Through the Heart of Dixie Anne Sarah Rubin, 2014-09-15 Sherman's March cutting a path through Georgia and the Carolinas is among the most symbolically potent events of the Civil War In *Through the Heart of Dixie* Anne Sarah Rubin uncovers and unpacks stories and myths about the March from a wide variety of sources including African Americans women Union soldiers Confederates and even Sherman himself Drawing her evidence from an array of media including travel accounts memoirs literature films and newspapers Rubin uses the competing and contradictory stories as a lens for examining the ways American thinking about the Civil War have changed over time Compiling and analyzing the discordant stories around the March and considering significant cultural artifacts such as George Barnard's 1866 Photographic Views of Sherman's Campaign Margaret Mitchell's *Gone with the Wind* and E L Doctorow's *The March* Rubin creates a cohesive narrative that unites seemingly incompatible myths and asserts the metaphorical importance of Sherman's March to Americans memory of the Civil War The book is enhanced by a digital history project which can be found at shermansmarch.org

Stolen Childhood Wilma King, 2020-03-04 An updated edition of the classic study that took an enormous step toward filling some of the voids in the literature of slavery The Washington Post Book World One of the most important books published on slave society *Stolen Childhood* focuses on the millions of children and youth enslaved in 19th century America This enlarged and revised edition reflects the abundance of new scholarship on slavery that has emerged Wilma King has expanded its scope to include the international dimension with a new chapter on the transatlantic trade in African children and the book's geographic boundaries now embrace slave born children in the North She includes data about children owned by Native Americans and African Americans and presents new information about children's knowledge of and participation in the abolitionist movement and the interactions between enslaved and free children A jarring snapshot of children living in bondage This compellingly written work is a testament to the strength and resilience of the children and their parents Booklist on the first edition **Unburdened by Conscience** Anthony W. Neal, 2010 This book argues that influential historians have been unable to offer a complete account of ante bellum era American slavery because of their preoccupation with humanizing the slaveholders Neal skillfully weaves together candid first hand accounts of courageous ex slaves permitting readers to see slavery in the United States from their point of view A Separate Canaan Jon F.

Sensbach,2012-12-01 In colonial North Carolina German speaking settlers from the Moravian Church founded a religious refuge an ideal society they hoped whose blueprint for daily life was the Bible and whose Chief Elder was Christ himself As the community s demand for labor grew the Moravian Brethren bought slaves to help operate their farms shops and industries Moravians believed in the universalism of the gospel and baptized dozens of African Americans who became full members of tightly knit Moravian congregations For decades white and black Brethren worked and worshiped together though white Moravians never abandoned their belief that black slavery was ordained by God Based on German church documents including dozens of rare biographies of black Moravians *A Separate Canaan* is the first full length study of contact between people of German and African descent in early America Exploring the fluidity of race in Revolutionary era America it highlights the struggle of African Americans to secure their fragile place in a culture unwilling to give them full human rights In the early nineteenth century white Moravians forsook their spiritual inclusiveness installing blacks in a separate church Just as white Americans throughout the new republic rejected African American equality the Moravian story illustrates the power of slavery and race to overwhelm other ideals *Creating Citizenship in the Nineteenth-Century South* William A. Link,David Brown,Brian E. Ward,Martyn Bone,2018-02-19 This is a remarkable collection of essays Citizenship clearly forms the backbone for these investigations but the range of the contributors backgrounds in terms of disciplinary training and the approaches they take to the question makes this collection both broad and deep As it turns out there is no other way to tackle a concept as central but also as slippery as citizenship A shorter or more focused collection would miss the nuances and insights that this one offers Aaron Sheehan Dean author of *Why Confederates Fought* Family and Nation in Civil War Virginia President Obama s citizenship continues to be questioned by the birthers the Cherokee Nation has revoked tribal rights from descendants of Cherokee slaves and Parliament in the U K is debating citizenship education It is in both this broader context and in the narrower academic one that *Creating Citizenship in the Nineteenth Century South* stands as a smart exciting and most welcome contribution to southern history and southern studies Michele Gillespie author of *Katharine* and R J Reynolds *Partners of Fortune* and the *Making of the New South* Combining historical and cultural studies perspectives eleven well crafted essays and a provocative epilogue engage the economic political and cultural dynamics of race and belonging from the era of enslavement through emancipation reconstruction and the New South Nancy A Hewitt author of *Southern Discomfort* More than merely legal status citizenship is also a form of belonging shaping individual and group rights duties and identities The pioneering essays in this volume are the first to address the evolution and significance of citizenship in the American South during the long nineteenth century They explore the politics and contested meanings of citizenry from a variety of disciplinary perspectives in a tumultuous period when slavery Civil War Reconstruction and segregation redefined relationships between different groups of southern men and women both black and white *Blood and War at My Doorstep* Brenda Chambers McKean,2011-03-22 Between these pages the reader will learn that North Carolina citizens did not idly

