The SMALLER ACADEMIC LIBRARY

A Management Handbook

Edited by
Gerard B. McCabe

Smaller Academic Library

George Stachokas

Smaller Academic Library:

The Small to Mid-Size Academic Library Camille Abdeljawad, Danielle Theiss, 2024-12-06 Collaboration is not only a lifeline for small and mid size academic libraries it is also their lifeblood From the Foreword by Peter Felten and Joan D Ruelle Small to mid size academic libraries often operate with reduced staffing smaller budgets and competing priorities These limitations reduce the resources that can be allocated to programming and outreach efforts The Small to Midsize Academic Library Collaborations and Outreach captures how academic library workers at these institutions are providing engagement and outreach opportunities for students by partnering with other entities across their campuses In three parts chapters provide easy to implement ideas and strategies for course campus and community outreach Part 1 Collaborations Cross Campus Initiatives External Collaborations Part 2 Academic Success Initiatives Writing and Composition Orientation and Programming Part 3 Evolving Roles of Libraries in Student Success Student Wellness Emerging Roles for Librarians Increased student engagement with cocurricular library and cross departmental activities can lead to higher student retention and persistence rates Academic libraries have an important role to play in providing these opportunities and Collaborations and Outreach provides effective practices for supporting student success

Organizing Library

Collections Gretchen L. Hoffman, 2019-08-05 Libraries organize their collections to help library users find what they need Organizing library collections may seem like a straightforward and streamlined process but it can be quite complex and there is a large body of theory and practice that shape and support this work Learning about the organization of library collections can be challenging Libraries have a long history of organizing their collections there are many principles models standards and tools used to organize collections and theory and practice are changing constantly Written for beginning library science students Organizing Library Collections Theory and Practice introduces the theory and practice of organizing library collections in a clear straightforward and understandable way It explains why and how libraries organize their collections and how theory and practice work together to help library users It introduces basic cataloging and metadata theory describes and evaluates the major cataloging and metadata standards and tools used to organize library collections and explains in general how all libraries organize their collections in practice Yet this book not only introduces theory and practice in general it introduces students to a wide range of topics involved in organizing library collections This book explores how academic public school and special libraries typically organize their collections and why It also discusses standardization and explains how cataloging and metadata standards and policies are developed Ethical issues also are explored and ethical decision making is addressed In addition several discussion questions and class activities reinforce concepts introduced in each chapter Students should walk away from this book understanding why and how libraries organize their collections

Academic Libraries in Greece

Dean H Keller, 2013-10-18 Become better informed about Greek academic librarianship at a time of great potential for changes and advances in academic libraries in Greece Rapid

changes are occurring in these libraries as more professionally and technically trained Greek librarians are available contact with American British and European librarians is increased and new technology becomes readily available Academic Libraries in Greece provides complete information on such varied subjects as automation collection development departmental libraries education for librarianship interlibrary loan and library management pointing out past experiences current activities and future prospects There is an historical overview of Greek academic libraries and some libraries are described in some detail The contributors who include Greek American and British librarians or education specialists who have had an opportunity to work in or closely observe Greek academic libraries provide a historical overview of the development of Greek academic libraries and detailed descriptions of some specific libraries Academic Libraries in Greece address important issues in Greek academic librarianship such as How did the modern Greek library develop and how does it operate What are its specific automation needs and how can they be met What is the current status of automation and what are the prospects for the future How can new needs be met under the present system and what are the prospects for change The history and current efforts of library training and the value of foreign exchange programs and provides examples An in depth analysis of a departmental library in Greece Librarians education specialists and students interested in international librarianship and education and especially those who have an interest in the situation in Greece will find invaluable first hand accounts of the views and understanding of professionals who have recently been on the scene Library science faculty teaching library history international librarianship or how library theory and practice is applied in a foreign setting will be greatly interested in this insightful text *Operations Handbook for the Small Academic Library* Gerard B. McCabe, 1989-09-26 Gerard McCabe s *Operations Handbook for the Small Academic Library* fills a real need It should be of substantial benefit to many librarians working in such settings The editor has done a good job of identifying the issues finding a range of skilled practitioners to write intelligently and succinctly about those issues and arranging and presenting the material in a straightforward fashion The information and advice is consistently sound and reliable which makes this a text that can be recommended as a solid manual for those responsible for the management of small academic libraries Wilson Library Bulletin Designed as a companion volume to *The Smaller Academic Library A Management Handbook* Greenwood Press 1988 this book outlines specific suggestions for the efficient day to day operation of the small institution that has limited resources yet often must serve a broad cross section of academic and community interests Written by experienced library management specialists it is intended for library staffs at all levels as well as other readers who have an interest in libraries and their operation Administrative functions including cost data presentation and the use of bibliographic networks are examined in the first several chapters The authors next look at personnel issues and present guidelines on the design of jobs recruitment and selection of librarians staff training and the employment of student workers Circulation the interlibrary loan and off campus library services are discussed in detail and practical advice is given on the selection and utilization of

