**The Social Setting of Pauline Christianity** Gerd Theissen, 2004-09-21 Recent emphasis on the social matrix out of which the early church's documents arose marks a notable turn in the path of contemporary New Testament studies. Although the terms, goals, and procedures of scholars vary considerably, there is widespread agreement that much of the interesting and innovative work in the field is that of Gerd Theissen. Four of his most formidable and sustained contributions treat Paul's correspondence with the Christian community at Corinth. Together, these four essays provide a composite picture of the social stratification at this ancient urban center and of the concrete organizational and ethical problems that that stratification engendered for the Christians' common life. A fifth essay helps to focus the critical questions of methodology that arise whenever one approaches ancient religious texts for information on issues which, to the texts themselves, are of peripheral concern. A lucid introduction by the translator and a helpful bibliography of the author's major writings round out this significant exploration and interpretation of the social world of early Christianity.

**Essays on Corinth** Gerd Theissen, John Howard Schütz, 1982

*Secular and Christian Leadership in Corinth* Clarke, 2018-12-10 This volume traces the influences of first-century Corinthian secular leadership on local church leadership as reflected in 1 Corinthians 1:6. It then shows how Paul modifies the Corinthian understanding of church leadership. By comparing secular leadership in first-century Corinthian society with leadership in the Corinthian church, it has been argued that one of Paul's major concerns with the church in Corinth is the extent to which significant members in the church were employing secular categories and perceptions of leadership in the Christian community. This volume has adopted the method of assessing the New Testament evidence in the light of its social and historical background. Both literary and non-literary sources, rather than modern sociological models, were employed in making the comparison.

To Each Its Own Meaning Stephen R. Haynes, Steven L. McKenzie, 1999-01-01 This volume introduces the reader to the most important methods of biblical criticism. It serves as an indispensable handbook for the work of students approaching biblical studies for the first time and for the professional interpreter of scripture who wants to understand the latest currents in biblical scholarship.

After the First Urban Christians Todd D. Still, David G. Horrell, 2009-11-13 *After the First Urban Christians* introduces the groundbreaking volume *The First Urban Christians* to a new generation of students, scholars, and even general readers.

*Currents in the Interpretation of Paul* Neil Elliott, 2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances. In these essays, Neil Elliott engages some of the most provocative currents in contemporary scholarship, including Paul and the nature of violence, the presumptions of religious, cultural, or national innocence in particular interpretations of the apostle, the recent enthusiasm for Paul in some streams of Marxist thought, competing constructions of economic realities in Paul's day and our own, and questions surrounding Paul's legacy today.

**The Making of Christian Morality** David G. Horrell, 2019-01-29 In this

volume David Horrell focuses on themes of community ethics and ecology in Paul moving from the concrete social circumstances in which the earliest Christian communities gathered to the appropriation of Paul's writings in relation to modern ethical challenges. Often questioning established consensus positions, Horrell opens up new perspectives and engages with ongoing debates both in Pauline studies and in contemporary ethics. After covering historical questions about the setting of the Pauline communities, *The Making of Christian Morality* analyzes Pauline ethics through a detailed study of particular passages. In the third and final section, Horrell brings Pauline thought to bear on contemporary issues and challenges using the environmental crisis as a case study to demonstrate how Paul's ethics can be appropriated fruitfully in a world so different from Paul's own.

**The Blackwell Companion to Paul** Stephen Westerholm, 2014-01-07 The Blackwell Companion to Paul presents a distinctive dual focus approach that encompasses both the historical Paul and the history of Paul's influence. In doing so, expert contributors successfully address the interests of students of early Christianity and those of Christian theology. Offers a complete overview of the life, writings, and legacy of one of the key figures of Christianity. The essays compass the major themes of Paul's life and work as well as his impact through the centuries on theology, church teaching, social beliefs, art, literature, and contemporary intellectual thought. Edited by one of the leading figures in the field of Pauline Studies. The contributors include a range of world-renowned academics.

**Corinthian Wisdom, Stoic Philosophy, and the Ancient Economy** Timothy A. Brookins, 2014-07-28 This work re-examines the divisive wisdom that Paul addresses in 1 Corinthians. Challenging the recent consensus that the Corinthians' wisdom was rooted primarily in the Greco-Roman rhetorical tradition, Timothy A. Brookins offers a revisionary thesis centered on discourse similarities between the perspective of the Corinthian wise and the Stoic system of thought. Brookins argues that several members of the church, after hearing Paul's initial gospel message, construed that message in terms of Stoic philosophy and began promoting a kind of Stoic Christian perspective that helped to precipitate divisions in the church. Being apprised of their views, Paul then exploited the Stoic discourse of his opponents in order to sustain common discursive ground. In addition to providing a fresh synthesis of the data in 1 Corinthians, Brookins brings in cutting-edge research on the ancient economy as he explores questions related to philosophical education and social status within the church community.

