The Civil War An American Iliad:

An American Iliad Charles Pierce Roland, 2004-01-01 An updated edition of this concise yet comprehensive history of the Civil War written by a distinguished historian of the conflict Charles Roland skillfully interweaves the story of battles and campaigns with accounts of the major political diplomatic social and cultural events of the epoch and insightful sketches of the leading actors Of prime interest are the contrasts he draws between the opposing presidents and generals What traits he asks made Lincoln superior to Davis as a war leader How were Union military leaders able to forge a more effective fighting force a more comprehensive strategy than their opponents Roland s thoughtful answers and his recognition of the contradictions of human nature and the interplay of intention and chance raise this book above a mere recounting of military events The story of the Civil War is the epic of the American people Never has it been told more movingly **The Civil War**, 1994 *The Civil War* Otto Eisenschiml, Ralph Newman, 1997-07 More than any other conflict the Civil War tore at the fabric of American life Out of this shattering ordeal came many strange reporters politicians housewives rub shoulders in the pages of this book Each sees the war in a strongly personal way Here we meet partisans of each side the Blue the Grey see the conflict through the eyes of those who lived breathed it The Civil War Otto Eisenschiml, Ralph Geoffrey Newman, 1956

The American Iliad Otto Eisenschiml, 1947 **The Civil War**, 1956 **The Civil War, Vol. 1: The American Iliad as Told by Those Who Lived It (Classic Reprint)** Otto Eisenschiml, 2019-01-25 Excerpt from *The Civil War Vol 1 The American Iliad as Told by Those Who Lived It* The American Iliad is not intended to be just another story of the Civil War Instead it aims to present this heroic period as a panorama letting the events pass before the reader s eyes much as they passed before the eyes of the men and women who lived at that time The Civil War beyond most wars went deep into every aspect of life and was much more than a series of battles It affected every living being both north and south of the Mason and Dixon Line and produced many strange human experiences some of which we have woven into this narrative as an integral part of the picture We did not write this book Dozens of people wrote it people who witnessed a stirring contemporary scene and tell about it in their own words They may have been commanding generals or soldiers in the ranks newspaper reporters statesmen or housewives If they observed well wrote honestly entertainingly and this is where we lay our emphasis with dramatic suspense we have drawn on their contributions in the compilation of this volume About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
