**The Collected Poems of Sir Winston Churchill** F. John Herbert, Winston Churchill, 1981      The Collected Poems of Sarah Churchill Sarah Churchill, 1974      The Twentieth Century Neil McEwan, 1989-08-28 This volume illustrates the strength and variety of 20th century literature and provides a stimulating collection to which readers will return time and again      *Complete Poems* A. M. Klein, 1990-01-01 This collection includes all Klein s poetry both original works and translations from Hebrew Yiddish Aramaic and Latin Many of them coming from all periods of his careers have never been published      **A.M. Klein: Complete Poems** A.M. Klein, 1990-12-15 It is for his poetry that A M Klein is best known and most warmly remembered This collection includes all Klein s poetry both original works and translations from Hebrew Yiddish Aramaic and Latin Many of them coming from all periods of his careers have never been published The poems are arranged chronologically according to date of composition This makes possible for the first time an appreciation of Klein s poetic development The editor s introduction places this development in the perspective of Klein s life and time and in particular explores Klein s lifelong struggle to reconcile his dual vocations as both a Jewish and a modernist writer The textual apparatus identifies all authoritative versions for each poem and lists all emendations and all substantive variants in both published and manuscript versions The explanatory notes gloss obscure terms and references They also provide a rich context for appreciation and interpretation by drawing connections with Klein s life his wide reading and his work as a whole Wherever possible Klein s own numerous but scattered comments on his poems have been cited      **Selected Poems** A.M. Klein, 1997-12-15 Throughout his career A M Klein struggled to define for himself the role of the poet in the contemporary world Deeply rooted in the traditions of Judaism and at the same time powerfully attracted by the freedom and scope of international modernism he sought to reconcile past and present community and creative individuality Whether or not he finally achieved his own high aims it was in his own words something merely to entertain them The result was a body of work immensely rich and varied in tone language cultural resonance This collection of eighty four poems offers a representative sampling of Klein s finest poetry while taking into account the changing critical discourse of the last fifty years Anyone interested in experiencing the full range of Klein s poetic achievement or in understanding the complex nature of the poet need look no further than this eminently readable volume      **After the Victorians** A. N. Wilson, 2015-05-05 The distinguished historian A N Wilson has charted in vivid detail Britain s rise to world dominance a tale of how one small island nation came to be the mightiest richest country on earth reigning over much of the globe Now in his much anticipated sequel to the classic *The Victorians* he describes how in little more than a generation Britain s power and influence in the world would virtually dissolve In *After the Victorians* Wilson presents a panoramic view of an era stretching from the death of Queen Victoria in 1901 to the dawn of the cold war in the early 1950s He offers riveting accounts of the savagery of World War I and the world altering upheaval of the Communist Revolution He explains Britain s role in shaping the destiny of the

Middle East And he casts a bright new light on the World War II years Britain played a central role in defeating Germany but at a severe cost The nation would emerge from the war bankrupt and fatally weakened sidelined from world politics while America would assume the mantle of dominant world power facing off against the Soviet Union in the cold war Wilson's perspective is not confined to the trenches of the battlefield and the halls of parliament he also examines the parallel story of the beginnings of Modernism he visits the novelists philosophers poets and painters to see what they reveal about the activities of the politicians scientists and generals Blending military political social and cultural history of the most dramatic kind A N Wilson offers an absorbing portrait of the decline of one of the world's great powers The result is a fresh account of the birth pangs of the modern world as well as a timely analysis of imperialism and its discontents