stand by as their soldiers marched off to war The women worked themselves into patriotic exhaustion through Aid Societies Civilians with different means of support from the lower class to the plantation mistress wrote the governor complaining of hoarding speculation the tithe bushwhackers unionism conscription and exemptions Never before had so many died due to guerilla warfare Unknown before starving women with weapons stormed the merchant or warehouses in search for food Others turned to smuggling spying or nature s oldest profession Information from period newspapers as well as mostly unpublished letters tell their stories

murdered outside of a Minneapolis convenience store by white officer Derek Chauvin. The video recording of his death set off the largest protest movement in the history of the United States, awakening millions to the pervasiveness of racial injustice. But long before his face was painted onto countless murals and his name became synonymous with civil rights, Floyd was a father, partner, athlete, and friend who constantly strove for a better life. His Name Is George Floyd tells the story of a beloved figure from Houston's housing projects as he faced the stifling systemic pressures that come with being a Black man in America. Placing his narrative within the context of the country's enduring legacy of institutional racism, this deeply reported account examines Floyd's family roots in slavery and sharecropping, the segregation of his schools, the overpolicing of his community amid a wave of mass incarceration, and the callous disregard toward his struggle with addiction, putting today's inequality into uniquely human terms. Drawing upon hundreds of interviews with Floyd's closest friends and family, his elementary school teachers and varsity coaches, civil rights icons, and those in the highest seats of political power, Washington Post reporters Robert Samuels and Toluse Olorunnipa offer a poignant and moving exploration of George Floyd's America, revealing how a man who simply wanted to breathe ended up touching the world.

Rethinking American Emancipation William A. Link, James J. Broomall, 2016 This volume unpacks the long history and varied meanings of the emancipation of American slaves.

Federal Relief Administration and the Arts William Francis McDonald, 1969

What is Slavery? Brenda E. Stevenson, 2015-08-06 What is slavery? It seems a simple enough question. Despite the long history of the institution and its widespread use around the globe, many people still largely associate slavery outside of the biblical references in the Old Testament to the enslavement of Africans in America, particularly the United States. Slavery proved to be essential to the creation of the young nation's agricultural and industrial economies and profoundly shaped its political and cultural landscapes even until today. What Is Slavery focuses on the experience of enslaved black people in the United States from its early colonial period to the dawn of that destructive war that was as much about slavery as anything else. The book begins with a survey of slavery across time and place from the ancient world to the beginning of the Atlantic slave trade and then describes the commerce in black laborers that ushered in market globalization and brought more than 12 million Africans to the Americas before finally examining slavery in law and practice. For those who are looking for a concise and comprehensive treatment of such topics as slave labor, culture, resistance, family, and gender relations, the domestic slave trade, the regionalization of the institution in the expanding southern and southwestern frontiers, and escalating abolitionist and proslavery advocacies, this book will be essential reading.

Unbroken and Unbowed Jimmie R. Hawkins, 2022-02-22 In this compelling and informative volume, Jimmie R. Hawkins walks the reader through the many forms of Black protest in American history from pre-colonial times through the George Floyd protests of 2020. Hawkins breaks American history into five sections with subsections highlighting how Black identity helped to shape protest during that period. These protests include slave ship mutinies, the abolitionist movement, the different approaches to protest from Frederick Douglass, W. E. B. DuBois, and Booker T.