technical services A section on technology shows how to integrate new services and technology in the smaller institution and provides information on microcomputers software CD ROM and electronic book ordering Other topics considered are the material selection process periodical acquisition and budget control the selection of monographs and issues in library facility planning such as interior design furniture selection and the utilization of space The volume concludes with a bibliographic essay Clear and readable this book offers a systematic approach to revitalizing the diverse services functions and daily routines that make up the operation of the small academic library

Private Philanthropic Trends in Academic Libraries Luis Gonzalez, 2013-11-18 Private Philanthropic Trends in Academic Libraries is written with the senior library administrator and the development officers of academic institutions in mind Chapters provide a historical perspective of the funding trends of the private philanthropic foundations and corporate giving programs towards academic libraries during the first decade of the 21st century Library fundraisers and library administrators are presented with the information needed to start the process of selecting which grant maker agencies to approach Chapters discuss which grantmaking philanthropic foundations and corporate giving programs will be more receptive to grant monies to library projects which types of library projects they will be more likely to fund and how to approach these agencies in order to increase the possibilities of receiving grant awards from them The work provides starting points for library development and fundraising efforts Covers the basics of fundraising Presents the historical funding trends of private philanthropic foundations giving to academic libraries

Managing the Small College Library Rachel Applegate, 2010-09-16 This book helps directors of small college libraries to plan staff and organize their facilities and make the right decisions to effectively contribute to their college's mission The purpose of this book is to provide the director of a small college library typically defined as a facility managed by one to seven librarians with information on every important managerial function specific to their facilities This content will be much more useful for these library specialists than that of management books covering generic library management or targeted towards large academic settings Managing the Small College Library covers the key responsibilities of the small college library director personnel planning budgeting and serving key constituencies The author draws upon her in depth knowledge of bureaucratic political and human resources managerial theory to explain how librarians can advance the mission of their library It also includes an in depth discussion of tenure and academic status for librarians and examines the effects of both public and religious affiliation

The Small Library Manager's Handbook Alice Graves, 2014-10-16 The Small Library Manager's Handbook is for librarians working in all types of small libraries It covers the everyday nuts and bolts operations that all librarians must perform Following an introduction 27 chapters are arranged in six major parts Management including staffing working with volunteers and annual reports Marketing including social networking and how to prove your library's worth to your boss Money including budgeting and grant writing Services including reference and circulation Collection Development including assessment and weeding and Professional Development including free webinars YouTube videos and

networking Each chapter is written by an expert The chapter authors work in academic public and special libraries They work in hospitals prisons museums colleges courthouses and corporations Their libraries consist of books across the Library of Congress or Dewey Decimal system and they work in specialized libraries that use a limited range of cataloging possibilities Librarians in small libraries wear many hats This handbook written by experts who are small librarians themselves will help all small librarians to do multiple jobs at the same time

Federated Search Christopher N. Cox,2013-10-18 Understand federated searching implementation better and what works best in your library Federated Search Solution or Setback for Online Library Services is a comprehensive guide to choosing implementing testing teaching and marketing federated search products in libraries Experts in the field and librarians across the United States provide firsthand information on using federated search engines in different types of libraries small academic and consortia integrating search engines into library Web sites homegrown upgrades bidding on a product other uses for software and the future of federated searching Federated Search Solution or Setback for Online Library Services explains what factors come into play when choosing which federated search engine is appropriate for a library This helpful resource discusses how to go out to bid for a product and provides a variety of case examples that illustrate implementation in libraries of different sizes The book also includes information of what happened once federated search was implemented on various campuses such as usability studies teaching issues getting buy on from librarians and marketing to students Topics discussed in Federated Search Solution or Setback for Online Library Services include implementing federated search in different types of libraries why some libraries choose NOT to implement federated searching usability testing of federated search product implementations teaching issues with federated search products marketing to library users integrating federated searching into library web sites and existing services homegrown federated search upgrades the future of federated searching in libraries Federated Search Solution or Setback for Online Library Services is an essential source on federated searching in libraries for librarians from any size or type of library