**Picturing Christian Witness** Stanley H. Skreslet, 2006-05-03 Christian mission in previous centuries often drew on images of imperial expansion and war While few today would describe the gospel task in such imperialistic terms have we developed appropriate alternate images to associate with the good news of Jesus Christ In *Picturing Christian Witness* missiologist Stanley Skreslet searches for new more holistic images of mission from Scripture Undertaking a novel exegetical study of mission in the New Testament he highlights five actions that depict the witness of Jesus first followers announcing good news sharing Christ with friends interpreting the gospel shepherding and building planting After carefully examining key biblical passages Skreslet draws out the implications of these five images for the theology of mission and lets each image take shape visually through an array of Western and non Western art *Picturing Christian Witness* will provoke readers to imagine what mission will look like when actively embodied by contemporary disciples of Jesus

*Thanking God Emphatically* David C. Dickenson, 2024-07-11 Is Paul being ironic when he thanks God for the Corinthians in 1 Cor 1 4 9 On one hand the apostle seems sincere as he gives thanks for God s gifting of the church On the other hand it can be hard to

trust Paul's sincerity when the very things mentioned e.g. speech and knowledge will later be associated with Paul's rebuke of the church. This book clarifies the apostle's intent. A look at rhetorical ornamentation from Paul's world reveals that he is using one of the most popular rhetorical figures of his day called emphasis. The figure allows Paul to give thanks genuinely while implicitly chiding his audience through various hints. These hints prepare for every major section of the letter and the rebukes contained within them. Intriguingly, the only two comparable thanksgivings in the letter 1:14-16, 4:18-19 also employ emphasis. These passages all reveal a subtlety that is at once sincere, critical, and even humorous. They reveal that Paul is thanking God emphatically.

**Small Christian Communities and the Parish** John Paul Vandenakker, 1994 Examines the pastoral and theological implications of North American Small Christian Community programs

**Theology and Ethics in Paul and His Interpreters** Eugene H. Lovering Jr., Jerry L. Sumney, 2017-09-12 This significant volume draws together an exceptional list of contributors to honor the life and work of Victor Paul Furnish. Doing credit to the focus and character of Furnish's career as a scholar, educator, and churchman, the individual essays and the volume as a whole have been written in a way that renders them accessible to seminary students in the classroom and that builds substantially on Furnish's own work. The book is structured in three parts: 1. Theology and Ethics in Paul, focusing on individual Pauline texts and on the broader themes, foundations, and context of Paul's theological and ethical thought; 2. Theology and Ethics in Paul's Earliest Interpreters, both in the NT and in the church, which came to accept Paul's letters as canonical; and 3. Paul in Contemporary Theology and Ethics, engaging Furnish's own work as well as that of his colleagues and students in the area of Pauline theology and ethics.

**Household Conversion Narratives in Acts** David Matson, 1996-02-01 Using features of the narrative critical method, this book offers an innovative approach to a notable phenomenon in the book of Acts: the conversion of entire households to the Christian faith. When viewed against the household mission of the seventy-two messengers in Luke, the stories of Cornelius, Lydia, the Roman jailer, and Crispus comprise a pattern of evangelistic activity that provides a common framework for their interpretation. Repetition and variation of the pattern offer important clues for the way each story functions within the wider context of Acts, opening up new lines of interpretation as well as new levels of unity/disunity between the Lukan writings.

**Women & Christian Origins** Ross Shepard Kraemer, 1999 This new collection of fourteen integrated original essays by prominent scholars and experienced teachers provides a comprehensive and accessible entree to current research on women and the origins of Christianity. Engaging for both the interested reader and the specialist in religion, *Women and Christian Origins* is sensitive to feminist theory and attentive to distinctions between the reconstruction of women's history in early Christian churches and ancient constructions of gender difference.

communal gatherings of the Christ group in Corinth His research on the social dynamics of banquet meetings in associations is thorough fresh and even striking readers will be amply rewarded by new ideas to this field Making use of a wide range of ancient literature and epigraphical and papyrological sources from associations Lee helps recover the real issues that the Christ group members encountered at their communal meal described in 1 Cor 11 17 34 boldly claiming that current scholarly approaches to these issues at the Corinthian Christ group communal meal are anachronistic Lee provides a new paradigm for thinking about early Christ movement meals and by and large early Christ movements in the first and second centuries A D
