The Christian Synthesis:

The Christian Synthesis William Samuel Lilly, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. *The*

Christian College (Renewed Minds) William C. Ringenberg, 2006-04-01 When it first appeared in 1984, *The Christian College* was the first modern comprehensive history of Protestant higher education in America. Now this second edition updates the history, featuring a new chapter on the developments of the past two decades, a major introduction by Mark Noll, a new preface and epilogue, and a series of instructive appendixes.

Two Great Truths David Ray Griffin, 2004-01-01 Furthering his contribution to the science and religion debate, David Ray Griffin draws upon the cosmology of Alfred North Whitehead and proposes a radical synthesis between two worldviews sometimes thought wholly incompatible. He argues that the traditions designated by the names scientific naturalism and Christian faith both embody a great truth, a truth of universal validity and importance, but that both of these truths have been distorted, fueling the conflict between the visions of the scientific and Christian communities. Griffin contends, however, that there is no inherent conflict between science or even the kind of naturalism that it properly presupposes and the Christian faith understood in terms of the primary doctrines of the Christian good news. **Modern**

Poetry and the Christian Tradition Amos N. Wilder, 2014-04-08 In *Modern Poetry and the Christian Tradition*, Wilder examines this movement in poetry in relation to the direction in which our culture is moving. He interprets the significance of modern poetry and shows its relation to the traditional. He gives attention to the representative poets of our time, including Dylan Thomas, Gerard Manley Hopkins, Allen Tate, W. H. Auden, Wallace Stevens, T. S. Eliot, and others. He notes the wider implications of their work and assesses from them the impulses and trends of our age. As a poet of considerable ability, as a student of literary criticism for many years, and as a teacher, Wilder is in a position to know and understand his subject. The result is a book of permanent value to all concerned with the deeper meanings of civilization and Christianity. *The*

Twilight of Christianity Harry Elmer Barnes, 1929 *The Hidden God* Cleanth Brooks, 1963-01-01 The clarity of style for which Mr. Brooks has long been noted is displayed to advantage in this newest book of his criticism. Originally delivered as lectures at a faculty conference of people interested in theology, the critical studies have special importance for all readers who would like a fresh perspective on five distinguished literary figures whose Christian commitment has been regarded as nonexistent or nebulous. Mr. Brooks believes that whatever a writer has to say about mankind, Christianity, or culture in

general is most significantly explained through his achievements as an artist and for that reason the critic here deals with the characteristic literary work of each author rather than with his theology or philosophy

Heavenly Participation Hans Boersma, 2011-02 Surveying the barriers that contemporary thinking has erected between the natural and the supernatural between earth and heaven Hans Boersma issues a wake up call for Western Christianity Both Catholics and evangelicals he says have moved too far away from a sacramental mindset focusing more on the here and now than on the then and there Yet as Boersma points out the teaching of Jesus Paul and St Augustine indeed of most of Scripture and the church fathers is profoundly otherworldly much more concerned with heavenly participation than with earthly enjoyment In *Heavenly Participation* Boersma draws on the wisdom of great Christian minds ancient and modern Irenaeus Gregory of Nyssa C S Lewis Henri de Lubac John Milbank and many others He urges Catholics and evangelicals alike to retrieve a sacramental worldview to cultivate a greater awareness of eternal mysteries to partake eagerly of the divine life that transcends and transforms all earthly realities Hans Boersma makes a superb contribution to evangelical theological reflection in this well designed book and it goes a long way to drawing us back from the brink of a fashionable evangelical tendency to reductive historicism His re-situation of the doctrine of the Incarnation in its historic sacramental language and thought opens up the way to a deeper understanding of the truths of faith that evangelicals and Catholics alike seek to comprehend and nurture David Lyle Jeffrey Baylor University Theology at its best says Hans Boersma is less interested in comprehending the truth than in participating in it Skillfully marshalling passages from the church fathers and medieval theologians and drawing judiciously on contemporary evangelical and Catholic thinkers Boersma shows that theology is not primarily an intellectual enterprise but a spiritual discipline by which one enters into the truth and is mastered by it Though this sacramental tapestry as he calls it is as old as the church it is refreshing to have it presented anew in this engaging book Robert Louis Wilken University of Virginia
