters*, which was eventually published as *The Two Hunters*, a chilling story of a seventeen-year-old boy's confrontation with a deputy sheriff. At the time, *Esquire* did not accept submissions from women, and its editors had no idea that writer H. L. Simpson was not a man. Years later, she admitted in an interview, "it worried me a little that big lie, but I thought if they wanted a story, let them have it." *Esquire* paid her \$125 for this story. The contributor's notes at the back of the magazine include a photo of H. L. Simpson; actually, a photo of one of her brothers-in-law. It was her little joke on a publisher that discriminated against women from the Introduction.

Thomas Inge,Charles Reagan Wilson,2014-02-01 Offering a comprehensive view of the South s literary landscape past and present

this volume of The New Encyclopedia of Southern Culture celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon. As new writers draw upon and reshape previous traditions, southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures, a development thoughtfully explored in the essays here. Greatly expanding the content of the literature section in the original Encyclopedia, this volume includes 31 thematic essays addressing major genres of literature, theoretical categories such as regionalism, the southern gothic, and agrarianism, and themes in southern writing such as food, religion, and sexuality. Most striking is the fivefold increase in the number of biographical entries, which introduce southern novelists, playwrights, poets, and critics. Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship.

Seeking Home Leslie Harper Worthington, Jürgen Grandt, 2024-01-12
Appalachian people are frequently depicted as poorly educated whites who isolate themselves in mountain hollows. In *Seeking Home*, editors Leslie Harper Worthington and Jürgen E. Grandt turn that stereotype upside down by showcasing Appalachia's ethnic diversity through a lively collection of essays discussing fiction, poetry, letters, and songs. This distinct collection begins with a personal narrative in which Worthington relates how she discovered her own home through teaching Lee Smith's *Fair and Tender Ladies*. Other essays range from the anticipated Ron Rash, Barbara Kingsolver, Harriette Simpson Arnow, to the unanticipated Charles Frazier's magical realism, a Confederate soldier's journals, and three different examinations of Appalachian poets. Adding further texture to the collection are essays examining the diversity in Appalachian music, including Cherokee song and dance, a discussion of Appalachian mining songs, and an examination of recording technology and authenticity. *Seeking Home* confirms that just as there are many Souths, there are also many Appalachias. The region is multifaceted, multicultural, and all we have to do is be willing to examine the variety.

LESLIE HARPER WORTHINGTON is the dean of Academic Programs and Services at Gadsden State Community College in Alabama. She is the author of *Cormac McCarthy and the Ghost of Huck Finn*. JÜRGEN E. GRANDT is an associate professor of English at the University of North Georgia. He is the author of *Shaping Words to Fit the Soul: The Southern Ritual Grounds of Afro-*
