in Context maintains its use of the Practice in Context PiC decision making framework to explore a wide range of social work services in health care settings. The PIC framework is used to cover a broad range of social work practice sites, settings, and populations over 30 case chapters. Fully updated to reflect the landscape of health care provision in the US since the Affordable Care Act was passed, the cases are grounded by primer chapters to illustrate the necessary decisional and foundational skills for best practices in social work in health settings. The cases cover working with both individuals and groups of clients across the life course, and the PiC framework helps maintain focus on each of the practice decisions a social worker must make when working with a variety of clients from military veterans to HIV positive children. The ideal textbook for social work in health care and clinical social work classes, this thought provoking volume thoroughly integrates social work theory and practice and provides an excellent opportunity for understanding particular techniques and interventions. Social Work Practice in Health Care Settings Michael J. Holosko, Patricia A. Taylor, 1992 Social Work Practice in Health Care Settings is written by social work practitioners for colleagues in health care settings. It is aimed at teaching social workers how to survive in a rapidly changing health care system. The text emphasizes the role of the social worker in a variety of health care settings with a variety of unique patient/disease groups. From community health centres to hospitals and from cancer patients to Alzheimer's victims, this book brings together for the first time the special expertise of social work in responding to various health care needs. One unique feature of this text is the emphasis on the potential for social work role development in each of the particular areas covered. With each article written in a standardized format, it is appropriate for both undergraduate and graduate courses in schools of social work as well as for social work practitioners in the field and allied health professionals.