Washington protest led by various Black institutions Black Lives Matter movements and protests of today's Black athletes musicians and intellectuals such as LeBron James Beyonce and Kendrick Lamar Hawkins also covers the backlash to these protests including the Jim Crow era the Red Summer of 1919 and modern day wars on the Black community in the form of the War on Drugs and voter suppression Sexuality and Slavery Daina Ramey Berry, Leslie M. Harris, 2018-10 In this groundbreaking collection editors Daina Ramey Berry and Leslie M Harris place sexuality at the center of slavery studies in the Americas the United States the Caribbean and South America While scholars have marginalized or simply overlooked the importance of sexual practices in most mainstream studies of slavery Berry and Harris argue here that sexual intimacy constituted a core terrain of struggle between slaveholders and the enslaved These essays explore consensual sexual intimacy and expression within slave communities as well as sexual relationships across lines of race status and power Contributors explore sexuality as a tool of control exploitation and repression and as an expression of autonomy resistance and defiance **Women's America** Linda K. Kerber, 2016 Featuring a mix of primary source documents articles and illustrations Women's America Refocusing the Past has long been an invaluable resource Now in its eighth edition the book has been extensively revised and updated to cover recent developments in U S women's history **In the Looking Glass** Rebecca K. Shrum, 2017-08-30 The evolving technology of the looking glass First glimpses mirrors in seventeenth century New England Looking glass ownership in early America Reliable mirrors and troubling visions nineteenth century white Understandings of sight Fashioning whiteness Mirrors in black and red Epilogue Black Women in Texas History Bruce A. Glasrud, Merline Pitre, 2008-03-03 Though often consigned to the footnotes of history African American women are a significant part of the rich multiethnic heritage of Texas and the United States Until now though their story has frequently been fragmented and underappreciated Black Women in Texas History draws together a multi author narrative of the experiences and impact of black American women from the time of slavery until the recent past Each chapter written by an expert on the era provides a readable survey and overview of the lives and roles of black Texas women during that period Each provides careful documentation which along with the thorough bibliography compiled by the volume editors will provide a starting point for others wanting to build on this important topic The authors address significant questions about population demographics employment patterns family and social dimensions legal and political rights and individual accomplishments They look not only at how African American women have been shaped by the larger culture but also at how these women have in turn affected the culture and history of Texas This work situates African American women within the context of their times and offers a due appreciation and analysis of their lives and accomplishments Black Women in Texas History is an important addition to history and sociology curriculums as well as black studies and women's studies programs It will provide for interested students scholars and general readers a comprehensive survey of the crucial role these women played in shaping the history of the Lone Star State **Navigating African Maritime History** Carina E. Ray, Jeremy

Rich, 2017-10-18 This book is a collection of essays addressing multiple aspects of African maritime history in attempt to counter the lack of academic research that exists in comparison to other nations and continents and to assert the value of African topics to the global study of maritime history Each essay addresses African maritime history whilst also demonstrating an inextricable link to the global maritime stage The topics discussed include early human migration to Africa early European contact with Africa the role of West African maritime communities in the Atlantic slave trade New World slaveholders and the exploitation of African maritime skillsets the construction of Atlantic world racial discourses the rise and fall of colonial rule and African immigrant communities in Europe These essays cover maritime topics such as seafaring labour navigational technology swimming diving surfing plus political subjects that include colonisation decolonisation immigration and citizenship The book consists of eight essays and an introduction that evaluates the existing research into African maritime history It includes case studies from every major geographical part of the continent bar North Africa and covers the Early Modern period up to the twentieth century The purpose is not to provide a comprehensive chronological history but rather a diverse collection of topics across a range of periods and locations to reflect the wealth of maritime topics in the history of Africa and their global significance It concludes with a call for further research into non European maritime activity to deepen the global historiography
