Guerrero, Peter A. Andersen, Ph.D., Walid A. Afifi, 2007-05-31 Using a relational approach to the study of interpersonal communication this text provides comprehensive coverage of popular theories and concepts in interpersonal communication The research base of the book draws heavily from communication but also emphasizes the interdisciplinary nature of the study of personal relationships The book focuses on communication within close relationships and is organized

using a developmental approach The early chapters focus on processes that shape initial interaction and relational escalation with the caveat that some of these processes e g self disclosure uncertainty also play important roles in established relationships The middle chapters examine issues related to maintaining a loving fair and intimate relationship The latter chapters focus on challenges relational partners face including coping with privacy needs relational transgressions and conflict The last chapter is on relationship endings The book includes research from various disciplines such as social psychology and family studies but the primary focus is communication research

### **Computer-Mediated Communication**

Caleb T. Carr, 2021-04-29 As more of our human interaction moves online and facilitated by digital channels it becomes increasingly important to understand how being online influences how we interact with others and ourselves This textbook introduces students to the fundamental concepts theories and applications of computer mediated communication To prevent information from being dated the text begins by building a foundational understanding of CMC theories including CFO SIP SIDE and hyperpersonal to understand how being online affects human human communication in a way that is not dependent on or embedded in a particular channel From there subsequent chapters explore how CMC intersects with and affects other communication subdisciplines including interpersonal organizational and intergroup After exploring these intersections the textbook considers various uses of CMC including to persuade to entertain and to facilitate relationships Though contemporary examples are offered to illustrate theories and application the text is written in a way that allows and encourages scholars to think about their own media use in a broader and channel agnostic mindset applying what they learn beyond just Instagram and Snapchat to make sense of their modern and digital world

### **Letting Go**

Dudley D. Cahn, 1987-07-01 While many books in the popular press deal with relationships Letting Go is among the first to draw upon scholarly research to offer a theoretical perspective with practical implications Cahn examines interpersonal relationship disengagement and reengagement by tapping the resources of social science literature The result is a model for communication which seeks to achieve and maintain interpersonal understanding while promoting communication behaviors that encourage growth of the individual and relationship satisfaction The author's integrated approach combines three models of relationship development namely quality communication recognition and availability of more desirable alternatives and degree of personal investments He also surveys the literature on friendship mateship supervisor and subordinate relationships and teacher student relationships and demonstrates that a quality communication environment as measured by the Perceived Understanding Instrument is crucial for understanding relationship disengagement and reengagement

**Empathic Accuracy** William John Ickes, 1997-01-01 Empathic inference or everyday mind reading is a form of complex psychological inference in which observation memory knowledge and reasoning are combined to yield insights into the subjective experience of others This comprehensive volume addresses the question of how accurate our readings of thoughts and feelings of others actually are introducing two innovative methods for objectivity measuring this key dimension of social

intelligence Presenting cutting edge research in this emerging area the volume offers essential insights into how and why people sometimes succeed and sometimes fail in their attempts to understand each other Leading experts cover such topics as the evolutionary and social developmental origins of empathic accuracy physiological aspects of empathic accuracy gender and other individual difference variables empathic accuracy and processes of mental control the dynamic role of empathic accuracy in personal and psychotherapeutic relationships and the relation of empathic accuracy to applied domains in psychology This book will be of interest to students researchers and professionals in a range of disciplines including personality and social psychology clinical and counseling psychology communication developmental psychology and marriage and family studies

**Romantic Relationships and Media** Valerie Ellen Kretz, 2024-12-15 In this book Valerie Kretz utilizes examples from pop culture and everyday life to provide an examination of current research on romantic relationships and media with an emphasis on entertainment and digitally mediated communication By dividing the book into two major sections relationship trajectories and different aspects of relationships Kretz establishes a framework through which to explore relevant theoretical and empirical findings drawing on established literature examples in the media and the lived experiences of interview participants Kretz covers a wide range of topics through these frameworks including online dating representations of love in film and television social media and romantic jealousy parasocial romance and digital breakups among others Ultimately Kretz argues that all available evidence demonstrates the complexity of this intersection due to the separate roles that several distinct factors like medium content social context frequency of use and individual differences all play a role in how these intersections are constructed in the real world Finally the book identifies potential directions for future research as scholars continue to unpack this complex relationship

*Classroom Communication and Diversity* Robert G. Powell, Dana L. Powell, 2010-06-10 Addresses ways in which culture influences communication in the classroom provides teachers with information they need to meet the needs of students in multicultural classrooms This title is suitable for students scholars in instructional communication

**Interpersonal Communication in Friend and Mate Relationships** Anne Maydan Nicotera, 1993-03-24 A concentration on communication processes is essential to sorting out fundamental problems in interpersonal relationships This book provides a general theory of the role of communication in interpersonal relationships that is grounded in the rules perspective and focuses on self concept and interaction as the generative mechanisms of relationship formation and growth

The authors explore the kind of information that is exchanged in the process of initiating developing and maintaining friend and mate relationships Both types of relationships are explored in numerous cultural settings including America and American subcultures as well as Korea Nigeria Japan and China The inclusion of Nigerian culture is particularly significant because the research literature in interpersonal communication is lacking any information from the continent of Africa Implications are then considered for communication exchange across three categories of interpersonal communication culture conflict and quality

The Mate Relationship Anne Maydan Nicotera,1997-01-01 This book presents research applications of a rules theory of mate relationships of several American cultures and two non American cultures The theory is summarized in seven basic propositions several of which have been previously tested and supported The research contained here expands the depth of the work by examining attributes and levels of mateship in several American co cultures one Caribbean culture and one Asian culture and extends the breadth of the work by moving into the areas of relational quality maintenance and conflict Seven propositions presented are 1 perceived self concept support is the basis of interpersonal attraction 2 different types of perceived self concept support are the basis for different types of interpersonal relationships 3 different types of self concept support are the basis for entry into and increasing intensity of interpersonal relationships 4 the type and form of self concept support is homogeneous by culture 5 conflict which threatens self concept support on crucial relationship variables the lack of it or attacks on it is the most potentially dangerous type of conflict in interpersonal relationships 6 negotiation of differences in perceptions of self concept support on crucial relationship variables cements interpersonal relationships and 7 quality interpersonal relationships consist of intimacy personal growth and effective communication on the crucial relationship variables

**When Communication Became a Discipline** William F.

Eadie, 2021-11-05 When Communication Became a Discipline argues that speech and journalism professors embraced the concept of communication between 1964 and 1982. They changed the names of their scholarly societies and journals and revised their academic curricula. Five strands of scholarship became and remain central to this transformation. Communication is not a traditional academic discipline but its scholars convinced their colleagues to understand and embrace it. When Communication Became a Discipline presents an argument with historical evidence that illustrates scholarly creativity at its finest.

Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
