The Hat:

An Illustrated History of the Hat John Nicholas Genin, 1848 A history of men's and women's hats *The Hat That Killed a Billion Birds* Arthur G. Sharp, 2024-01-26 During the late 1800s and early 1900s it was common practice for milliners to decorate women's hats with birds feathers and plumes and sometimes with the birds themselves As many as 300 million birds per year were killed for this fashionable enterprise causing the extinction of some entire species and the endangerment of others Lawmakers and bird aficionados were slow to react to the effects of this practice which went on almost unabated for a quarter of a century Then noted naturalists like George Bird Grinnell William T Hornaday and President Theodore Roosevelt who recognized the economic benefits birds provided banded together to pass meaningful legislation to protect them and to curb the production of murderous millinery This book explores the troubled history of millinery and its complicated relationship to birds and conservation It explores why it took so long for the slaughter to end and how the efforts of individuals and groups brought about change **The Cat in the Hat's Learning Library Super-Dee-Dooper Book of Animal Facts** Courtney Carbone, 2025-09-30 Laugh and learn with fun facts about animals from around the world and their unique habitats all told in Dr Seuss's beloved rhyming style and starring the Cat in the Hat We'll learn about animals that can swim jump and fly Please step up and join me there's no need to be shy The Cat in the Hat's Learning Library series combines beloved characters engaging rhymes and Seussian illustrations to introduce children to non fiction topics from the real world Explore the wild world of the animal kingdom and discover fun facts about African elephants backyard birds leaping lemurs and much more Perfect for story time and for the youngest readers Super Dee Dooper Book of Animal Facts also includes an index glossary and suggestions for further learning Look for more books in the Cat in the Hat's Learning Library series Wacky Weather One Cent Two Cents Old Cent New Cent Oh the Things You Can Do That Are Good For You Oh the Pets You Can Get [The Cat in the Hat's Learning Library Boxed Set](#) TISH. The Hat Industry of Luton and its Buildings Katie Carmichael,David McOmish,David Grech,2015-04-01

Although perhaps best known today as the home of Vauxhall Motors Luton s industrial roots run much deeper Long before it became associated with motor cars Luton was the centre of ladies hat production in this country a success founded upon the earlier regional industry of straw plaiting Many surrounding towns and villages fed into the industry and helped to make the region globally renowned At its peak in the 1930s the region was producing as many as 70 million hats in a single year however it entered a rapid decline following the Second World War from which it never recovered This has left Luton Dunstable and a number of other local towns with a challenging inheritance of neglected and decaying fragments of a once vital industry This book is intended to be an introduction and guide to the area s historical depth and to its distinctive and varied character seeking to explain the development of the region as the centre of the hatting industry in the south and exploring the lives of the people working there during the nineteenth and early twentieth centuries The historic links between the surviving building stock and the hatting industry are assessed and the book highlights the significance of the surviving fabric and the potential of the historic environment within future conservation and regeneration plans