Planning for Library Services Charles R. McClure,1982 Planning for Library Services assists library and information service managers in initiating improving and sustaining good planning practices in their organizations It provides practicing librarians with a guide to assist in their planning methods for increased library effectiveness and promotes a better understanding of the concepts benefits potential problems and processes related to planning

Content and Workflow Management for Library Web Sites Holly Yu,2005-01-01 Using database driven web pages or web content management WCM systems to manage increasingly diverse web content and to streamline workflows is a commonly practiced solution recognized in libraries to day However limited library web content management models and funding constraints prevent many libraries from purchasing commercially available WCM systems And the lack of much needed technical expertise in building in house WCM systems presents a great challenge for libraries of all types Content and Workflow Management for Library Websites Case Studies provides practical and applicable web content

management solutions through case studies It contains successful database to web applications as employed in a variety of academic libraries The applications vary in scope and cover a range of practical how to do it examples from database driven web development locally created web content management systems systems for distributing content management responsibilities dynamic content delivery to open source tools such as MySQL and PHP to manage the content Issues and challenges associated with the development process are discussed Authors will also discuss detours sand traps and missteps necessary to a real learning process

Serving Library Users from Asia John Hickok,2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e g disabled Latino seniors etc few books on serving library users of Asian heritage have been written Thus the timely need for this book Rather than a generalized overview of Asians as a whole this book has 24 separate chapters each on 24 specific Asian countries cultures of East Southeast and South Asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture Resources include cultural guides both print and online language helps with sample library vocabulary Asian booksellers nationwide cultural groups professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author s 15 years of research and travels to Asia this work is a must have for all librarians

Departments of Labor and Health, Education, and Welfare appropriations for 1978 United States. Congress. House. Committee on Appropriations. Subcommittee on Departments of Labor, and Health, Education, and Welfare, and Related Agencies,United States. Congress.

House. Committee on Appropriations. Subcommittee on the Departments of Labor and Health, Education and Welfare, 1977

Library Automation : Issues And Principles R. S. Kochar, 1997 **Finance, Budget, and Management for Reference Services** Ruth A. Fraley, Bill Katz, 2019-12-06 The library budget a topic of primary importance to the reference librarian is thoroughly examined in this book first published in 1988 Experts offer insightful suggestions for reference librarians to understand and take responsibility for budget issues directly and indirectly They address the ability to explain the budget which actually entails explaining the collection the services and the process in place for managing the fiscal resources a necessary skill for any reference librarian faced with looming budget cuts Providing quality services on a limited budget is also explored The contributors provide helpful essays on convincing the parent agency to provide adequate support setting goals and priorities generating revenue and more **Impact of Economic Pressures on American Libraries and Their Decisions Concerning Scholarly and Research Journal Acquisition and Retention** Bernard Mitchell Fry, 1978

Vendors and Library Acquisitions Bill Katz, 2019-12-06 This book first published in 1991 addresses the sometimes troublesome relationships between acquisitions librarians and the jobbers with whom they work Various issues are explored to establish the most efficient and satisfactory methods of selecting a vendor the way to gain expertise in evaluating the system and the best ways to reach a successful relationship with the vendor and the public served by the library

Foundations of Library and Information Science, Fourth Edition Richard E. Rubin, 2017-11-22 *Fundamentals of Collection Development and Management* Peggy Johnson, 2009 Addresses the art of controlling and updating your library's collection Discussions of the importance and logistics of electronic resources are integrated throughout the book After the Book George Stachokas, 2014-09-04 Libraries and librarians have been defined by the book throughout modern history What happens when society increasingly lets print go in favour of storing retrieving and manipulating electronic information What happens after the book After the Book explores how the academic library of the 21st Century is first and foremost a provider of electronic information services Contemporary users expect today's library to provide information as quickly and efficiently as other online information resources The book argues that librarians need to change what they know how they work and how they are perceived in order to succeed according to the terms of this new paradigm This title is structured into eight chapters An introduction defines the challenge of electronic resources and makes the case for finding solutions and following chapters cover diversions and half measures and the problem for libraries in the 21st century Later chapters discuss solving problems through professional identity and preparation before final chapters cover reorganizing libraries to serve users adapting to scarcity and the digital divide Describes how electronic resources constitute both a challenge and an opportunity for libraries Argues that librarians can re define themselves Puts the case that libraries can be reorganized to optimize electronic resource management and information services based on contemporary technology and user needs
