Contemporary Social Work Donald Brieland,Lela B. Costin,Charles R. Atherton,1985 Social Work and Service Learning Meryl Nadel, Virginia Majewski, Marilyn Sullivan-Cosetti,2007 Service learning and social work education comprise an exciting yet underutilized partnership This book represents the first comprehensive overview of this active and empowering approach to learning in social work Both educators and practitioners will discover conceptual and practical guidance for developing productive community based projects Often envisioned as located at the midpoint on a continuum from volunteer work to internship service learning combines the opportunity to serve with the opportunity to learn It offers community agencies a chance to collaborate with academic colleagues to meet identified community needs frequently with an explicit social justice dimension The contributors illustrate how service learning facilitates students understanding and interacting with community members as partners not clients Service learning encourages students to use critical thinking skills to reflect on their work and its implications This combination of study action reflection in conjunction with course content is highly effective The book explores its subject from several perspectives The first section serves as a conceptual and theoretical orientation to service learning in social work The second section offers models that illustrate many ways of implementing service learning across the components of the social work curriculum The final two parts of the book focus on evaluation and service learning in the broader context of civic engagement **Social Work in the 21st Century** Morley D. Glicken,2007 The focus of this book is on understanding the major social issues in America the social welfare system and it s attempts to resolve those issues and the many roles assumed by professional social workers within the social welfare system This is an easy to read book which includes many examples of successful social work practices within existing social welfare settings
